

AGENDA ITEM SUMMARY SHEET

City of Rollingwood

Meeting Date: March 25, 2026

Submitted By:

Staff

Agenda Item:

Consideration and possible action on approval of a Water Conservation Plan and a Drought Contingency Plan

Description:

In August 2024, City Council adopted Resolution 2024-08-21-09, which authorized the Mayor to engage in discussions with LCRA to secure water rights for 500 acre-ft/year, including preparation of the required LCRA permitting forms and attachments. Two of those exhibits required updates to the City's Water Conservation Plan and Drought Contingency Plan, the current versions of which can be found under Divisions 2 and 3, respectively, of Article II of Chapter 103 of the City's Code of Ordinances.

This item allows Council to review, approve, and adopt updated Water Conservation and Drought Contingency Plans, as prepared by the City's engineer, and with watering days corrected to align with the City's existing watering schedule. Mayor Pro Tem Hutson has thoroughly reviewed each of the plans.

Action Requested:

To approve Ordinance 2026-03-25-06, and its attached Water Conservation and Drought Contingency Plans.

Fiscal Impacts:

This item has a minor cost associated with it, for the publication of the ordinance caption. That expense is able to be borne by currently budgeted funds.

Attachments:

- Complete, Clean, Version of Proposed Ordinance 2026-03-25-06, with:
 - Exhibit "A" (Water Conservation Plan); and
 - Exhibit "B" (Drought Contingency Plan).
