Agenda Item:

Discussion and possible action on a resolution to reimburse the City for funds used on the Landscape Architect for the Park (FY 2026).

Description:

The Landscape Architect for the Park (FY 2026) project has not yet been completed, as Sitio Design is still working closely with the Park Commission and staff on the designs for improvements to the parking lot and off-leash area. Improvements include landscape design for the improvements, including topographical survey and landscape architect drawings. The Rollingwood Community Development Corporation (RCDC) has discussed and, through RCDC Resolution 2025-10-20-06, approved this project. This proposed City of Rollingwood resolution will allow RCDC funds to be used to reimburse the city for its expenses on the project.

Action Requested:

To approve the proposed Resolution which will reimburse the City for funds used and to be used on the project.

Fiscal Impacts:

This item, if approved, will cost RCDC up to \$20,000, and provide an equal amount in revenue to the City
