Dear Amber & Council,

Please accept this letter effectively resigning me from my position on RCDC. We have accomplished much over my three-year tenure, including an emphasis on proper statutory compliance, a refocusing on the EDC as an economic tool for business development in the city, a branding initiative, a comprehensive study of our retail corridor, and most recently, a COVID-19 Relief grant program. I am confident that the highly skilled Board will continue this trend of results-oriented, return-driven work. It has been an honor serving the community in this capacity, and I thank you, my fellow directors, and the city for allowing me the opportunity.

Best regards,

Mike Dyson
