AN ORDINANCE AMENDING CHAPTER 107 OF THE CITY OF ROLLINGWOOD’S CODE OF ORDINANCES RELATED TO RESIDENTIAL TREE CANOPY AND LANDSCAPE MANGEMENT, PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.

WHEREAS, the City of Rollingwood is a General Law Type A City under the statutes of the State of Texas; and

WHEREAS, the Texas Local Government Code Chapter 211 provides authority to regulate land for residential purposes; and

WHEREAS, the City Council of the City of Rollingwood (“City Council”) finds that proper landscaping and tree canopies management provide critical environmental benefits, including improved air quality, reduced urban heat island effect, enhanced biodiversity, and stormwater management. The preservation and expansion of tree canopies contribute to the overall health and sustainability of urban ecosystems; and

WHEREAS, the City Council finds and determines that proper landscaping and trees play a vital role in enhancing public health and well-being by promoting mental health, providing recreational opportunities, and reducing noise pollution. The presence of mature trees and well-maintained green spaces is associated with improved quality of life for residents; and

WHEREAS, the City Council finds and declares that heritage trees, which are of significant age, size, or historical importance, represent irreplaceable cultural and historical assets. These trees contribute to the city’s identity and historical character, offering aesthetic and educational value to current and future generations; and

WHEREAS, the Comprehensive Residential Code Review Committee (the “CRCRC”) was appointed, among other issues, to study the need for amendments to the City’s tree canopy and landscape regulations in residential areas; and

WHEREAS, the CRCRC has made recommendations consistent with the amended regulations herein; and

WHEREAS, the CRCRC, the Planning and Zoning Commission and the City Council have held public meetings and/or hearings and received public input regarding the proposed amendments.

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROLLINGWOOD, TEXAS, THAT:

SECTION 1. All the above premises are hereby found to be true and correct legislative and factual findings of the City Council and are hereby approved and incorporated into the body of this Ordinance as if copied in their entirety.

38 **SECTION 2.** Code Amendment. The following sections of the Rollingwood Code of
39 Ordinances are hereby amended as follows with ~~strikethroughs~~ being deletions from the
40 Code and underlines being additions to the Code:

41 The title to Chapter 107, Division 10, Subdivision 2 is hereby deleted and amended to read
42 as follows:

43 **Subdivision 2. Residential Landscape and Tree Canopy Management**

44 **Sec. 107-369. Purpose.**

45 (a) The tree code regulations protect the health, safety, and general
46 welfare of the citizens of the city. In doing so, the appearance of
47 the city is enhanced and important ecological, cultural, and
48 economic resources are protected for the benefit of the city's
49 residents, businesses, and visitors.

50 (b) Because the city experiences frequent drought conditions, these
51 regulations are also intended to encourage low water demanding
52 landscapes (Xeriscapes) through the use of native and adapted
53 low water use plants from the Austin Grow Green Guide found
54 on the City of Austin Website. The planting of turfgrass on less
55 than 50% of the total landscaped areas, with that turf grass
56 preferably having summer dormancy capabilities such as Buffalo
57 grass, Zoysia grass, or non-seeding varieties of Bermuda grass is
58 also encouraged.

59 (c) It is the intent of these regulations that site plan and project
60 design will preserve the existing natural character of the
61 landscape and the retention of protective trees as much as
62 possible.

63 ~~(b)~~(d) The sections within this subdivision address trees in both
64 development and non-development situations and seek to
65 enhance the quality of the tree canopy and optimize the benefits
66 that trees provide.

67 ~~(e)~~(e) For development situations, additional requirements to this
68 subdivision are designated in [section] 107-376.

69 **Sec. 107-370. Applicability.**

70 This subdivision applies to property in the residential zoning
71 district and to any other property to which section 107-341 of this
72 Code does not apply.

142 adjusted grading causes or may be reasonably
143 expected to cause the tree to die; or
- 144 b. Placing fixtures over the root system to the extent
145 that the placement of the fixtures causes or may be
146 reasonable expected to cause the tree to die.
- 147 (4) Excessive pruning, including, but not limited to, pruning that
148 exceeds 25 percent of the canopy of the tree.
- 149 (f)(h) Certified City arborist means an ISA certified arborist.

157 protected tree.

158 (b) ~~If an applicant requests a variance as permitted under this~~

168 should be replaced on that lot unless a written permission is
169 submitted to the City from an adjacent lot owner to replant on the
170 adjacent lot. An applicant may satisfy a tree replacement
171 requirement by planting the required replacement tree(s) on the
172 property affected by the protected tree removal, or on one or more
173 other property(s) approved by the arborist or other designated
174 agent of the city if:

175 (1) ~~The benefit to residents of the city would be as great as~~
176 ~~replacement on the property affected by the protected tree~~
177 ~~removal; and~~

178 (2) ~~The owner(s) of such other property(s) agree in writing to~~
179 ~~maintain the replacement trees in a healthy condition and~~

188 ~~and outside of the city limits.~~

189 (f)(d) The city council shall provide for fees payable for review of
190 applications for permits and variances pursuant to this division.

191 **Sec. 107-373. Removal of protected trees.**

192 (a) A person may not remove a protected tree without a tree removal
193 permit for the removal and compliance with the terms of this
194 subdivision.

195 (1) During removal of protected trees the tree removal permit
196 shall be displayed on the construction board for the site in
197 present or otherwise displayed on a sign within the first
198 five feet of the front yard ~~setback~~ and if the house is not
199 under construction the permit for tree removal shall be
200 placed on the dashboard of the permitted vendor's vehicle.

201 (2) Removal of a Heritage tree is prohibited unless a Heritage
202 Tree Removal Special Exception is granted by the Board
203 of Adjustment upon a finding that: (i) all reasonable efforts
204 have been made to avoid removing the tree, (ii) the
205 location of the tree precludes all reasonable access to the
206 property or all reasonable use of the property, and (iii)
207 removal of the tree is not based on a condition caused by
208 the method or design chosen by the applicant to develop
209 the property. A Heritage Tree Removal Special Exception
210 provided for in this code will not be required for Heritage
211 Trees removed from the proposed building footprint area
212 but are subject to the tree removal permitting and
213 replacement regulations provide for in this Code.

214 (b) Emergency pruning or removal. Notwithstanding subsection 107-
215 373(a), a person may perform emergency pruning or removal of
216 a protected tree as follows:

217 (1) When the condition or location of a protected tree presents
218 a clear and immediate danger to a structure or to the health
219 and safety of the public, the hazardous portion of the
220 protected tree may be removed without first obtaining a
221 required tree removal permit.

222 (2) In the course of performing emergency repairs to a road or
223 water, wastewater, or drainage facilities, agents or

225 protected tree as required to perform such work without first
226 obtaining a tree removal permit. If such activities occur
227 during normal business hours, the city shall first attempt to
228 contact the ~~city arborist~~ City Development Officer to
229 determine if the ~~city arborist~~ City Development Officer can
230 provide immediate guidance and assistance. If such
231 assistance is not immediately available, then the pruning or
232 removal may occur in accordance with the requirements
233 under chapter 18, article V of this Code.

234 (3) Any person who prunes or removes a protected tree under
235 the provisions of this subsection shall, within 14 days of
236 such action or as soon as practicable if there is a coinciding
237 declaration of a state of emergency in the city, apply for a
238 tree removal permit providing for replacement trees as
239 required by this subdivision. The application shall include
240 photographs or other documentation to demonstrate the
241 requisite clear and immediate danger. The ~~city arborist~~ City
242 Development Officer will evaluate the information to
243 determine whether a clear and immediate danger existed. A
244 failure to submit an application or a failure to submit
245 information demonstrating the clear and immediate danger
246 shall constitute a violation of this subdivision.

247 (c) The requirements of this subdivision apply to trees on public and
248 private property. To the extent of conflict with another section of
249 the Code, this subdivision applies.

250 **Sec. 107-374. Application for protected tree removal and tree removal**

256 property, a right-of-way or a public easement may be submitted
257 by:

258 (1) An agent of the city, a public utility, or another political
259 subdivision with the authority to install the public facilities
260 and perform the work necessitating the removal of the
261 protected tree; or

262 (2) The owner of the property adjoining the site of the protected
263 tree.

264 (c) An application for removal of a protected tree on private property
265 may be submitted by or on behalf of the owner of the property on
266 which the tree is located.

267 (d) An application for removal of one or more protected tree(s) must
268 be submitted to the city secretary and approved prior to removal
269 of the protected tree. If the application is approved as provided
270 for in this subdivision, a permit shall be issued indicating each
271 protected tree that is approved for removal and indicating the
272 location(s) and size(s) of any required replacement trees and the
273 dates by which replacement trees must be planted.

274 (e) An application that proposes removal of a protected tree shall
275 include the required permit application fee.

- 276 (f) An application for removal of a protected tree shall include any
277 proposal for type(s) and location(s) of replacement trees on a site
278 plan of affected property(s).
- 279 (g) A permit for removal of a protected tree expires on the earlier of
280 either two years after its effective date, or upon removal of the
281 protected tree except that if any building permit issued for the
282 associated property expires or is revoked for any reason, the
283 permit for removal of a tree shall be revoked as well. Subject to
284 applicable expiration, a permit for removal of tree(s) is
285 transferable to a subsequent owner of the affected property,
286 provided that any obligation in the permit with respect to
287 replacement trees is assumed by the transferee.

288 **Sec. 107-375. Conditions for approval.**

- 289 (a) If the protected tree is located within a yard line and property line
290 setback area and the total width of the setback area within the
291 yard line and the property line is ~~greater than~~ ten feet or greater
292 from the edge of a property, the protected tree shall be replaced
293 with a total of three replacement trees that may include a selection
294 of replacement trees under subsections 107-371(d)(1) and (d)(2),
295 and shall include at least one replacement trees under subsection
296 107-371(d)(2).
- 297 (b) If the protected tree is not located within an area specified in
298 subsection 107-375(a), the protected tree shall be replaced by one
299 replacement tree under either subsection 107-371(d)(1) or
300 subsection 107-371(d)(2).
- 301 (c) ~~If the protected tree trunk straddles an area specified in subsection~~
302 ~~107-375(a), the protected tree is deemed to be in the area~~
303 ~~specified in subsection 107-375(a) if more than half of the~~
304 ~~diameter of the tree is within the area specified in subsection 107-~~
305 ~~375(a). If a protected or heritage tree straddles the boundary~~
306 ~~between the yard and buildable area, it shall be considered~~
307 ~~removed from the yard area if 25% or more of the trunk diameter~~
308 ~~is in the yard area.~~
- 309 (d) If the ~~city arborist~~ City Development Officer determines under
310 subsection 107-373(b)(3) that an emergency existed at the time
311 of removal that necessitated expedited removal or an applicant
312 provides documentation from a ~~certified arborist~~ City
313 Development Officer that a protected tree is diseased, dead, or
314 poses an imminent or immediate threat to persons or property due
315 to natural causes only and the protected tree falls under
316 subsection 107-375(a), the city arborist may reduce the
317 replacement tree requirement to one replacement tree under either
318 subsection 107-371(d)(1) or subsection 107-371(d)(2).

- (e) If the ~~city arborist~~ City Development Officer determines that an applicant provides sufficient documentation from a certified arborist that a protected tree is diseased, dead, or poses an imminent or immediate threat to persons or property due to natural causes only, and also not as a result of intentional bleaching, root cutting, or pruning more than 25 percent of the canopy, and that the certified arborist has documented at least two prior actions performed by the certified arborist within the previous three years to mitigate the condition, the ~~city arborist~~ City Development Officer may reduce or waive the replacement tree requirement for the protected tree and reduce or waive the tree replacement application fee.
- (f) If a protected tree is required to be removed under section 18-209, the ~~city arborist~~ City Development Officer may reduce or waive the replacement tree requirement for the protected tree and reduce or waive the tree replacement application fee.
- (g) The mayor may act to waive the replacement tree requirement under this subsection 107-374(d) for a storm event, wildfire or other calamity that causes widespread or costly damage to multiple protected trees throughout the city.
- (h) For a permit filed with an application for development of any improvements or structures, if the density of protected trees in an area described in subsection 107-375(b) is greater than seven protected trees, the number of replacement trees required under subsection 107-375(b) for a removal from such area is capped at seven replacement trees, at least three of which shall meet the requirements of subsection 107-371(d)(2).
- (i) If a protected tree has a trunk on a first property and CRZ roots and canopy that extend into a second property, the owner of the second property is required to obtain a tree removal permit for removal of the protected tree prior to performing any actions that constitute removal under subsection 107-371(e) on the second property. For purposes of determining removal under this subsection for 107-371(e), damage to the root system is assessed within the area that is a number of feet in diameter from the outer edge of the tree trunk at four and one-half feet from the ground based on a ratio of one foot for each inch of diameter of the tree trunk. If the actions by the owner of the second property as to the protected tree trigger a requirement for the owner of the first property to apply for a tree removal permit for the protected tree, the application review fee as to the protected tree on the first property is waived.
- (j) Replacement of a Heritage Tree removed from a yard area or a proposed a building footprint area must be replaced with one tree

363 6 inches in diameter, or more, for every 12 inches in diameter of
364 the removed tree. For example: 24 inches = 2 six-inch diameter
365 trees, 36 inches = 3 trees, etc. to be replaced. An exception to
366 these mitigation requirements may be granted by the City
367 Development Officer, after consulting with the City Arborist, and
368 with the approval of the Zoning Board of Adjustment if the
369 applicant demonstrates: (1) the existing tree canopy would
370 prohibit the growth of these replacement tree(s); or (2) the
371 required replacement trees to be installed would have to be
372 planted under the canopy of an existing tree.

373 **Sec. 107-376. Development application requirements.**

374 (a) An application for a building permit must:

375 (1) Include a tree survey and protection plan of all existing
376 trees on the property that are at least 12 inches in diameter
377 measured four and one-half feet above the ground;
378 including an indication of the CRZ of these trees.

379 (2) Include a grading and tree protection plan for protecting
380 all protected trees that are not approved for removal; The
381 protection plan submitted for these trees to include
382 evidence that sufficient care must be demonstrated to
383 ensure survival of these protected trees, including
384 adequate watering before, during and after construction
385 until a certificate of occupancy is granted.

386 (3) Demonstrate that the design will preserve the existing
387 natural character of the landscape as to any protected trees
388 not approved for removal; and

389 (4) Include a tree removal permit application with required
390 fees for review of each proposed removal of a protected
391 tree.

392 (b) ~~The building official~~ City Development Officer may not release
393 or renew a building permit until ~~the city arborist issues~~ a tree
394 removal permit for each protected tree proposed to be removed
395 has been issued.

396 **~~Sec. 107-377. Administrative variance.~~**

397 ~~(a) The city council may grant an administrative variance from the~~
398 ~~requirements of this division if the city council determines by a~~
399 ~~simple majority that owing to special conditions pertaining to the~~
400 ~~affected property, literal enforcement of the provisions of this~~
401 ~~division will result in unnecessary hardship, and the granting of~~
402 ~~the variance will not be contrary to the public interest.~~

- 403 ~~(b) In considering any proposed variance, the following rules shall~~
404 ~~be observed:~~
- 405 ~~(1) The applicant for the variance must present to the city council a~~
406 ~~set of plans prepared by a certified arborist setting out the~~
407 ~~applicant's proposal and the nature of the proposed variance;~~
- 408 ~~(2) The proposed variance may not unreasonably affect any~~
409 ~~adjoining property or the general welfare of the community; and~~
- 410 ~~(3) The city council must find that the applicant did not create the~~
411 ~~condition necessitating the variance.~~
- 412 ~~(c) If the city council grants a variance under this subdivision, the~~
413 ~~city arborist may issue a tree removal permit with terms~~
414 ~~consistent with any terms and conditions of the granted variance.~~

415 **Sec. 107-3778. Replacement procedure.**

- 416 (a) Whenever replacement trees are required by the terms of this
417 subdivision, the owner shall submit to the ~~city arborist~~ City
418 Development Officer for approval a replacement site plan
419 showing the locations, species and sizes of all replacement trees
420 and vegetation for final approval by the ~~city arborist~~ City
421 Development. If during installation, the owner is unable to
422 conform to the approved replacement site plan because
423 conformance is not feasible due to subsurface conditions that
424 could not reasonably have been foreseen that make the viability
425 of the tree in the planned location unlikely, then the owner must
426 submit an amended site plan to the ~~city arborist~~ City
427 Development Officer within seven days of the discovery of
428 unforeseen subsurface conditions for approval by the ~~city arborist~~
429 City. An amended site plan must provide for no fewer
430 replacement trees or cumulative size of replacement trees than
431 provided in the originally approved replacement plan.
- 432 (b) Installation of the replacement trees must be completed within
433 the time period designated by the ~~city arborist~~ City Development
434 Officer in the tree removal permit, however, in no event will the
435 time period be longer than one year, however this time period is
436 abated while a property is under construction where replacement
437 trees are required.
- 438 (c) The owner shall notify the ~~city arborist~~ City Development Officer
439 upon completion of the installation. If more than one protected
440 tree has been replaced, the city arborist may then inspect for
441 compliance with the approved replacement plan.
- 442 (d) All replacement trees must survive at least three years. The City
443 Development Officer shall track all replacement trees, so that at
444 three years post planting, their survival and health can be

445 assessed, consulting with an arborist if necessary. The city
446 arborist City Development Officer may contact the owner during
447 this three year period to arrange for a site visit ~~by the city arborist~~
448 in order to confirm the replacement trees have survived.
449 Replacement trees that do not survive for three years must be
450 removed and replaced with similar species and sized trees.

451 (e) The owner of property from which the removal of one or more
452 protected trees was permitted shall arrange for the transferee(s)
453 of such property to submit to the city secretary a written transfer
454 to and assumption by such transferee(s) of the permit and all
455 obligations of such permit with respect to required replacement
456 trees, if all such obligations have not been satisfied at the time of
457 transfer of the property.

458 (f) For protected trees removed from within 20 feet of an above-
459 ground power, cable, or telephone line the species selected from
460 Sec 107-371 c (1) may be used for replacement.
