Last meeting minutes approved as presented

OLD BUSINESS

1. Signage-Signage project has been tabled until roads and right of ways are addressed.
2. Right of Way and Street Assessment-Amy has attached a quote for right of ways, still awaiting street assessment and quotes from two possibly three paving/construction companies. Also will be reaching out to Lawyer for pinning down right of way demarcation clarification. The quote that was presented was accepted. Goode made a motion to accept, Piper seconded. Amy reminded them this will begin in the winter. This expense will come from Street Department line items and will be applied to Powell Bill expenditures.

   Street assessment bidding is underway, with one of the 4 parties already responding. She will be following up as we go forward. Nick filled in that most asphalters won't pave during winter.
3. Food Truck Palooza-Updates from Jenny and David will be provided.

   David reached out to several food truck owners; some were already committed for the proposed date. He reached out to get quotes for handicap accessible porta potties as well as non handicap facilities 4 total 2 of each. Jenny had gotten in touch with one food truck owner who also had already committed that date. Jenny hasn't started on flyers as they don't have commitment's yet.
4. Trail Kudzu-Pesticides and herbicides had to be ordered. They arrived yesterday and the area is being treated today. Our landscapers have sprayed and removed the Kudzu from the trail and the fencing.

COMMITTEE REPORTS

5. Financial Reporting-Reports will be reviewed.

   Financial reports were reviewed with no amendments necessary. Amy highlighted insurance was paid completely and is still awaiting the invoice for fire protection.
