

## **Agenda Item Summary Sheet**

**City of Rollingwood Meeting Date:** September 21, 2022

**Submitted by:** Council Member Robinson

**Agenda Item:** Discussion regarding the City's current building inspection and survey requirements pertaining to new residential construction projects.

**Description:**

This item is requested to provide an opportunity for Council to discuss the current building inspection and survey requirements for new residential construction projects, and how these requirements are being used to ensure projects are built in line with our development code. Specifically, I would like to discuss building setbacks and what steps are taken before a slab is poured to ensure proper location.

**Action requested:**

Discussion only.
