

It was nice to meet you yesterday. Thanks again for your time. Here is an estimate for the park cameras with 5 turret style fixed and 1 PTZ with 25X zoom. The only cost I cannot quote currently is the WiFi pieces needed to connect that building back to City Hall / PD. Univista is working on a price for that now. I did include mounting the WiFi device on the pole we will install for the PTZ camera. Here are links to the cameras in case you want to check it out.
