

Tree Canopy Ordinance:

Staff Suggestions for Amendments

1. If a property owner or resident can provide evidence of disease mitigation by a licensed arborist, and the removal of that tree is still required after treatment, the fee for tree removal shall be \$35.00. The tree must be replaced with a species from the replacement list, but the size requirement shall be 2".
2. All species of trees with diameters greater than 12" shall be included on tree surveys.
3. Tree removal permits must be posted on site, either on the construction board if the property is under active permit, or in the dashboard of contractor's vehicle, if the property is not under construction.
