## Discussion topics from Sep 20, 2023 City Council Meeting

- Council members' discussion related to proposal to clarify ordinance 107-35
  - "Should there be further investigation into the pickleball noise issue?"
  - "Is this [pickleball noise issue] something the city needs to tackle or accept?"
  - "We need to get comment from residents"
  - "Is the noise issue something we should have the CRCRC look at as part of land use and residential zoning issues?"
  - Paraphrasing is there a real difference in pickleball noise vs. other court sports?

### **Sport Courts**

#### • Pickleball noise:

- 1. is a well-documented nuisance with evidence concerning the volume & pitch (references follow)
- 2. *is* substantially louder than other court sports (tennis, basketball)
- 3. devalues adjacent properties and is a source of lawsuits to try to protect property values
- 4. is a source of neighbor tension

### Private residence sport court usage needs city regulation to ensure:

- 1. Reasonable start/stop times and duration of play
- 2. Sensible court use restrictions:
  - a) is it acceptable to have a private club with 50+ members using a residential sport court facility on a daily basis?
  - b) is it acceptable to convert one residential tennis court into four pickleball courts where 16 people play simultaneously?
  - c) is 6:30am 5 days a week (M-F) a reasonable start time?

# Pickleball Noise Issues: Why is it a Problem & What Can be Done to Overcome?

https://racketsportsworld.com/pickleball-noise-issues-why-is-it-a-problem-what-can-be-done-to-overcome/?expand article=1

- pickleball average sounds [are] around 70 dBA. This scale of sound measurement, is a <u>weighted decibel scale</u> which gives the relative loudness of sounds in air as perceived by the human ear.
- Tennis, for instance, gives out 40 dBA sounds, which makes it eight times softer than pickleball sounds
- Loudness is just one component. Another is frequency, also known as pitch. Higher frequencies can sound higher and sharper.

# Shattered Nerves, Sleepless Nights: Pickleball Noise Is Driving Everyone Nuts

The New York Times Andrew Keh June 30, 2023 <a href="https://www.nytimes.com/2023/06/30/sports/pickleball-noise-complaints-lawsuits.html">https://www.nytimes.com/2023/06/30/sports/pickleball-noise-complaints-lawsuits.html</a>

- Noise Pollution: America's fastest growing sport has also become one of its biggest nuisances. <u>Pickleball's ceaseless</u> staccato has fueled fights and even lawsuits.
- Bob Unetich, 77, a retired engineer and avid pickleball player, one of the foremost authorities on muffling the game:

"pickleball whacks from 100 feet away could reach 70 dBA, similar to some vacuum cleaners, while everyday background noise outside typically tops off at a 'somewhat annoying 55'."

- sounds were even dissected last month at <u>Noise-Con 2023</u>, the annual conference of North American noise control
  professionals, which featured an <u>opening-night session called "Pickleball Noise."</u>
- [In addition to ball/paddle-strike noise]... the **court is small enough** that all four people playing doubles **can chat** and trash talk at their leisure.

# Pickleball has a noise problem. He's trying to fix it

NPR.org Mia Venkat, Tinbete Ermyas June 9, 2023 <a href="https://www.npr.org/2023/06/09/1181246866/pickleball-noise-problem-courts-bats-play">https://www.npr.org/2023/06/09/1181246866/pickleball-noise-problem-courts-bats-play</a>

- Before he was a pickleball lover, Unetich was an engineer. And when it comes to the noise problem, he gets it.
- "You can't take pop, pop, pop for 12 hours a day every day and remain sane," he told NPR.
- Pickleball is, like, the worst of both worlds. You know, it's loud, and it's high-pitched
- "And with that explosion [in growth of the game's popularity] came the lawsuits..."

# Pickleball is exploding nationwide, but it all starts at home

Austin American-Statesman Cedric Golden Sun, Jul 9, 2023 https://tinyurl.com/46fpam3a

- "They have gathered to play pickleball, but two hours at Corky Logue's courts reveal something deeper.... a
  beautiful grouping of four courts and the sound of paddles whacking..."
- "meet each day at his home to play on his four pickleball courts"
- "Logue's circle of friends is approaching 60 members. He dutifully provides a weekly schedule for his four courts, and no-show will surely hear from the leader."
- "painting, repaving and new nets came at a cost of \$11,000"
- "More than 50 people formed a private pickleball club that plays daily at locations in Westlake, Rollingwood and Bee Cave."

# 3016 Hatley - Tennis Court circa 2016 (spring)

- No pickleball courts
- Occasional **tennis** usage only

# 3016 Hatley - Tennis & Pickleball Courts 2022 (winter)

- Tennis + 2 pickleball courts
- Daily private pickleball club usage

## 3016 Hatley - Tennis & Pickleball Courts 2023

- 4 pickleball courts
- Daily private pickleball club usage
- photo taken from Austin American Statesman feature article (July 7, 2023)

### Request to City Council and/or appropriate committees

- Recognize that pickleball noise is a distinct/unique problem
- Clarify existing noise ordinances or author noise ordinance updates that provide clear rules for sensible sport court usage
- Codify usage rules or enforce existing rules that strike a reasonable balance between owners' sport court use/enjoyment and neighbors' rights not to be confronted with a nuisance
- Codify rules or enforce existing rules that support the fact that residential sport courts are not intended to be a membership or club use facility. There's a difference between reasonable friends & family usage and league or club usage of a residential sport court.
