

Zoning Board of Appeals Meeting of September 9, 2026

Application No. ZBA 2026-014

Applicant: Yaunke Investments, LLC

Location: 5714 and 5724 Elevator Road (04-28-453-005 & 04-28-453-022)

Requested Action: Approval of a Lot Combination

Existing Use: 5714 Elevator: Gravel lot with a storage building
5724 Elevator: Restaurant

Proposed Use: Restaurant use with a building and parking lot expansion

Existing Zoning: CG, General Commercial District

Proposed Zoning: CG, General Commercial District

Adjacent Zoning: North: UT, Urban Transitional District
East: CG, General Commercial District
South: CG, General Commercial District
West: UT, Urban Transitional District

Request: The applicant is requesting approval to combine two separate lots into one larger lot.

Background: The applicant purchased the lot adjacent to and west of the existing Perito's Pizzeria several years ago with the intent of expanding the restaurant and providing additional parking. An existing residence on the lot was demolished to accommodate these long-term development plans. As part of the anticipated expansion, the applicant proposes to extend the restaurant building across the existing property line separating the two lots. Consolidating the parcels is therefore a necessary step in advancing the applicant's long-term plans for the site.

Review: Pursuant to Section 15-282 of the Subdivision Code, newly created lots are required to comply with all applicable requirements of the Subdivision Code. Section 15-513(d), Lot Combinations, further provides that two or more lots may be combined into a single lot only when the properties are located within the same zoning district and the resulting lot complies with all applicable bulk regulations of the zoning district in which the property is located.

The eastern parcel contains an existing one-story, 3,483-square-foot commercial building with access from Elevator Road and a 10-foot-wide sanitary sewer easement along the eastern property line. The western parcel contains an existing storage building. Both parcels are zoned CG, General Commercial, and the existing structures meet or exceed the required setbacks.
