9 7. As noted in "II. Description of Athletic Facilities", the Fields 3, 4, and 5 serve as a mixed-  
10 use off-leash dog park during times when no organized sports are occurring on the fields. The  
11 Master Plan for Rollingwood Park includes a separate "Pet Off Leash" area (shown in  
12 Attachment B), which if implemented, would provide an alternative location for pets to be off-  
13 leash during all park hours. Identify any alternatives to the details proposed in response to  
14 paragraphs 1-6: (i) in the event that the separate "Pet Off Leash" area is implemented with  
15 mixed use of Fields 3, 4, and 5 during times when no organized sports are occurring on the  
16 fields; and (ii) in the event that all off-leash options at Rollingwood Park are moved to the  
17 separate "Pet Off Leash" area.

18  
19 8. Identify proposed capital investments that align with the City of Rollingwood's Park
