

REQUEST FOR CITY COUNCIL ACTION

Meeting Date: August 18, 2020

AGENDA ITEM NO.	ORIGINATING DEPARTMENT:	PRESENTED BY:
	Community Development	Bill Almquist

ITEM:

Approval of Ordinance 2020-10: An ordinance to rezone an approximately .17 ac parcel located at the southwest intersection of East Crestone Avenue and West Third Street from Single-Family Residential (R-1) to Medium-Density Residential (R-2); on second reading.

REQUEST:

The request is to approve the rezoning of an approximately 7,405 sf (.17 ac) parcel, legally described as PT Lot 4-6 Strip C of Eddy Brothers Addition, Salida, Chaffee County Colorado, from Single-Family Residential (R-1) to Medium-Density Residential (R-2).

APPLICANTS:

City of Salida- 448 E. 1st Street, Salida, CO 81201 (owner and applicant); Chaffee Housing Trust- P.O. Box 692, Buena Vista, CO 82111 (co-applicant).

LOCATION:

The subject parcel is located at the southwest intersection of East Crestone Avenue and West Third Street.

Vicinity Map

Zoning Map

BACKGROUND:

City Council has identified the need for affordable housing (as stated in the 2016 Chaffee County Housing Needs Assessment) as one of its priority issues to address. That priority was reaffirmed as recently as this spring's Council retreat, and staff has been working to implement such actions.

REQUEST FOR CITY COUNCIL ACTION

Meeting Date: August 18, 2020

AGENDA ITEM NO.	ORIGINATING DEPARTMENT:	PRESENTED BY:
	Community Development	Bill Almquist

On July 16, 2019, Council directed staff to begin discussions with the Chaffee Housing Trust (CHT) regarding the potential transfer of City-owned property for the purpose of developing affordable housing units. Following this direction, staff began working with CHT to look at the feasibility of utilizing City-owned land at the intersection of E. Crestone Ave and W. Third St. On October 15, 2019, Council directed staff to initiate applications for the rezoning of the subject parcel which abuts E. Crestone Avenue, as well as the vacation of a portion of the E. Crestone Avenue right-of-way. The aim was to create a contiguous parcel with one common zoning designation that could be used to create affordable housing units. CHT and staff then began working to develop a concept plan for the potential future parcel that could accommodate up to five primary residential units, plus one ADU, as allowed by code.

The applications for the vacation of right-of-way and rezoning were submitted on February 6, 2020. On March 4, 2020, the City of Salida and Chaffee Housing Trust hosted a meeting for neighbors and other interested parties at the Scout Hut to present ideas and hear input from residents regarding the potential project. Neighbors' concerns and questions included whether there's an actual need for affordable housing, the potential impact to property values, the potential loss of vehicular access to/from Crestone Mesa, costs to the public, and potential increases to existing traffic, among others. A few attendees expressed some support for the project. Notes from that meeting are included in the packet, and some of the input factored into the eventual concept design that is attached to this report.

On March 16, 2020, City Council and Planning Commission held a joint conceptual review of the applications and potential project, to ask questions and provide feedback. Following a couple of postponements due to various factors, including the request of neighbors, COVID-19 restrictions, and the need for additional information regarding site design and adjacent street improvements, the subject application went in front of Planning Commission for a public hearing and recommendation on June 22, 2020. Their recommendations are included at the end of this report.

OBSERVATIONS AND COMMENTS:

1. The City of Salida owns the subject parcel, as well as the smaller triangular-shaped parcel (zoned R-2) directly across E. Crestone Ave. Both parcels are vacant.
2. The properties immediately surrounding this parcel to the northwest, north, east, and southeast are located within the Medium-Density Residential (R-2) zone district. Properties to the west and south (on the mesa above) are zoned Single-Family Residential (R-1). The surrounding R-2-zoned areas are characterized by a mix of single-family residences, duplexes, and

Looking south from W Third and M Streets at the subject property (beyond the white stones)

REQUEST FOR CITY COUNCIL ACTION

Meeting Date: August 18, 2020

AGENDA ITEM NO.	ORIGINATING DEPARTMENT:	PRESENTED BY:
	Community Development	Bill Almquist

multi-family residences. The Chaffee County jail and office buildings are located a half-block to the southeast.

3. The applicant has also submitted a separate application requesting a right-of-way vacation for the portion of E. Crestone Ave between the two City-owned parcels, with the purpose of consolidating the two lots into a single development site. It should be emphasized, however, that the lot rezoning request is independent from the vacation of right-of-way request. The City of Salida has expressed interest in potentially making the site available for an affordable housing development and is working with the Chaffee Housing Trust (CHT) towards that end, per the guidance of the Comprehensive Plan and the Salida Strategic Housing Plan. A copy of CHT's latest conceptual site plan is attached to this report, for reference. However, no specific development plan is currently being proposed, nor does approval of this rezoning request guarantee any sort of transfer of property.

REVIEW STANDARDS FOR MAP AMENDMENTS [Section 16-4-210(c)]:

1. **Consistent with Comprehensive Plan.** The proposed amendment shall be consistent with the Comprehensive Plan.
 - The Comprehensive Plan's Policy LU&G-I.1 states that "New development within the city shall make the most appropriate use of the land using design standards that enhance and complement the historic built environment of the city." The accompany Action Item LU&G-I.1.a. specifically directs the City to: "Amend Salida's Land Use Code and Zoning Map to advance the objectives of this plan and consider appropriate zoning designations, densities and overlays that utilize setbacks and promote the traditional historic built environment."
 - Rezoning this property from its current Single-Family Residential (R-1) status to Medium-Density Residential (R-2) will advance the objectives of the Comprehensive Plan by making the zoning of this parcel consistent with surrounding R-2-zoned parcels to the north, east, and southeast. A look at the City's Zoning Map shows the subject parcel surrounded on three sides by other properties zoned R-2 along W. Third Street. This parcel is very similar to the surrounding R-2-zoned parcels insofar as its size, topographical location (on the slope below Crestone Mesa) and accessibility to E. Crestone Avenue, W. Third Street, and M Street. It is distinct from the R-1-zoned properties immediately to the west due to its location below the mesa and its lack of access to Crestone Ave.
 - Policy LU&G-I.2 states that "Infill and redevelopment should be encouraged and will advance the objectives of this plan."

REQUEST FOR CITY COUNCIL ACTION

Meeting Date: August 18, 2020

AGENDA ITEM NO.	ORIGINATING DEPARTMENT:	PRESENTED BY:
	Community Development	Bill Almquist

- Rezoning this property from R-1 to R-2 would further encourage infill and redevelopment, thereby advancing the objectives of the Comprehensive Plan.
- Policy H-I.1 also directs the City to “Provide a mix of housing types and densities throughout the city to address a variety of incomes and lifestyles.”
 - As further discussed in Standard #2 below, rezoning the subject property to Medium-Density Residential (R-2) would allow for a greater variety of potential housing types on the property, all of which would be comparable to other housing types already seen in the immediate vicinity (i.e. single-family, duplex, etc.).

Given the policy directions cited above, staff finds that the request is consistent with the Comprehensive Plan.

2. **Consistency with Purpose of Zone District.** The proposed amendment shall be consistent with the purpose of the zone district to which the property is to be designated.

- Per Sec. 16-4-70(2), “The purpose of the Medium-Density Residential (R-2) zone district is to provide for residential neighborhoods comprised of detached single-family dwellings, duplex dwellings, and multi-family residences on smaller lots than are permitted in the Single-Family Residential (R-1) zone district, allowing for slightly greater overall densities. Complementary land uses may also include such supporting land uses as parks, schools, churches, home occupations or day care, amongst other uses.”

Staff finds that the proposed amendment is consistent with the purpose of the R-2 zone district, as the intent is to result in a lot that could provide a greater variety of potential housing and density—such as those which already exist on the adjacent lots to the southeast, lots across W. Third St., and other locations less than a block away.

3. **Compatibility with Surrounding Zone Districts and Uses.** The development permitted by the proposed amendment shall be compatible with surrounding zone districts, land uses and neighborhood character.

- As mentioned before and shown in the zoning map provided above, the subject property is bordered by Medium-Density Residential (R-2) zoned properties to the northwest, north, east, and southeast. Single-Family Residential (R-1) properties are located to the west and south, primarily on the mesa. The parcel is most similar both topographically and

REQUEST FOR CITY COUNCIL ACTION

Meeting Date: August 18, 2020

AGENDA ITEM NO.	ORIGINATING DEPARTMENT:	PRESENTED BY:
	Community Development	Bill Almquist

geographically to R-2-zoned parcels insofar as it is below Crestone Mesa and accessible to E. Crestone Avenue, W. Third Street, and M Street. The Salida Land Use Map from 1963 (portion attached to this report) took into account the topographical distinction of properties in this area and had designated the portion below Crestone Mesa, along W. Third St. between L and O Streets as “Multi-Family Residence (R-3).”

- The uses afforded by the proposed rezoning would include the same types of development that are seen on other R-2-zoned lots within a block radius of the subject property, including a mixture of single-family, duplexes, and multi-family residences. There are single-family condominiums directly across W. Third St. (at the corner of M St), and duplex condos/buildings immediately to the southeast on both sides of W. Third Street. Multi-family residences also exist less than a block away near the intersection of E. Crestone and Crestone Avenues (see map below).

View of duplex buildings adjacent the subject property (view looking northwest)

View of duplex building immediately east of the subject property, across W. Third St.

View of single-family homes across E. Crestone Ave & W. Third St. from the subject property

View of multi-family homes at top of E. Crestone Ave.

- Duplexes
 - Condominiums
 - Multi-family apartments
- (Remainder are single-family dwellings)

REQUEST FOR CITY COUNCIL ACTION

Meeting Date: August 18, 2020

AGENDA ITEM NO.	ORIGINATING DEPARTMENT:	PRESENTED BY:
	Community Development	Bill Almquist

- Though there is no formal agreement between parties, nor has any specific development plan been officially proposed, the City of Salida is in discussions with the Chaffee Housing Trust (CHT) to determine the feasibility of an affordable housing project in this location. The most recent conceptual plan provided by CHT envisions a development on the subject lot and the other City-owned lot to the north, as well as the portion of E. Crestone Ave. in between (which would be dependent upon a vacation of that portion of right-of-way, separate from this application). The conceptual plan included at the end of this report shows a mix of three single-family homes (one with an attached ADU) and one duplex building spaced out similarly to homes directly across W. Third Street. CHT's concept elevations, also included, show homes that would mimic the surrounding roof styles and that would address W. Third Street in a manner similar to other homes on the block. Any such development would also require a future Limited Impact Review process that is separate from this application.

Staff finds that the development permitted by the proposed amendment to Medium-Density Residential (R-2) zoning will be compatible with surrounding zone districts, land uses and neighborhood character.

4. **Changed Conditions or Errors.** The applicant shall demonstrate that conditions affecting the subject parcel or the surrounding neighborhood have changed, or that due to incorrect assumptions or conclusions about the property, one (1) or more errors in the boundaries shown on the Official Zoning Map have occurred.

- The subject parcel has over time become surrounded on most sides by R-2-zoned lots. The lots immediately to the southeast of the subject parcel (Lots 3 & 4 of the Chavez Minor Subdivision) were created via subdivision in 2006 and approved for a rezoning from Single-Family Residential (R-1) to Medium-Density Residential (R-2) that same year (see attached below). The subject parcel, along with the other smaller City-owned parcel across E. Crestone Ave. share much in common with those adjacent lots that were rezoned to R-2, including topography and access to W. Third St. Through the years, these neighboring lots, as well as several other lots in the vicinity, have developed with a variety of homes that reflect the development standards of the R-2 zone district.

Staff finds that the conditions affecting the subject parcel or the surrounding neighborhood have changed, both via nearby rezonings and the nature of surrounding neighborhood development.

REQUEST FOR CITY COUNCIL ACTION

Meeting Date: August 18, 2020

AGENDA ITEM NO.	ORIGINATING DEPARTMENT:	PRESENTED BY:
	Community Development	Bill Almquist

REVIEW AGENCY COMMENTS:

Finance Department – Aimee Tihonovich/Renee Thonoff: No concerns from a financial impact. Upon development, System Development Fees for water and sewer are required. The City of Salida charges these fees per unit.

Fire Department – Chief Doug Bess: No Comment

Police Department – Russ Johnson: No Comment

Public Works – David Lady: No Comment

Utilities: (No comments have been received as of the publishing of the staff report and packet. Any comments received prior to the meeting will be presented in person by staff)

RECOMMENDED FINDINGS:

That the application is in compliance with the review standards of Section 16-4-210, Rezoning.

STAFF RECOMMENDATION:

Staff recommends approval of Ordinance 2020-10 on second reading.

PLANNING COMMISSION RECOMMENDATION:

On June 22, 2020 the Planning Commission unanimously recommended that the Council approve the rezoning request.

SUGGESTED MOTIONS:

A Council person should make a motion to “Approve Ordinance 2020-10: An ordinance to rezone an approximately .17 ac parcel located at the southwest intersection of East Crestone Avenue and West Third Street from Single-Family Residential (R-1) to Medium-Density Residential (R-2), on second reading.”

CITY OF SALIDA, COLORADO
ORDINANCE NO. 10
SERIES OF 2020

AN ORDINANCE OF THE CITY OF SALIDA, COLORADO, REZONING CERTAIN REAL PROPERTY OWNED BY THE CITY OF SALIDA FROM SINGLE-FAMILY RESIDENTIAL DISTRICT (R-1) TO MEDIUM-DENSITY RESIDENTIAL DISTRICT (R-2)

WHEREAS, on February 6, 2020, an application was filed to commence proceedings to rezone a tract of land owned by the City of Salida (“the City”) comprised of approximately 7,405 square feet located at the intersection of East Crestone Avenue and West Third Street and being more particularly described as PT Lot 4-6 Strip C of Eddy Brothers Addition, Salida, County of Chaffee, State of Colorado (the “Property”); and

WHEREAS, Section 16-4-210 (a) of the Salida Municipal Code states an amendment to the Zoning Map may be initiated by the City Administrator or the owner of the Property; and

WHEREAS, the City is the owner of the Property and is co-applicant on the rezoning request along with Chaffee Housing Trust, a 501.C.3 nonprofit, who is in discussions with the City regarding a potential affordable housing development on the site per the direction of the City Council on July 16, 2019 and October 15, 2019; and

WHEREAS, as required by the Salida Municipal Code, a public hearing on the zoning application for the Property was held on June 22, 2020 by the Planning Commission who found that the review standards for rezoning were met and forwarded a positive recommendation to the City Council; and

WHEREAS, a public hearing was held by the Salida City Council on August 18, 2020.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SALIDA, COLORADO, THAT:

1. The aforementioned recitals are hereby fully incorporated herein.
2. The Property described above is hereby zoned Medium Density Residential (R-2).
3. Promptly following adoption of this Ordinance, the City Administrator shall cause the terms of this Ordinance to be incorporated into the Official Zoning Map of the City pursuant to Section 16-4-210 of the Salida Municipal Code. The signed original copy of the Zoning Map shall be filed with the City Clerk. The Clerk shall also record a certified copy of this Ordinance with the Chaffee County Clerk and Recorder. The City staff is further directed to comply with all provisions of the Salida Land Use Regulations, SMC §16-1-10, *et seq.*, to implement the provisions of this Ordinance.

INTRODUCED ON FIRST READING, on July 7, 2020, ADOPTED and ORDERED
PUBLISHED IN FULL in a newspaper of general circulation in the City of Salida by the City
Council on the ____ day of _____, 2020 and set for second reading and public hearing on
the 18th day of August, 2020.

INTRODUCED ON SECOND READING, FINALLY ADOPTED and ORDERED
PUBLISHED BY TITLE ONLY, by the City Council on the 18th day of August, 2020.

CITY OF SALIDA, COLORADO

P.T. Wood, Mayor

Bill Almquist, Planner
Community Development Department
City of Salida
448 East First Street, #112
Salida, CO 81201

Bill,

The Chaffee Housing Trust (CHT) is submitting the enclosed application for the rezoning of the City owned lot at the intersection of M Street and 3rd Street.

The purpose of this application is to request rezoning of the parcel legally described as PT Lot 4-6 Strip C of Eddy Brothers Addition, Salida from R-1 to R-2 (consistent with adjacent zoning to the north, east, and southeast) for the purpose of developing affordable housing on a parcel created through the proposed vacation of E. Crestone Avenue. Per Article IV of the Building Code, Section 16-4-210:

- The parcel PT Lot 4-6 is zoned R-1. The parcel PT Lot 6 is zoned R-2. The former parcel should be R-2 to conform with the adjacent lots to the NW and SE along 3rd Street, as well as those across 3rd Street. The adjacent lots to the SW have frontage on Crestone Ave, on the mesa, are zoned R-1.
- Survey of both lots and Assessors maps are enclosed in this application.
- The current uses of the two parcels are vacant land except for E. Crestone Ave. that runs between them. The rest of both parcels are vacant land. All adjacent properties are developed with residential homes.
- The intended future use of the joined parcels is to provide affordable housing, targeting households earning 80% of Area Median Income or less for home ownership, conforming to the allowable uses in R-2 zones. The property will be developed as soon as possible, given building process and weather conditions. The change of PT Lot 4-6 from R-1 to R-2 is so that it conforms with adjacent properties along 3rd St.

- The proposal conforms with the Comprehensive Plan in several ways, as it state the "allocation of City-owned lands for affordable housing projects" as one of the efforts the City may include to the address the affordable housing issue (p.6-2), and implementation of measure #9 from the Strategic Plan states that "the City should provide direct support for the Housing Trust" (p.6-4). See application for Major Impact Review, section 1, for additional information to support conforming with the Comprehensive Plan.
- The proposed use of the parcel is consistent with the surrounding zone district and uses: residential housing, and is consistent with surrounding zoning, land uses, and neighborhood character.

Cordially,

Read McCulloch
Executive Director

☐ 7. Developments involving construction shall provide the following information:

(i) A development plan map, at a scale of one (1) inch equals fifty (50) feet or larger with title, date, north arrow and scale on a minimum sheet size of eight and one-half (8½) inches by eleven (11) inches, which depicts the area within the boundaries of the subject lot, including:

a. The locations of existing and proposed land uses, the number of dwelling units and the square footage of building space devoted to each use;

b. The location and dimensions, including building heights, of all existing and proposed Buildings or structures and setbacks from lot lines or building envelopes where exact dimensions are not available;

c. Parking spaces;

d. Utility distribution systems, utility lines, and utility easements;

e. Drainage improvements and drainage easements;

f. Roads, alleys, curbs, curb cuts and other access improvements;

g. Any other improvements;

h. Any proposed reservations or dedications of public right-of-way, easements or other public lands, and

i. Existing topography and any proposed changes in topography, using five-foot contour intervals or ten-foot contour intervals in rugged topography.

(ii) 24" x 36" paper prints certified by a licensed engineer and drawn to meet City specifications to depict the following:

a. Utility plans for water, sanitary sewer, storm sewer, electric, gas and telephone lines;

b. Plans and profiles for sanitary and storm sewers; and

c. Profiles for municipal water lines; and

d. Street plans and profiles.

(iii) Developments in the major impact review procedure shall provide a development plan map on paper prints of twenty-four (24) inches by thirty-six (36) inches, with north arrow and scale, and with title and date in lower right corner, at a scale of one (1) inch equals fifty (50) feet or larger which depicts the area within the boundaries of the subject lots and including those items in Section 16-3-40(a) (3).

LIMITED IMPACT & MAJOR IMPACT SUBMITTAL REQUIREMENTS

448 East First Street, Suite 112
Salida, CO 81201
Phone: 719-530-2626 Fax: 719-539-5271
Email: planning@cityofsalida.com

An application is meant to highlight the requirements and procedures of the Land Use Code. With any development application, it is the responsibility of the applicant to read, understand, and follow all of the provisions of the Land Use Code.

1. PROCEDURE (Section 16-3-80)

A. Development Process (City Code Section 16-3-50) Any application for approval of a development permit shall include a written list of information which shall constitute the applicant's development plan, which shall be that information necessary to determine whether the proposed development complies with this Code. The development plan shall include the following, as further specified for each level of review on the pre-application checklist:

1. Pre-Application Conference (Limited Impact and Major Impact Review Applications)
2. Submit Application
4. Staff Review. Staff report or decision forwarded to the applicant (Administrative review)
5. Public Notice
6. Public Hearing with Planning Commission (Limited Impact and Major Impact Review Applications)
7. Public Notice
8. Hearing Conducted by City Council (Major Impact Review)

☒ **B. Application Contents (City Code Section 16-3-50)**

- ☒ 1. A General Development Agreement completed.
- ☒ 2. A copy of a current survey or the duly approved and recorded subdivision plat covering the subject lots where the proposal is for development on previously subdivided or platted lots;
- ☒ 3. A brief written description of the proposed development signed by the applicant;
- ☐ 4. Special Fee and Cost Reimbursement Agreement completed.
- ☒ 5. Public Notice.
 - a) List. A list shall be submitted by the applicant to the city of adjoining property owners' names and addresses. A property owner is considered adjoining if it is within 175 feet of the subject property regardless of public ways. The list shall be created using the current Chaffee County tax records.
 - b) Postage Paid Envelopes. Each name on the list shall be written on a postage-paid envelope. Postage is required for up to one ounce. Return Address shall be: City of Salida, 448 E. First Street, Suite 112, Salida, CO 81201.
 - c) Applicant is responsible for posting the property and submittal of notarized affidavits for proof of posting the public notice.

- ☐ 8. Any request for zoning action, including review criteria for a requested conditional use (Sec. 16-4-190) or zoning variance (Sec. 16-4-180);
- ☐ 9. Any subdivision request including a plat meeting the requirements of Section 16-6-110;
- ☐ 10. Any other information which the Administrator determines is necessary to determine whether the proposed development complies with this Code, including but not limited to the following:

(i) A tabular summary of the development proposal, which identifies the total proposed development area in acres, with a breakdown of the percentages and amounts devoted to specific land uses; total number and type of proposed residential units; total number of square feet of proposed nonresidential space; number of proposed lots; and sufficient information to demonstrate that the plat conforms with all applicable dimensional standards and off-street parking requirements.

(ii) A description of those soil characteristics of the site which would have a significant influence on the proposed use of the land, with supporting soil maps, soil logs and classifications sufficient to enable evaluation of soil suitability for development purposes. Data furnished by the USDA Natural Resource Conservation Service or a licensed engineer shall be used. The data shall include the shrink/swell potential of the soils, the groundwater levels and the resulting foundation requirements. Additional data may be required by the City if deemed to be warranted due to unusual site conditions.

(iii) A report on the geologic characteristics of the area, including any potential natural or man-made hazards which would have a significant influence on the proposed use of the land, including but not limited to hazards from steep or unstable slopes, rockfall, faults, ground subsidence or radiation, a determination of what effect such factors would have, and proposed corrective or protective measures.

(iv) Engineering specifications for any improvements.

(v) A plan for erosion and sediment control, stabilization and revegetation.

(vi) A traffic analysis prepared by a qualified expert, including projections of traffic volumes to be generated by the development and traffic flow patterns, to determine the impacts of a proposed development on surrounding City streets and to evaluate the need for road improvements to be made.

(vii) A storm drainage analysis consisting of the following:

(a) A layout map (which may be combined with the topographic map) showing the method of moving storm sewer water through the subdivision shall be provided. The map shall also show runoff concentrations in acres of drainage area on each street entering each intersection. Flow arrows shall clearly show the complete runoff flow pattern at each intersection. The location, size and grades of culverts, drain inlets and storm drainage sewers shall be shown, as applicable.

(b) The applicant shall demonstrate the adequacy of drainage outlets by plan, cross-section and/or notes and explain how diverted stormwater will be handled after it leaves the subdivision. Details for ditches and culverts shall be submitted, as applicable.

(c) The projected quantity of stormwater entering the subdivision naturally from areas outside of subdivision and the quantities of flow at each pickup point shall be calculated.

(viii) Evidence of adequate water supply and sanitary sewer service - Data addressing the population planned to occupy the proposed subdivision and future development phases and other developments that may need to be served by extensions of the proposed water supply and sewage disposal systems. The resulting domestic, irrigation and fire flow demands shall be expressed in terms of gallons of water needed on an average day and at peak time, and the resulting amounts of sewage to be treated shall be expressed in gallons per day.

(ix) An analysis shall be submitted addressing how water for domestic use and for fire flows is to be provided, along with the collection and treatment of sewage generated by the property to be subdivided.

(x) A statement shall be submitted addressing the quantity, quality and availability of any water that is attached to the land.

(xi) A preliminary estimate of the cost of all required public improvements, tentative development schedule (with development phases identified), proposed or existing covenants and proposed maintenance and performance guarantees. The applicant shall submit, at least in summary or outline form, any agreements as may be required by Section 16-2-70, relating to improvements and dedications.

(xii) If intending to use solar design in the development, include a description of the steps that have been taken to protect and enhance the use of solar energy in the proposed subdivision. This shall include how the streets and lots have been laid out and how the buildings will be sited to enhance solar energy usage.

(xiii) If applicable, a report shall be submitted identifying the location of the one-hundred-year floodplain and the drainage ways near or affecting the property being subdivided. If any portion of a one-hundred-year floodplain is located on the property, the applicant shall also identify the floodway and floodway fringe area. The applicant shall also describe the steps that will be taken to ensure that development locating in the floodway fringe area is accomplished in a manner which meets Federal Insurance Administration standards.

(xiv) If applicable, a report shall be submitted on the location of wetlands, as defined by the U.S. Army Corp of Engineers, on or affecting the property being subdivided. The report shall outline the development techniques planned to ensure compliance with federal, state and local regulations.

(xv) A landscape plan, meeting the specifications of Section 16-8-90.

(xvi) If applicable, a description of how the proposal will comply with the standards of any of the overlays.

(xvii) A site plan for parks, trails and/or open space meeting the requirements of Section 16-6-110 below. If an alternate site dedication or fee in lieu of dedication is proposed, detailed information about the proposal shall be submitted.

(xviii) All development and subdivision naming shall be subject to approval by the City. No development or subdivision name shall be used which will duplicate or be confused with the name of any existing street or development in the City or the County;

- ☐ 12. A plan for locations and specifications of street lights, signs and traffic control devices.

2. REVIEW STANDARDS (If necessary, attach additional sheets)

The application for Limited or Major Impact Review shall comply with the following standards.

1. Consistency with Comprehensive Plan. The use shall be consistent with the City's Comprehensive Plan.

Per the 2013 Salida Comprehensive Plan, page 3-6, Zoning Districts, it states, "An appropriate range of housing types will be available to serve the varied lifestyles, ages, and income levels of residents." On page 4-6 it states, "...the vision for the City of Salida to be a place that is affordable for multi-generational population to live, work, play and raise a family. Planning ... will allow the city to be proactive in creating opportunities for current and future residents to remain in the community." Page 6-1, "The existing pattern of a mixture of housing types, family sizes and incomes in Salida neighborhoods is integral to the character of the community. Decent housing should be attainable by all citizens of Salida whether to rent or to own. Affordable housing has been a growing concern in recent years as the increase in housing costs has outpaced wage increases. While Salida may seem to some like an affordable alternative to other Colorado resort communities, rising housing costs have put pressure on local residents to live outside of the municipality, live in sub standard housing or leave the community. Ensuring diverse housing opportunities are available will enhance and support the city's economic and social diversity, and help maintain the sense of community. . . The city recognizes that the cost of infrastructure per household is reduced as density increases and dense housing should be encouraged" On page 6-2, it states, "Salida is not a city of gated communities or income defined neighborhoods. The city was built with functional neighborhoods constructed with a variety of home sizes, styles and income levels. Small multifamily structures were integrated into neighborhoods of large and small single-family homes providing neighborhoods which housed a variety of household sizes and incomes. The diversity of housing types drives the integrated feel of the neighborhoods in Salida and this quality is highly valued." On page 6-6, "Policy H-I.1 – Provide a mix of housing types and densities throughout the city to address a variety of incomes and lifestyles." Page 6-2 states, "The possibility exists for the city to...provid(e) meaningful incentives to developers that provide affordable housing. Other efforts from the city could include the possible allocation of city owned lands for affordable housing projects or offering reduced fees associated with the cost of developing affordable housing." On page 6-4 it states, "Adoption of the Strategic Plan was followed closely by the creation of the Chaffee Housing Trust ("Housing Trust"), a community land trust. Implementation measure #9 from the Strategic Plan states that the city should provide direct support for the Housing Trust.

2. Conformance to Code. The use shall conform to all other applicable provisions of this Land Use Code, including, but not limited to:

- a. **Zoning District Standards.** The purpose of the zone district in which it is located, the dimensional standards of that zone district, and any standards applicable to the particular use, all as specified in Article 5, Use and Dimensional Standards.

The new parcel should be zoned R-2 similar to the neighboring properties. Properties adjacent to the proposed lot to the northwest, northeast, and southeast are all zoned R-2. All these properties lie at a lower elevation than properties to the southwest, which lie on a mesa this is higher than rooftops to the northeast. This topographical distinction reflects the change in zoning from R-2 to R-1 for parcels that are on top of the mesa. The resulting parcel (including the vacated right of way) will meet all standards pertinent to R-2. Right of Way vacation will conform to all applicable codes.

- b. **Site Development Standards.** The parking, landscaping, sign and improvements standards.

At the time of development application, the CHT will provide all necessary parking, landscaping, and sign improvements as requested by the City of Salida, and that result from the pre-development public process.

3. Use Appropriate and Compatible. The use shall be appropriate to its proposed location and be compatible with the character of neighboring uses, or enhance the mixture of complementary uses and activities in the immediate vicinity.

The proposed use, residential housing, conforms with all neighboring property uses and zoning. As stated in #2 above, the parcel should be zoned R-2 to be compatible with adjacent properties. This project will fill a spatial gap created by the intersection of three streets. Construction of housing on the newly created parcel will create a continuous frontage of housing along the south side of 3rd Street, joining the frontage of the homes to the southeast. Refer to the responses to question #1 regarding the appropriateness of affordable housing on this site.

4. Nuisance. The operating characteristics of the use shall not create a nuisance and the impacts of the use on surrounding properties shall be minimized with respect to noise, odors, vibrations, glare, and similar conditions.

The operating characteristics, residential use, will not have an impact on neighboring properties. Residents of the future homes created on this lot will be similar to the majority of Salida residents, i.e. regular working families with steady incomes who can responsibly make payments on a mortgage or rent. Per the Community Land Trust model, the CHT will retain ownership to the underlying land, selling or renting the improvements (homes) to qualified county residents. Lease agreements will include provisions for the CHT to respond to any issues of nuisance. Residents may be evicted for failure to comply with lease agreements including nuisance, failure to maintain their residence, or non-compliance with condominium owners association rules and regulations. The CHT will also have the right to remedy any nuisance or failure to maintain the property. These provisions exceed existing provisions for neighboring properties, making the CHT property less likely to be a nuisance than those adjacent or in the neighborhood.

- 5. Facilities.** There shall be adequate public facilities in place to serve the proposed use, or the applicant shall propose necessary improvements to address service deficiencies which the use would cause.

Water and sewer access, as well as electricity, are available on site or adjacent to the site. Access to the existing sewer line that runs down E. Crestone Ave will be ensured by a minimum 20' easement, and no structures will be placed within that easement so that the sewer may be maintained for public benefit, accessible for any future maintenance or repair.

- 6. Environment.** The use shall not cause significant deterioration to water resources, wetlands, wildlife habitat, scenic characteristics, or other natural features. As applicable, the proposed use shall mitigate its adverse impacts on the environment.

The use will improve the characteristics of the neighborhood by making use of space consumed by redundant streets, currently covered with asphalt or left as neglected and unattended open space. The addition of landscaping and the planting of trees on site will improve the environmental and aesthetic aspects of the site.

SHEET 1 OF 1	

Conceptual Site Plan for Affordable Housing Development

STAFF REPORT

MEETING DATE: November 28, 2006

AGENDA ITEM TITLE: Chavez Rezoning, Lots 3 & 4, Chavez Minor Subdivision

AGENDA SECTION: Public Hearing

REQUEST:

The request is to rezone the subject property from Single-Family Residential (R-1) to Medium Density Residential (R-2).

APPLICANT:

The applicants are George and Inez Chavez, 208 Crestone Avenue, Salida, CO 81201.

LOCATION:

The subject property described as Lots 3 & 4, Chavez Minor Subdivision. The lots are located at the intersection of Third and 'L' Streets.

PROCESS:

An application for rezoning consists of a two-step process. The request is addressed by the Commission through a public hearing process. The Commission makes a recommendation of approval, approval with conditions, or denial of the zoning application to City Council. The Commission may also remand the application back to the applicant for further information or amendment. Council has final decision-making authority in such applications.

In its review of the application, the Commission shall focus on the long term use of the property within the context of the City's Comprehensive Plan and current zoning for the property, as well as the surrounding area. Once the property is zoned, all of the uses permitted within the new zoning district are permitted as uses by right, not just what is proposed at the present time.

OBSERVATIONS:

1. The property has recently been replatted to create the four lots of the Chavez Minor Subdivision. Lots 1 and 2 are located along Crestone Avenue. The two subject lots share a rear yard with Lots 1 and 2 and there is a significant grade change from the rear of Lots 1 and 2 down to Third Street and Lots 3 and 4.
2. The purpose of the R-2 zone district is to provide for residential neighborhoods comprised of detached single-family dwellings, duplex dwellings and multi-family residences on smaller lots than are permitted in the Single-Family Residential (R-1) zone district, allowing for slightly greater overall densities.

3. The two lots are each approximately 8,000 square feet in area. In the R-1 zone the only type of housing permitted is single family homes and accessory units. In the R-1 each of these lots could have two units; either a single-family home with an accessory unit or two single family homes as a conditional use. With the R-2 zoning each lot would still be limited to two units of density, but they could be developed as duplexes in addition to the above housing types.
4. The surrounding area along Third Street is zoned R-2 and has been developed consistent with that zone district designation. Across 'L' Street is the county jail and courthouse complex.

REVIEW STANDARDS FOR MAP AMENDMENTS (Section 16-13-60):

1. **Consistent with Comprehensive Plan.** The proposed amendment shall be consistent with the Comprehensive Plan.

Applicant's Response: The request is to rezone Lots 3 & 4, also known as 208 Crestone Ave. This parcel is located on a steep slope facing the 700 block of 3rd and "L".

- The purpose of the Land Use Plan within the Comprehensive Plan is to specify locations in and around Salida where various land uses and intensities of use will be encouraged. The Plan indicates the subject property to be Medium Density Residential. The R-2 zone is consistent with Medium Density Residential.

2. **Consistency with Purpose of Zone District.** The proposed amendment shall be consistent with the purpose of the zone district to which the property is to be designated.

Applicant's Response: Presently, this property is zoned R-1. However, the area is more compatible to the surrounding area zoned R-2. Directly to the east of the property is the new county jail. Across 3rd Street and to the west the neighborhood is zoned R-2.

- The applicant is requesting a zone district designation of the subject property of Medium Density Residential (R-2). The purpose of the R-2 zone district is to provide for residential neighborhoods comprised of detached single-family dwellings, duplex dwellings and multi-family residences on smaller lots than are permitted in the Single-Family Residential (R-1) zone district, allowing for slightly greater overall densities. Given the geography of the property, it is more associated with the nearby properties on Third Street than with the properties on Crestone that are zoned R-1 and should be developed in a way that is compatible with the Third Street neighborhood.

3. **Compatibility with Surrounding Zone Districts and Uses.** The development permitted by the proposed amendment shall be compatible with surrounding zone districts, land uses and neighborhood character.

Applicant's Response: The property in question is located next to the county jail. To the northwest of the property are smaller residential lots, an apartment, duplex dwelling, etc. The rezoning of the property from R-1 to R-2 would be conducive and compatible to the neighborhood.

- The zoning classification of R-2 is consistent with the zoning of adjacent properties along Third Street and would not be a detriment to the R-1 area along Crestone Avenue.

4. **Changed Conditions or Errors.** The applicant shall demonstrate that conditions affecting the subject parcel or the surrounding neighborhood have changed, or that due to incorrect assumptions or conclusions about the property, one (1) or more errors in the boundaries shown on the Official Zoning Map have occurred.

Applicant's Response: *In recent years there have been many changes in the neighborhood in question. The immediate area is now comprised of the new county jail, new duplex dwellings, multi-family residences, smaller lots, etc.*

- This application is a result of the recent subdivision of the Chavez property which created the two lots in question that front on Third Street rather than Crestone Avenue. The geographic separation of the two streets effectively makes these new lots part of the Third Street neighborhood rather than the Crestone neighborhood. These two areas, though very close, do have distinctly different styles with smaller lots and some multi-family development in the Third Street neighborhood and mostly large single-family homes along Crestone Avenue.

RECOMMENDED FINDINGS:

1. That the application is in compliance with the review standards for map amendments because an R-2 zone district designation for this parcel implements the comprehensive plan and is compatible with zoning and use of nearby and neighboring properties.

RECOMMENDED ACTION:

Based upon the observations, review standards, and findings outlined above, staff recommends the following:

That the Commission recommends approval of the application to rezone the subject property from Single-Family Residential (R-1) to Medium Density Residential (R-2).

RECOMMENDED MOTION:

That the recommended findings be made and the recommended action be taken.

Notes from 3/4/2020 Neighborhood Meeting at Scout Hut regarding E. Crestone AH project/site:

- Slow the process down
- CHT should pay for the survey that was done
- Make the property survey available to the public
- Concern about lowering property values
- Keep current property zoning
- Will there be new setbacks?
- What is the status of the CHT application?
- What precedent will be set by vacation and re-zoning?
- I question Salida's affordable housing survey (does 700 respondents represent a critical mass that is acceptable?)
- Is there any evidence of municipal workers leaving Salida because of being housing burdened?
- Why doesn't the project have rentals
- Historically, Salida has a mix of expensive and less expensive houses
- Get realtor input on how this project would affect current home values
- What would be the effect to changing traffic pattern by vacation of part of Crestone?
- Concern for impending recession & how this will affect the potential CHT buyer
- Why was lot not offered for public sale?
- Sample housing shown are generally objectionable to neighbors
- Concerns about affordability due to excavation requirements
- Tap fees for potential non-affordable housing will be lost under the CHT proposal
- Concerns about increased traffic and fast Sheriff's vehicles on emergency calls
- Are CHT's setbacks on this project the same as anyone else's?
- Would the ADU be income property for an affordable housing buyer?
- HOA fees? How would that affect affordability?
- Safety concerns due to increased traffic. 3rd Street is a corridor for traffic heading downtown.
- Traffic study?
- Project would drive traffic to Crestone & Grand Ave, both of which already have traffic issues
- Fire and Police route concerns
- Concern regarding neighbor's vehicle access and egress with work trucks
- Resident does not like the one-way street option for East Crestone
- Also concerns about the turnaround if bottom of E. Crestone is made into a cul-de-sac
- Residents at the meeting are unanimous in opposing CHT building on this lot
- What happens to M Street?
- Adjoining resident is upset that she didn't get the option to purchase the subject property as "backdoor" to her property
- Request to move Planning Commission date to April 27.

PROOF OF PUBLICATION

PUBLIC NOTICE NOTICE OF PUBLIC HEARING BEFORE THE CITY COUNCIL FOR THE CITY OF SALIDA CONCERNING A RIGHT OF WAY VACATION AND REZONING APPLICATION

TO ALL MEMBERS OF THE PUBLIC AND INTERESTED PERSONS: PLEASE TAKE NOTICE: that on August 18th, 2020 at or about the hour of 6:00 p.m., a public hearing will be conducted by the Salida City Council at City Council Chambers, 448 East First Street, Salida, Colorado to vacate a portion of a street known as East Crestone Avenue located within Strip C of Eddy Brothers Addition (between M Street and W. Third Street) and to rezone the parcel known as Part Lot 4-6 Strip C of Eddy Brothers Addition, Salida from Single-Family Residential (R-1) to Medium-Density Residential (R-2). Complete legal descriptions are available at City Hall.

The general purpose of the applications is to consolidate existing City-owned properties on either side of the vacated right-of-way and result in a parcel that may be developed in accordance with the development standards of the R-2 district. Subsequent approval requests will be required in order to construct up to six affordable housing units. Interested individuals may make comments during the public hearing in person (abiding by social distancing standards) or via GoToWebinar at: <https://attendee.gotowebinar.com/register/8402368210594753549>. Comments may also be submitted via email ahead of time to bill.almquist@cityofsalida.com by 12:00pm on August 18th. Further information on the application may be obtained from the Community Development Department by calling (719) 530-2634. To review the City's social distancing policy and other regulations, please visit <https://cityofsalida.com/covid-19info/>.

PUBLIC NOTICE CITY OF SALIDA, COLORADO ORDINANCE NO. 10 SERIES OF 2020

AN ORDINANCE OF THE CITY OF SALIDA, COLORADO, REZONING CERTAIN REAL PROPERTY OWNED BY THE CITY OF SALIDA FROM SINGLE-FAMILY RESIDENTIAL DISTRICT (R-1) TO MEDIUM-DENSITY RESIDENTIAL DISTRICT (R-2)

WHEREAS, on February 6, 2020, an application was filed to commence proceedings to rezone a tract of land owned by the City of Salida ("the City") comprised of approximately 7,405 square feet located at the intersection of East Crestone Avenue and West Third Street and being more particularly described as PT Lot 4-6 Strip C of Eddy Brothers Addition, Salida, County of Chaffee, State of Colorado (the "Property"); and

WHEREAS, Section 16-4-210 (a) of the Salida Municipal Code states an amendment to the Zoning Map may be initiated by the City Administrator or the owner of the Property; and

WHEREAS, the City is the owner of the Property and is co-applicant on the rezoning request along with Chaffee Housing Trust, a 501.C.3 nonprofit, who is in discussions with the City regarding a potential affordable housing development on the site per the direction of the City Council on July 16, 2019 and October 15, 2019; and

WHEREAS, as required by the Salida Municipal Code, a public hearing on the zoning application for the Property was held on June 22, 2020 by the Planning Commission who found that the review standards for rezoning were met and forwarded a positive recommendation to the City Council; and

WHEREAS, a public hearing was held by the Salida City Council on August 4, 2020.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SALIDA, COLORADO, THAT:

1. The aforementioned recitals are hereby fully incorporated herein.

2. The Property described above is hereby zoned Medium Density Residential (R-2).

3. Promptly following adoption of this Ordinance, the City Administrator shall cause the terms of this Ordinance to be incorporated into the Official Zoning Map of the City pursuant to Section 16-4-210 of the Salida Municipal Code. The signed original copy of the Zoning Map shall be filed with the City Clerk. The Clerk shall also record a certified copy of this Ordinance with the Chaffee County Clerk and Recorder. The City staff is further directed to comply with all provisions of the Salida Land Use Regulations, SMC §16-1-10, et seq., to implement the provisions of this Ordinance.

INTRODUCED ON FIRST READING, on July 7, 2020, ADOPTED and ORDERED PUBLISHED IN FULL in a newspaper of general circulation in the City of Salida by the City Council on the 14th day of July, 2020 and set for second reading and public hearing on the 4th day of August, 2020.

INTRODUCED ON SECOND READING, FINALLY ADOPTED and ORDERED PUBLISHED BY TITLE ONLY, by the City Council on the 4th day of August, 2020.

Thu, Aug 13, 2020 at 8:30 AM

August 12, 2020

Dear Salida City Council,

I have been a Salida resident since 2014. As a young person, I worked in numerous restaurants in town, sometimes several at the same time, to pull together enough income to pay my rent and my bills. In May 2019, I purchased my first home through the Chaffee Housing Trust.

Affordable housing has changed my life so much in a positive way as a young home owner. It has made my dream of owning my home come true which I never thought would have happened in a town like Salida where the prices are so high.

Affordable housing is a viable solution for the youth community, the future generations that don't necessarily have access to dignified living spaces due to lower income. Affordable housing guarantees that people with low income will have a home to offer their family. This also gives them mental and emotional stability. Owning my home, with low payments I can afford, established myself, and now I can begin to succeed in life.

To give other young people like me a chance, I support the the vacation of East Crestone Ave!

Re: Support for Permanently Affordable Housing Project on East Crestone

Dear Esteemed Colleagues,

It has been a pleasure to serve the City of Salida and all of Chaffee County as the Director of the Office of Housing for the past two years, and I commend Salida's elected and appointed officials for the work you have done to increase the stock of affordable living units available to your residents.

As our community works together to navigate through the novel Coronavirus pandemic, it is becoming more apparent to many that housing insecurity in Chaffee County is very real, and that many of our residents are experiencing it for the first time – or for the first time in a long time. The Office of Housing and the Department of Human Services are seeing an increase in the number of requests for rent and deposit assistance, and advocates in the affordable housing industry are preparing to see a wave of relocations and evictions among low-income renters in the very near future. Therefore, the actions you are taking now to increase the availability of permanently affordable housing is more important than ever.

I applaud your creativity in identifying publicly owned locations where housing might be appropriate and seeking out partnerships to increase Salida's supply of permanently affordable housing. The City owned parcel on East Crestone Avenue near M Street would be very difficult to bring into productive use without the creative approach you are taking. The proposed

neighborhood improvements that could result from this plan, including eliminating confusing and unnecessary intersections and burying overhead powerlines, will benefit the entirety of the community. Those improvements will then allow the two city-owned parcels to be brought back into productive use, and through partnerships, will create permanently affordable housing.

One of the best features of Salida is it's inclusivity, and this location can be a prime example of integrating workforce housing into a rapidly increasing housing market. The homes that will potentially occupy that space will provide their residents with easy access to the Salida trail system, schools, grocery and other shopping, as well as the rich cultural environment downtown, while remaining permanently affordable.

The Office of Housing is poised to support this project in whatever capacity is appropriate, and I look forward to watching this collaboration unfold. I offer gratitude for the creative approach you are taking to encourage the creation of additional permanently affordable homes.

Respectfully,

Becky Gray
Director of Housing, Chaffe County

To: Bill Almquist <bill.almquist@cityofsalida.com>, dan.shore@salidaelected.com

Cc: NO Ecrestone <nocht.ecrestone@yahoo.com>

To the Board:

First let me express my dismay that the city would rather give away a piece of property versus letting an adjacent homeowner purchase it. I will remain mystified by why it was so hard for a private citizen to buy this lot. In addition I have never experienced having an elected official refuse to come hear citizen comments. (And I'm from a small town and attended meetings in that town when controversial items were discussed.)

I am saddened I am not able to attend as I would like to know my voice is heard.

Here are our concerns:

1. I am in favor of affordable housing that makes sense. I wholeheartedly support families having the security of their own space when it's. This project does not really have affordable land. The City of Salida (local taxpayers) is spending lots of money on a very small plot of land so that it's buildable. (what is final cost/square foot versus a typical city lot?).
2. These lots are NOT family friendly. (From 3rd Street to 291 , the only sidewalks are at 3rd and L.) So I cannot support based on safety alone.
3. I would support affordable housing on land donated by the city on the property that surrounds the golf course or other suitable sites around the city that don't call for major excavation and development at taxpayer expense to have them be buildable. We were given the impression earlier this year that multiple lots had been considered and 2 of those lots border the golf course. These would be easier to develop and safer. In addition, maybe those lots would allow yards since these lots won't have yards and minimal parking.
4. Since my backyard faces this property, I can state that East Crestone is a very busy two way street. The first week of June, on a weekday afternoon in a two hour span, 8 law enforcement vehicles used East Crestone and one EMS vehicle. This traffic is fairly typical.
5. East Crestone is used often and by many. In the current times, a proper usage rate cannot be determined. The locals, in my unofficial study, that I have asked use 3rd to East Crestone to Grant as the preferred route on their way to Highway 50. Losing East Crestone will increase traffic in and around the courthouse.
6. What improvements will be made to Crestone and Poncha Boulevard for the increased usage? Same question for L and Crestone? All costs to improve these intersections to account for increased traffic must be captured as part of the East Crestone costs so the taxpayers are aware of the full cost. Do any of the current courthouse traffic concerns take into account the East Crestone change and if not shouldn't it? Again, more cost for the taxpayers.

In summary, this appears to be the worst use for this land. Why can't that neighborhood utilize this as park land?

Sincerely,
Catherine Kramer-Fouty

July 30, 2020

Dear Mayor and City Council Members:

I am writing in regard to the transfer of property at M and 3rd Streets to Chaffee Housing Trust (CHT). CHT has demonstrated its ability to provide attractive and functional housing, both for ownership and rent, at 50% to 80% AMI for residents in our community. I urge you to support this housing project.

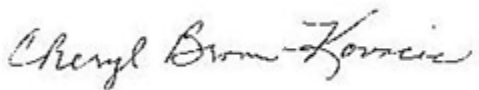

Although the City has provided funds to housing organizations and instituted policies to support a variety of housing types, this will be an action that directly results in a brick and mortar project in the city. CHT has been a reliable and valuable partner, demonstrating its ability to qualify applicants, assist with obtaining loans, find grants to cover down payments, raise funds that supplement pricing to ensure that it is at an acceptable level and construct housing within a reasonable amount of time. The previous CHT project at Two Rivers has been well received and after checking with Tom Pokorny, I can assure you that its implementation did not impact the market value for sale of lots in the subdivision nor the value of the houses in that development. Those living in CHT housing have been well received in the neighborhood and have added to the positive interactions of the housing association and the neighborhood community.

I have a great deal of respect for this CHT and its director, Read McCulloch. It is regretful that this process has resulted in efforts to tarnish the reputation of a person and organization of integrity. Mr. McCulloch has devoted years to providing housing for those unable to reach median housing prices in our county and has shown himself to be honest, honorable, and hard-working. I believe that CHT housing will add to the 3rd Street neighborhood, rather than detract from it, and that it will not devalue the property on the street. I also believe that the small number of CHT units will not impact the traffic on the street, most of which comes from using 3rd Street as an access route into the center of the city from Highway 291.

This project is one step in tackling the shortage of a variety of housing within Salida. We need many approaches to fill the gaps in housing for the many economic ranges that exist in the community. Housing needs have for many years been a priority and the Chaffee County Needs Assessment has shown that ensuring a variety of housing types is a critical step in meeting the needs of the community.

I urge you to follow through with this project and hope that many similar projects can come to fruition in the future.

Sincerely,

A handwritten signature in cursive script, reading "Cheryl Brown-Kovacic", enclosed within a thin rectangular border.

Tue, Aug 11, 2020 at 8:41 PM

Good afternoon,

I am writing this letter to address the importance of affordable housing in Chaffee County, a little background about me, I used to live in Coaldale 20+ years ago and I keep telling myself "I wish I would've bought in Salida then". Fast forward life happened, I left the area and recently came back a few years ago. I am now a single Mom, I have a great career/job with HRRMC, I've been working for my Doctor for almost 3 years and make decent money, I love living in a small community to raise my child, but the cost to live here is insane. Unfortunately if people continue to come here and purchase for asking prices and above, the market will always be out of reach for people like me that make this community thrive. Having this opportunity to purchase a home for my child and I was a proud moment, it was affordable, my mortgage is less than rent, "this is home". One term I would like to use is "stability", for me it is the worst feeling paying rent not knowing if I will be there long term or if I will have to find another place to rent, moving from home to home is not stable, my child doesn't feel secure, not sure when you may have to move again and again, the ability to purchase this home gave my child and I stability!!! It is so important to continue providing affordable housing for those of us who are part of the community who don't have the means to purchase a home here due to the market.

Please note I support for the Council to vacate the section of E. Crestone Ave adjacent to Third Street.

Thank you for your time,

Christine Engle

Please forgive me, I did not introduce myself on my prior email. I purchased a home at 2 Rivers last year, thanks to Chaffee County Housing. I was tired of paying rent and wanted to purchase in Salida, but couldn't afford the homes here. I have been in my home for a little over a year, I am a proud homeowner and truly grateful for the assistance from Read McCulloch and Chaffee County Housing, could not have done it without them. My only option was struggle to pay rent or quit my job in health care and move away, affordable housing is crucial.

To: Bill Almquist <bill.almquist@cityofsalida.com>

The city of Salida and Chaffee Housing Trust (CHT) are moving forward with their development plans of donating land to CHT (intersection of Third Street and East Crestone Avenue), vacating a section of East Crestone Avenue. The plan includes:

- Donating the land (section of East Crestone, section of M Street, and the two triangles of land) to CHT.
- Removing a section of the existing avenue (East Crestone Avenue, recently paved with new asphalt and street gutters – wasted taxpayer money).
- Creating one-way traffic flow on East Crestone and M Street (this will be Salida's only one-way street), which will end two-way access to homes on East Crestone Avenue and the Mesa.
- Reworking a section of West Third Street.
- Reworking M Street.
- Reworking East Crestone with a cul-de-sac (which will become a parking lot for the six proposed affordable/low-income units) on the newly vacated section of land that the city of Salida plans to donate to CHT.

CHT will also get reduced water tap fees, as per Salida's Planning Commission (Bill Almquist).

Estimate of what is being donated by the city of Salida to CHT for affordable homes at the East Crestone Avenue development site:

1. The land: \$350,000.
2. Street rework: \$150,000.
3. Reduced new water tap fees (normally \$17,000 per tap) for six units: \$51,000.
4. Moving of power lines: \$25,000.
5. The survey/platting of the land: \$3,000.
6. Time and labor of city of Salida Planning Commission, Public Works and street departments, bidding of the street rework, meetings, etc.: \$30,000.
7. Rezoning: \$10,000.
8. Sidewalks: \$20,000.

9. Property/building inspections: \$5,000.

Estimate of donation/giveaway: \$644,000.

Wow! This project is labeled as “affordable housing.” Affordable for whom? It’s affordable for the six lucky families (chosen by CHT) that will get to live there and receive assistance if they can’t make their house note. It becomes “affordable housing” because of the six-figure dollar donations.

I challenge City Treasurer Merrell Bergin to run the numbers and publish what the estimated dollar amounts are of this project and the current expenditures to current date.

CHT should withdraw their application to vacate and rezone East Crestone and West Third Street for “affordable housing.” The inclusionary ordinance provides for affordable housing in new developments and subdivisions.

And as a safety issue: West Third street is already a busy road. Don’t introduce 50 trips per day by the estimated 20 residents, six units and additional 12 cars onto this road.

The city needs to answer/address the concerns of Nancy:

CHT, council owe explanation

May 20, 2020

Dear Editor:

In an April 9 letter, Willie Dominguez made a bold claim: Chaffee Housing Trust (CHT) built eight "affordable" units in the Two Rivers complex which were supposed to sell for \$170,000, but actually sold for \$266,800.

If true, this is a scandal. CHT made a deal with the developer and Salida officials. In lieu of building affordable housing themselves, the developer would deed this property to CHT to build affordable housing. Were these units then sold at market value, not as "affordable"? What is the truth?

In an Oct. 26, 2018, Ark Valley Voice article, CHT Executive Director Read McCulloch said this project is important because it's the first time a project like this has been created in rural Colorado. These units will be built and offered at 80 percent area median income – making home ownership possible for first-time homebuyers. "That means we have gotten concessions so that the homebuyer cost will be \$170,000." So, the promised \$170,000 price tag claim is true.

What about the sale price? A check of the Chaffee County assessor's website shows six of the eight units sold between April 12, 2019, and May 30, 2019, for \$266,800. (The other two were transferred to ownership of "Read McCulloch-director." Are they rentals?) Between the Oct. 26, 2018, statements by McCulloch and the first sale six months later, the sale price increased an astounding \$96,800 per unit.

Where is enforcement from the city of Salida? Was there any language in the contract forcing CHT to sell at the promised \$170K? Was it known the sale price would be promised at \$170K, then jacked up to \$266K just months later? Where did all that extra money go?

It might be a coincidence, but in the May 1 Mountain Mail McCulloch is quoted discussing the current city of Salida plan to give CHT land at Third and Crestone to build five "affordable units":

“He said development homebuyers’ current unit prices are around \$180,000. They were \$170,000 in 2019 and by the time construction possibly begins in 2021, prices could be as high as \$190,000, but they do not know yet.” Huh! He is still saying prices for his units were \$170K in 2019, even though this proved to be false.

CHT and Salida city government first promised us sun, moon and stars with the Salida Crossings development. After an expensive special election in September 2018, Salida Crossings was never built – and no one has ever explained why. The city and Mountain Mail have avoided this story like the proverbial plague.

The Two Rivers “affordable” units were sold at 157 percent of the promised price.

Now we’re supposed to trust CHT with free land at Third and Crestone?

It appears to me Chaffee Housing Trust operates less like a nonprofit and more like a development company. The only difference is the seed money and land are donated by taxpayers, and CHT reaps the reward. Both CHT and Salida City Council owe a thorough explanation.

Nancy Dominick,

Salida

To: Bill Almquist <bill.almquist@cityofsalida.com>

The following needs to be made available to all parties participating in any E. Crestone hearings/meetings to ensure a fair and just decision is attained:

1. Any and all prior records of any and all costs associated with street repairs, roadwork, roadwork engineering, including any repaving for East Crestone Avenue within the last five years.
2. Any and all records, communications, reports, studies, related to landslide hazard, land slump, and appropriate mitigation of landslide and land slump hazards, and any and all associated cost of mitigation including but not limited to geotechnical studies, hazard insurance, retaining walls, etc.
3. Any and all cost projections associated with the leveling of the proposed site at East Crestone and West Third Street to create a level building site.
4. Any cost projections, estimates, communications, or other information related to construction of a retaining wall related to the proposed project at East Crestone and West Third Street. Any and all communications, reports, or other information related to obtaining hazard insurance to protect any and all structures from landslides or slump.
5. Copy of any geotechnical study of the proposed site at East Crestone and West Third Street, or any and all communications related to the stability or instability of the proposed site, and the need for a geotechnical study prior to any and all construction.
6. Any and all records of any vehicle or pedestrian accidents at or near the the proposed site at East Crestone and West Third Street. Any and all traffic studies, communications, reports, or other records describing or detailing pedestrian or vehicle accidents at or near the the proposed site at East Crestone and West Third Street or concerns related to the safety of this location.

7: Any and all records communicating with Chaffee County Sheriff department regarding traffic changes / impacts to East Crestone & West 3rd Street this housing project could impact.

8: Any and all records regarding wildlife studies.

9: Any and all records regarding why prior attempts by the City of Salida to develop this property was

terminated or abandoned.

10: All real costs a private citizen would pay for utilities to develop a residential site. (not reduced developer costs such as discounted water tap fees, Excel energy single source franchise fees, etc..).

11: Were any other potential developers of this project considered ?

12: Were other property offers to purchase this site considered current timeframe and through previous years ?

13: Labor hours/cost of all City personnel and costs incurred by the city including attorney fees, surveys, etc associated with the E. Crestone project.

Mon, Jun 22, 2020 at 9:15 AM

To: "bill.almquist@cityofsalida.com" <bill.almquist@cityofsalida.com>

Dear Bill,

Just say NO to the East Crestone proposal.

This is an important matter. The decision affects all of us. It needs to be voted on by all of the citizens of Salida. This decision should be made by referendum not by just a few.

This is red-lining at its worst by and for special interests.

Thank you for your consideration.

Best regards,

Dellann Strom

Salida City Commission
Salida Colorado

**RE: Vacation of East Crestone Avenue R.O.W.
Attainable Housing Development**

Greetings,

I am a retired affordable housing professional having constructed over 1,000 single family homes, townhomes and apartments for the past 30 years. These homes were made available to clients under 80% of the area Median Income. My last tenure was Executive Director of Florida Home Partnership for 20 years. Please see attached letter of introduction from the USDA, Rural Development office. I am loosely affiliated as volunteer with Chaffee Housing Trust (CHT) providing them with guidance and consultation.

The secret to my success for 30 years has been developing effective partnerships with the communities I worked and developed in. Typically, it takes many layers of subsidies and other considerations to make housing truly affordable for low to moderate income households. Unfortunately, as time goes on, these partnerships and subsidies become more necessary as construction, land and other costs continue to escalate.

I have utilized municipal jurisdictions in partnerships very successfully for 30 years. Jurisdictions can provide reduced impact and permit fees, density bonuses and relaxed development guidelines for attainable, affordable workforce housing in addition to funding considerations and pass through federal funds to make housing truly more affordable. In-kind land contributions are also a very effective tool.

NIMBY'ism is an ugly part of almost every affordable housing development I have been associated with, until the Developer is recognized for the good work they accomplish. Salida is certainly no exception. Housing for educators, construction and trades workers, first responders, medical workers and service/tourism industry is in short supply not only in Salida, but throughout our region.

Without attainable housing, business and communities lose their abilities to compete and remain competitive. Affordable workforce housing is in the public good. CHT has developed an attractive collection of designs which will ultimately help to defer NIMBY attitudes of the community. CHT also works with their clients to educate them on how to be good homeowners and integrate seamlessly into the community. This is an effective strategy that helps workforce homebuyers become contributing, integral members of the community over time.

Attainable housing is very much developed through in-fill projects where building lots are in short supply. The Crestone Avenue site appears well suited for a partnership like the proposed one. Land Use Restrictive Agreements (LURAs) are often used in public-private partnerships when public land or funds are utilized.

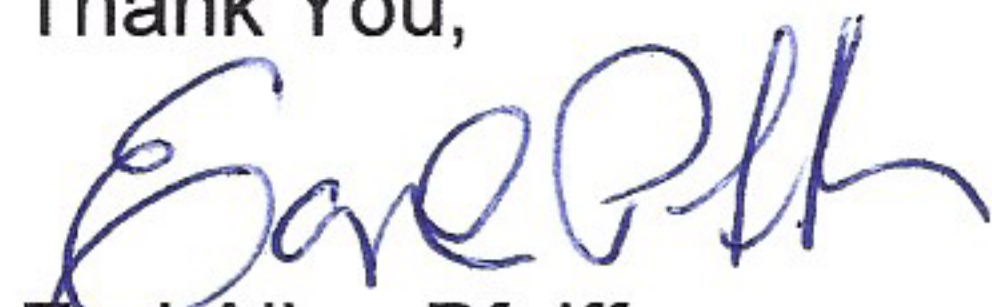

I have watched the last few months as news reports in the Mountain Mail have detailed public commentary on the proposed Crestone Avenue project. Often a PR campaign of sorts is needed to assure residents that their fears are valid, but unwarranted. It is unfortunate that conceptions of affordable and attainable housing conjure up many unfounded fears.

Finally, the Community Land Trust model utilized by CHT is a unique tool for attainable housing in high costs communities such as Salida. CHT owns the land, which provides an intermediary in the process. If a LURA is utilized to control the parcel at acquisition by CHT, the City can stipulate standards that must be adhered to in the construction, use, occupancy and maintenance of the project to give city officials and residents a higher level of confidence.

I support this development and ask you to consider this partnership with the Chaffee Housing Trust. Every successful housing partnership begins with a good building lot. A good building lot in an established functioning neighborhood increases the chance of success and provides for an outstanding opportunity for a low-income household to become established in the fabric of a solid neighborhood and community.

Should you have any question, please feel free to contact me.

Thank You,

Earl Allen Pfeiffer

RE: Letter of Introduction, Earl Allen Pfeiffer
Housing Partner, Home Builder, Land Developer

Voice 352.338.3402
Fax 352.338.3490

Hello:

By way of written notice, I would like to introduce Earl Pfeiffer, the former Executive Director of Florida Home Partnership from October 20, 1997 until his retirement on March 30, 2018. I have worked closely with Earl during his tenure as Executive Director of his agency in a partnership with USDA, Rural Development to construct self-help homes for over 850 low to moderate income families. In addition, Earl and his team of 23 employees have developed over 1,000 single family building lots in 10 different subdivisions.

During his tenure, Earl procured over \$15,000,000 in operational administrative grants. Also, to his credit, his agency has underwritten and packaged over \$70,000,000 USDA Section 502 mortgage loans to go along with over \$20,000,000 in down payment assistance loans for his clients. Earl and his agency have received millions of dollars in HOME and CDBG funds for community development projects in addition to a \$2,900,000 site development loan from USDA.

For twenty years, Earl ran a very efficient organization. As a major program sponsor for his organization, I have personally received very few legitimate concerns from homeowners, as Earl works to assure that any and all legitimate concerns are resolved rapidly in due process.

Each year, I have reviewed FHP's annual audit. Over twenty years, no issues have arisen that would cause concern for our agency. With annual expenditures around \$5,000,000-\$7,000,000 USDA has been very pleased with the financial integrity of the agency.

Earl Pfeiffer is a great housing professional and partner. He is a licensed contractor, real estate broker and a land developer. He works well with government agencies and has been extremely successful leveraging financial and community resources. Should you have any questions regarding his qualifications, you may contact me.

Sincerely,

DARYL L. COOPER
Single Family Housing Program Director

May 18, 2020

Salida Mayor and City Council members:

Recent arguments related to the proposed affordable housing units located at Crestone and 3rd Streets have motivated me to share my perspective. Salidans have loudly voiced concerns about the need for housing for our teachers, medical support staff, firemen, cooks, waitresses, &..... The financial gulf between the rich and poor has widened, leaving many who now serve us on a daily basis with but one choice — to live miles from Salida where they are employed.

Salidans, we must not lose our blend of citizens — living next door to one another. This highly respected virtue is one of the most attractive traditions that Salida has cherished for generations. If we want to continue to enjoy the community spirit that makes Salida so attractive, we must share the space that is available with those who need it the most. All of us, citizens and tourists alike, demand services that require low wage employees who, unfortunately, cannot afford to live in “their” town.

When studying the city map, I smile at the peculiar design that has resulted from our forefathers decisions. There are numbered & lettered streets going east/west & north/south. Then there are assorted named streets that create abrupt angles, abutting the original ones. These intersections create interesting street junctures. Traversing the maze when multiple cars appear is challenging.

For safety reasons City Council and the Departments of Public Works and Police have redesigned a few of those intersections (Examples: along Teller at 5th/Park & 6th/C/Dodge). More “triangles” exist across our city, creating unnecessary traffic as well as snow-plowing problems. I consider these triangular footprints wasted use of space & encourage City Council to consider using more of the “triangles” for small affordable housing projects.

When I first heard of the possibility of redesigning the Crestone/3rd Street intersection, I was delighted. There is very little space left within Salida’s perimeter for housing development. This particular location is near downtown providing potential owners the opportunity to walk and/or bike to & from work so they don’t need duplicate vehicles.

Some citizens complain that the “city” has done little to meet our housing crisis. Now that they are considering assisting Chaffee Housing Trust with this project, citizens complain that the cost is coming out of their pockets. I must remind all of you that NO Salida citizen pays property taxes to support the Salida city government.

Sales tax is the only portion that goes directly to running Salida. That means that every person who spends money in Salida — Chaffee County citizens AND tourists — pay the exact same portion that Salida citizens pay to pave & plow our streets, maintain our parks & sidewalks, etc..... How privileged Salidans are to have all those folks contributing to the support of our city.

Older generations sometimes have a preoccupation with property rights at the expense of human rights. We will be remembered by how we treat one another while we are on this planet, not by what we accumulate nor the view from the property we own.

Hi Gregory,

Thanks for your email. I'll make sure it's part of public comment record for Tuesday's meeting.

Erin

On Sun, Jul 5, 2020 at 3:37 PM Gregory Smith <gsmith@cruzio.com> wrote:

Erin,

Is it possible to comment on the E. Crestone issue here?

Having followed the ongoing comments concerning the changes to the end section of East Crestone Avenue I would like to add my own concerns. These concerns are not with the city supporting low cost housing, but it is with the transfer of developed and actively used city property (a city street) to private ownership. There may be certain instances where this might be beneficial to the city, but I don't see it in this specific instance. To give away city property that is actively used and has public utilities (sewer) in the street (that are now proposed to being moved) to private ownership is just counter to good planning. Using the criteria for East Crestone Avenue, there is no reason that any city park or other actively used public property or street cannot be transferred to private ownership under the cover of providing low cost housing. For example, one could see similar arguments to give away part of Marvin Park, Centennial Park, or Alpine Park and transfer it to private ownership. This will establish the wrong precedent.

On the other hand, the single parcel that the city owns next to East Crestone Avenue that is being rezoned is an example of the type of "undeveloped" city owned property that could be transferred to private ownership for the purposes of providing low cost housing without giving away public and actively used property. Chaffee Housing Trust who is the private developer, has convinced the City that they need more property to build more units and should hand over East Crestone Avenue, a public street, for their purposes and has convinced City planning staff to actively promote and rationalize this transfer. As admitted by City Staff and Chaffee Housing Trust they did not even look at this possibility, but went directly to trying to leverage the City into providing more land for their idea of a development.

Subject: West Third Street Neighborhood. Please forward to Bill Almquist.

To: <dan.shore@salidaelected.com>, <jane.templeton@salidaelected.com>, <jujstin.critelli@salidaelected.com>, <mike.pollock@salidaelected.com>, <harald.kasper@salidaelected.com>, <alisa.pappenfort@salidaelected.com>

West Third Street and East Crestone Avenue

Chaffee Land Trust Project

Jane Ewing 718 West Third Street Unit A

The construction of residential units on city owned property near the busy intersection on either side of East Crestone Avenue and West Third Street will result in a traffic safety issue. My concern, beyond that of the fiscal responsibility for the city to revamp streets and property, is safety.

The corridor of West Third Street and Crestone Avenue is used extensively by vehicles, pedestrians, and cyclists. This traffic is impacted by cars, vans, and trucks that are parked along the edge of the thoroughway. That added congestion is compounded by delivery trucks that daily weave around the parked vehicles, pause to leave mail and packages, and reenter the street. County sheriff cars travel this corridor, as well. There are no sidewalks nor is there a bike path here. This area is not a typical neighborhood, where homes often have single or double car garages, added parking spaces in driveways, and sidewalks to accommodate pedestrians. A traffic survey may reveal that the traffic is not heavy enough to cause a concern. The tally, though, does not consider the additional use I noted above. My understanding is that the proposed new units may or may not have even a single car garage or a driveway wide enough for a second vehicle. If there are five units, we can expect that each active resident would have one or two

vehicles that will leave and arrive multiple times each day onto and from the already well-used streets.

My issue with the planned development is the location and the impact it will cause by reconfiguring the land. Added vehicles here will raise the potential for accidents in this already chaotic traffic area. I send this notice as an alert, a caution, and a protest.

June 2020

Jane Ewing 718 W 3rd Street Unit A

West 3rd Street and East Crestone Avenue

When I see the parcel of land under consideration by the Chaffee Housing Trust (CHT) for reconfiguration to build affordable housing, it concerns me the number of added residents who would access W 3rd Street from their driveways. W 3rd Street is a thoroughfare already dangerously busy. My fear is not only for those who already travel on W 3rd Street, but for the future residents who will have no other way to leave home than to back directly onto the street. The CHT's plans that have been publicly shared reveal that there is inadequate, or at best minimal space, for a driveway or place to park one's car. I wonder if the CHT is taking into consideration the risk they will place on travelers using W 3rd Street, people who live on that street, and the future residents who will be housed in the planned units.

Editor, Mountain Mail June, 2020

West 3rd Street and East Crestone Avenue

I write to question the wisdom of the City Council's and Planning Department's consideration of giving away land in the 700 block of West Third Street to the Chaffee Housing Trust (CHT). If that happens, not only would the city of Salida accrue a large financial obligation by having to alter land, close a street, and relocate utilities, but it would allow the CHT to construct housing units that would exacerbate the already dangerous traffic flow along West 3rd Street, East Crestone, and M Streets. Should the City Council and Planning Department continue to pursue giving away the land in question to the CHT, I ask that they publicly list in detail the city's financial obligations to do so and their traffic study report.

I cannot attend the meetings because I have children and my husband is out of town working but I am submitting my email opposing this project. it would be one thing if it was one or two homes but the fact that you want to shove six homes into such a small area is absolutely ridiculous. You have to realize that there is a home at the end of this hill that is going to be substantially smothered by this. I live three houses up from the bottom of the hill and I cannot fathom the idea of looking down the hill and having it blocked my view with six homes shoved into a small area. While I realize that our town is growing and we need affordable housing maybe we should consider the market as a whole and look at how expensive the smallest of homes are being sold for. Then maybe people can actually afford homes and not have to have small tiny homes shoved in one area. There is plenty of land in our town and county where these can be built elsewhere . You already have an extreme speeding issue in this town especially going up and down the hill and if there was a cul-de-sac at the end I only see it getting worse. Will any of the town cops sit at the end of the cul-de-sac and watch for speeding, I highly doubt it. Not to mention it's kind of seems like an artery road for many people- has the fire department been asked if they use this road during emergencies? And what it will affect if gone?? Or the other homes that sit directly on Crestone Avenue by the courthouse if there was an emergency then you only have one access route which is the front of the home instead of being able to access the back of the home. Because you're shoving six small houses into one are???. We are a very smart and bright community but this proposal is absolutely One of the worst ideas that our community has come up with. Please feel free to email me back or contact me via phone 719-239-0306.

Please get this to P&Z.
Karen

Karen Karnuta
(Owner) 750 W 3rd Street

To The Salida Planning Commission.

I am one of the closest neighbors, the front door of my property faces Third Street directly across from the vacant triangle of land.

I think this project will impact the neighborhood, and I think the density is high for the neighborhood. However, I support this project.

I read a letter in the paper that said it will be "only" five houses. While five units is a drop in the bucket for what our city needs, to the five families who will live there it means everything.

I know families who live in the Habitat houses, and families who live in the Housing Trust project in Two Rivers. The security, safety and comfort to these families makes all the difference. These families no longer have to worry about their rent going up, or having to move when their rental house is sold. Things many of us take for granted.

Because of the difference secure housing will make in these families lives, I support this project though I believe it is not a perfect project.

another q on the crestone project

karen karnuta <karenkarnuta@gmail.com>

Thu, Apr 23, 2020 at 5:34 PM

To: Bill Almquist <bill.almquist@cityofsalida.com>

thanks for passing that on. I am asking you to also give this letter stating the same thing to the P&Z board. The main thing is the testing, they may not need to be engineered depending on the results. As a builder in this neighborhood, I have a fair bit of experience with this sand and I would hate to see the foundations crack.
Thanks for your time answering all my questions today!

To the Salida Planning Commission --

This project will be a better built project if the soils are tested, and foundations engineered if required by the test results. As this is not a city requirement, I recommend it is added to the project approval as a requirement.

If you look at the house I own, 750 W 3rd, the foundation is good and the house has not moved in over a hundred years. If you look across M Street to the house on the other corner, that house has had significant movement and the foundation is cracked and the house (I have been inside) is more than 12" out of level. The two houses are about 80 feet apart and were likely built in a similar time period.

The sand underlying the project is very variable in its ability to support the weight of a house. It is quite different from the cobble (rocks and sand) that underly most of the construction in town.

Please get this to City Council, and I will be attending via zoom.
Karen

Karen Karnuta
(Owner) 750 W 3rd Street

To The Salida City Council:

I am one of the closest neighbors, the front door of my property faces Third Street directly across from the vacant triangle of land.

Before I saw the design concept for this project, I thought it would impact this neighborhood. Now that I have seen the design of the houses, I think it will fit perfectly in the neighborhood and will look like it has always been there.

The design of having two large-ish, but smaller than the next door, duplexes, then two or three houses, will integrate well into the neighborhood.

I was surprised and disappointed to see that both a husband and wife, who purchased a brand new house across from the planned project, both spoke against this project at P&Z. They have lived here four months and think that the city won't change from the (very recent) day they bought their brand new house. While the Dominguez' concerns are more valid, having lived here for a long time having no neighbors across M Street, I don't think their concerns of having neighbors across an existing street should turn into a veto on this project.

I read a letter in the paper that said it will be "only" five houses. While five units is a drop in the bucket for what our city needs, to the five families who will live there it means everything.

I know families who live in the Habitat houses, and families who live in the Housing Trust project in Two Rivers. The security, safety and comfort to these families makes all

the difference. These families no longer have to worry about their rent going up, or having to move when their rental house is sold. Things that many of us take for granted.

Because of the difference secure housing will make in these families lives, I support this project.

SUPPORT THE AFFORDABLE HOUSING PROJECT AT 3RD AND M STREET IN SALIDA

Repeatedly, the citizens of Salida indicated in surveys that affordable housing is the #1 issue facing our community - not even close with any other issue raised in these surveys.

Findings of Housing Needs Assessment (2016), conducted at the request of Chaffee County, Salida, Poncha Springs, and BV, outline the monumental task in creating affordable housing. This assessment's findings are: 2,426 dwellings are needed, between the 60 – 120% area median income (AMI) to meet the current need. 889 dwellings in this same AMI range are needed to meet the future growth needs.

Understanding the need and hearing its citizens' housing concerns, Salida committed to assisting in the development of affordable housing. After considering all City-owned property, Salida determined that the property at 3rd and M Streets is the best location now for affordable housing construction. Part of this decision is based on the fact that this land is deemed not useable by the City of Salida for another purpose.

The Chaffee Housing Trust has been determined by the Salida as a good partner for the construction of affordable housing at 3rd and M. The CHT is a proven developer of affordable housing, having constructed the Old Stage Road Rowhouses (6 units sold and 2 units rented to Salida citizens at under 65% AMI). This project was done in partnership with Natural Habitats in the Two Rivers development, as part of Salida's inclusionary housing ordinance.

The CHT also partnered with Fading West, developer of The Farm community in Buena Vista, to purchase 7 dwellings, find qualified lower income buyers, support these buyers in becoming qualified for financing, and assisting them in closing. Currently, 3 buyers have closed on their new homes in The Farm. Another will close in June, 2020. Four other units will close to buyers between June and October, 2020. The mean AMI for these homes is 70%.

In all of the above instances, the CHT obtained grants for down payment assistance, assuring that these homes were made available at below-market prices and affordable to lower income buyers. Grants acquired by CHT to provide down-payment assistance to date have totaled \$230,000. All of these homes are legally protected, permanently-affordable homes in perpetuity to future buyers in the same AMI as the original buyers.

Who are the buyers/renters of these CHT-assisted affordable homes?

In Salida:

- construction worker for a local builder
- 12-year middle school teacher with family
- employee of Pure Greens
- emergency room hospital employee
- single-mom-employee of a local manufacturer with family
- local medical office administrator
- Columbine Manor employee
- Essential grocery store worker

In BV:

- first-year elementary school teacher
- Colorado Kayak Supply retail employee (closing in June)
- BV lumber yard employee
- BV Town employee.

The affordable housing at 3rd & M is in keeping with Salida's longtime tradition of diverse neighborhoods. I urge citizens to support this project.

Ken Matthews, Vice-President, Chaffee Housing Trust

SUPPORT THE AFFORDABLE HOUSING PROJECT AT 3RD AND M STREET IN SALIDA

Repeatedly, the citizens of Salida indicated in surveys that affordable housing is the #1 issue facing our community - not even close with any other issue raised in these surveys.

Findings of Housing Needs Assessment (2016), conducted at the request of Chaffee County, Salida, Poncha Springs, and BV, outline the monumental task in creating affordable housing. This assessment's findings are: 2,426 dwellings are needed, between the 60 – 120% area median income (AMI) to meet the current need. 889 dwellings in this same AMI range are needed to meet the future growth needs.

Understanding the need and hearing its citizens' housing concerns, Salida committed to assisting in the development of affordable housing. After considering all City-owned property, Salida determined that the property at 3rd and M Streets is the best location now for affordable housing construction. As I understand, part of this decision is based on the fact that this land is deemed not useable by the City of Salida for another purpose.

The Chaffee Housing Trust has been determined by the Salida as a good partner for the construction of affordable housing at 3rd and M. The CHT is a proven developer of affordable housing, having constructed the Old Stage Road Rowhouses (6 units sold and 2 units rented to Salida citizens at under 65% AMI). This project was done in partnership with Natural Habitats in the Two Rivers development, as part of the approval process for Two Rivers.

The CHT also partnered with Fading West, developer of The Farm community in Buena Vista, to purchase 7 dwellings, find qualified lower income buyers, support these buyers in becoming qualified for financing, and assisting them in closing. Currently, 3 buyers have closed on their new homes in The Farm. Another will close in June, 2020. Four other units will close to buyers between June and October, 2020. The mean AMI for these homes is 70%.

In all of the above instances, the CHT obtained grants for down payment assistance, assuring that these homes were made available at below-market prices and affordable to lower income buyers. Grants acquired by CHT to provide down-payment assistance to date have totaled \$230,000. All of these homes are legally protected, permanently-affordable homes in perpetuity to future buyers in the same AMI as the original buyers.

It is important to note that some owners in the surrounding neighborhood support this project. Some neighbors of the proposed project at 3rd & M are objecting to this development, alleging a myriad of issues that will affect them, for example:

- Traffic safety. Part of this objection claims that the vacation of the lower part of E. Crestone will create danger. I maintain the opposite. Eliminating this portion of E. Crestone, which intersects with 3rd Street at a very acute angle enhances safety. Having a controlled intersection at 3rd & M (perhaps a 4-way stop) makes this intersection safer and slows down traffic from HWY 291 to Salida's commercial district.
- Vacation of this portion of E. Crestone in some way violates historical preservation of a long-abandoned coach line through Salida. This fairy tale has been debunked by historical experts in Salida.
- Property values will be damaged. Studies by many sources have not found a correlation between the insertion of affordable housing into a stable, mixed income neighborhood such as

the one near 3rd & M. Some studies have shown that such affordable housing projects that inject some diversity into such neighborhoods have positive effects on property values. I am happy to provide references to these studies, if Council or the Planning Commission desires.

Sadly, it appears to me that much of the ranting and raving from those objecting are simply attempting to use acceptable language to voice an unacceptable objection - we don't want "those" people in "our" neighborhood.

Who are "those" people? Here is who they are, based on other CHT project owners/renters:

In Salida:

- construction worker for a local builder
- 12-year middle school teacher with family
- employee of Pure Greens
- emergency room hospital employee
- single-mom-employee of a local manufacturer with family
- local medical office administrator
- Columbine Manor employee
- Essential grocery store worker

In BV:

- first-year elementary school teacher
- Colorado Kayak Supply retail employee (closing in June)
- BV lumber yard employee
- BV Town employee.

The affordable housing at 3rd & M is in keeping with Salida's longtime tradition of diverse neighborhoods. I urge citizens to support this project.

To: "publiccomment@cityofsalida.com" <publiccomment@cityofsalida.com>

Planning Commission Meeting - 6/22/2020

Good Evening Planning Commission Members:

First, your review of CHT's request should be postponed until a full and open meeting can be done with all in-person public comments. To continue with this discussion now would appear to the public that this process is being deliberately non-transparent. This request and all future requests on this should be tabled until all voices can be heard in public meeting (not virtual) for this controversial location.

Second, I am pro-affordable housing: Two Rivers and the to-be-built affordable rental units at Confluence Park are good examples. This property is just not the right place to do CHT's project: it's too small, it's in an unsafe area for children, it will cause Crestone Ave. to have additional traffic at Park, and there have to be too many modifications (street closures and removing part of a hillside). There are at least 3 other parcels of City owned property that are more suitable ("Possible City Owned Affordable Housing Sites" report): Crestone Ave (2.75 acres), Grant/Ouray (3.25 acres) and Poncha Blvd/Ouray (4.25 acres). All would have ample off-street parking, wouldn't require road closures, more land to build on allowing for more affordable housing, and also could have apartment buildings. According to the 2016 Chaffee Housing Needs Assessment, rentals are what Salida actually needs.

Here are questions on the rezoning application for M&3rd being discussed at tonight's meeting:

1. Included in the packet is a letter from Chaffee Housing Trust/Read McCulloch - what is the date of that letter?
2. That letter from CHT is requesting "the rezoning of the City owned lot at the intersection of M Street and 3rd Street."

Please quote the municipal code that allows a private corporation to request the City rezone City owned property for land the private corporation does not currently own.

Please quote the municipal code that requires the City to place an application to itself to have property rezoned.
3. According to SMC 16-6-130 (2): Quitclaim Deed. Whenever the City approves an application vacating a public right-of-way, the City shall provide abutting landowners with a quitclaim deed for the vacated lands. Each abutting landowner shall be deeded that portion of the vacated right-of-way to which the owner's land is nearest in proximity.

As there are landowners abutting this land on at least 2 sides (if both E. Crestone and M Street are vacated), who will the City issue the quit claim deed to as it doesn't appear CHT currently owns any adjoining property? (CRS 43-2-302 43-2-302-" Vesting of title upon vacation" is the Statute Mr. Nelson quoted about the city giving land away without a vote, but this CRS is about vacating public roadways and doesn't authorize the City giving land away.)
4. Please quote the municipal code (or State Statute) that says the City can give land away to a private corporation.
5. This land is real municipal property used and held for a public purpose: these are two municipal streets owned/maintained by the City and there is a water/sewer line under this road/land, which is certainly public use.

Why rezone this if the City has to put this up for vote to give away this property to Chaffee Housing Trust? (CRS 31-15-713)? Is this putting the "cart before the horse" as CHT hasn't gotten approval for this project yet? Even Buena Vista's Town Attorney realized BV couldn't just give land away to Urban Inc. without a public vote (MM 11/16/17).

Thank you.

Melanie Cymansky, Salida

Re: Right of Way Vacation and Rezoning Application
East Crestone Avenue and Part Lot 4-6 Strip C of Eddy Brothers Addition
Planning Commission Public Hearing June 22, 2020

Mr. Almquist, Members of the Planning Commission:

I am writing in support of the proposed right of way vacation and rezoning application for the subject parcel. Beginning with the community meeting on March 4, 2020 at the Scout Hut, I have listened carefully to all sides of the proposed six-unit workforce housing development, to be built in the area of East Crestone Avenue, 3rd and M Streets. The proposal is a prime example of creative and forward thinking on the part of City Council, Economic Development staff, the Planning Commission, Chaffee Housing Trust and other community stakeholders committed to helping fill a small piece of Salida's critical housing gap. It makes a statement that the City will not rest until more opportunities for affordable housing exist, one small (but significant) project at a time.

As a downtown property owner and 16-year resident, I appreciate the desire for people to maximize and protect their interests. The City is doing just that. Vacating the right of way and consolidating the zoning of these unique parcels allows the City to actively achieve the highest and best use of its holdings. This is not for anyone's monetary gain, instead it merely exchanges raw dirt for the greater public good - for ALL Salidans. As it stands today, these parcels are not useful to anyone and the right of way only encourages motorists to cut through the residential area on their way elsewhere. How does that help anyone?

Are there challenges with this plan? Sure; if it were cookie-cutter easy, this project would have been done long ago. Planning and other City departments have put a lot of effort into finding solutions to make this **work**. The only area not fully addressed, that might need more attention is how to calm and redistribute vehicle traffic among West 3rd Street, Poncha Boulevard and Crestone Avenue, by the Courthouse. Careful and holistic planning for pedestrian, bicycle and vehicle traffic in the area should be done in any case. Traffic engineering, calming and enforcement solutions are well within our reach, making the entire area better and safer for all.

Beyond simple self-interests, dollars and cents I would urge all decision makers and the community at large to look at the [heartfelt stories of their neighbor's housing insecurities](#)

[that were presented on May 28 by The Chaffee County Housing + Health, Dinner and a Movie Series.](#) These are real people with real needs and it's in our power to make a difference.

In each of these personal stories, significant obstacles were overcome with creativity and just plain hard work. In each case, creative partnerships greatly improved people's lives and health, while the community as a whole benefits. The Planning Commission can help the City meet stated its goals for improving housing security through affordability, while increasing this area's property values and revitalizing a desirable in-town neighborhood overall.

An amazing amount of speculation, poor assumptions, fearmongering and wild financial estimates have already been put to the public, from a handful of abutting neighbors who favor their own interests rather than sharing in a sense of partnership with their neighbors and the larger community. This is not "win-lose", it is a win for all.

Tonight's public hearing and those that follow will bring out the real costs, facts and figures and should put to rest the "Not in My Backyard" fear factor being cast on this creative effort.

This hearing should conclude that the requests for vacation and rezoning meet existing safeguards and codes, are reasonable and proper. Granting these actions will move the project forward again for public comment and another hearing, with accurate costs and detailed plans. If technical issues are raised tonight, please make every effort to remediate them. I urge you vote "yes" and continue the process.

Re: Right of Way Vacation and Rezoning Application
East Crestone Avenue and Part Lot 4-6 Strip C of Eddy Brothers Addition
2nd Reading and Public Hearing, August 18, 2020

Mr. Almquist, Mayor Wood, Members of City Council:

I am writing again in support of the proposed right of way vacation and rezoning application for the subject parcel, for affordable housing. Rather than repeat my June 18, 2020 letter, my focus this time is on need and the human side of this equation.

For the last two years, I have been a volunteer for a local nonprofit with a wide-ranging mission of improving life in Chaffee County. Housing insecurity is a top issue for our nonprofit, especially in Salida and never more so than since the pandemic began. I've known for some time that many people struggle to work multiple jobs, and even if they can find any place to live, end up getting bounced around due to rising rents and a shrinking supply of safe, decent housing. Some must resort to couch surfing, campgrounds or worse, are forced to leave the area altogether to the detriment of their health and our community.

Now it's personal: in my work I hear from individuals and families barely hanging on, who are now falling off the cliff, due to factors beyond their control. With a rapidly disappearing supply of in-town land, not enough building and a lack of federal government support, the gap between supply and demand for affordable housing is only widening; unlikely to abate.

In comes the Chaffee Housing Trust (CHT); a trustworthy, proven local developer of smaller-scale projects, ready to help provide permanent and affordable housing for perhaps five, to-be-named families. The only way this project will succeed and help these families is with the approval of Resolutions 2020-10 and 2020-11. More than simply facilitating, this partnership allows the City to create something tangible, **today**. Turning a "maybe someday" dream into actual homeownership for residents who are by no means faceless. These people are the backbone of our local economy – working families. Each of the many applicants for this housing opportunity have their own unique stories and a strong desire to grow roots here. Many will be turned away, yet we still must try; every unit built in Salida helps.

The proposed project at 3rd and M Streets is not a “one and done” for Salida, CHT, Habitat for Humanity or a soon-to-be, multijurisdictional housing authority. Rather, it’s a small but significant step forward, built on a rising momentum of community support. This project will be a showpiece and model of walkable, in-town housing that enriches the fabric of the West Third Street neighborhood and the community at large.

These parcels are not without their development challenges; yet no deal-breakers have appeared. In fact, key departments working together (Planning, Public Works, Fire) with CHT have gone the distance to find creative solutions for economics, zoning, parking, utility placement and workable traffic patterns.

You have it in your grasp to be able to make a huge difference and show the heart that is at the center of our community. Aim high, and yes, listen to other opinions, but refuse to stand still when the solution is clear and the need is urgent.

It’s time for the City to unanimously pass these resolutions and let the development process continue to the next step. Creative partnerships like this one greatly improve people’s lives and health, while the community as a whole benefits. As a downtown property owner and 16-year resident, I am heavily invested in the future of Salida. I believe that a key part of that success will be measured by how well we in turn invest in our workforce. This affordable housing project is essential towards that goal.

For reference, I am attaching photos showing that the site was posted in multiple locations (only one location is required by the Code) on Friday, June 5th. I am also attaching a photo of the replacement notice that I constructed at the corner of W. 3rd and E. Crestone Ave. on Monday, June 8th, after I learned that the postings had blown off in Saturday's "derecho." I also attempted to re-secure one of the other notices to the stop sign, but it appears that sign fell down again. The sign at the corner of W. 3rd and E. Crestone Ave. remains.

On Thu, Jun 11, 2020 at 12:03 PM Michelle Parmeter <mparmete@yahoo.com> wrote:

The city's lack of transparency is appalling with respect to E Crestone vacation and adjoining property rezoning and it is a travesty of civil and fair government. The public hearing signs for the applications to rezone and vacate are non-compliant to meet the 22 Jun Public Hearing.

The sign on E. Crestone (attached) was blown away last Saturday lasting less than 20 hours. It was replaced by Bill at 345 pm on Monday and was promptly blown up the street by wind. It was placed in its current state the next day by an elderly gentleman who walks up E. Crestone every day. It looks like trash in the ditch.

The notice posting has not met the 15-day requirement for public hearing nor was it posted in its current state by the applicant. The notice also did not mention the donation of land thereby not fully disclosing the purpose of the public hearing. The above are violations of public hearing notice posting requirements.

It also used legalese most people do not understand. Most people do not know that vacation of E. Crestone means the street is going away which further exemplifies the City's lack of transparency.

The following was sent to Bill Almquist on 8 June 2020:

One of your signs met its demise with the wind again this afternoon after you left. I counted the hours the signs were up and took pictures.

You did not meet the full 15 days required for public hearing notices being displayed on the property prior to the public hearing.

You also didn't fully disclose the full intent of vacation and rezoning ... eventual donation of land that provides government services which is an illegal donation.
You also didn't make them sturdy or waterproof.

QED: The 22 June meeting has to be moved.

Please be aware that Mayor's and council's behavior has instilled mistrust and lack of transparency with the public by only hearing CHT's side during the City Council meetings on 15 Oct 2019 and 16 Mar 2020.

15 Oct 2019 council meeting did not include all parties as only CHT was represented. The agenda item was nebulous and didn't invoke a reason for citizens to look further in the package:

Agenda item 6.g Request for Property Donation – Chaffee Housing Trust (Administration)

An average citizen would not be alarmed by this agenda item and would not consider looking at the package to see if it impacts them. The details of the agenda item were buried in a 31 MB package and found on page 193 of 219 pages further exemplifying the City's lack of transparency. The package included a property survey that would require the city to donate land to the abutting property owner not CHT. City council present at this meeting included Dan Shore and Cheryl Brown-Kovacic (council member at the time). Both have conflict of interests. Dan shows bias toward CHT as he is donator to CHT and Cheryl was on the CHT advisory board. Cheryl motioned to approve the request to begin vacation of the land. All these behaviors further support a lack of transparency from the City deepening mistrust.

16 March work session did not include all parties. It was held 6 days after the Governor requested COVID emergency disaster. No teleconferencing options were provided for this meeting. The meeting was biased toward CHT as citizens being cautious about COVID spread were not provided an avenue to participate and were discriminated. Read, CHT executive director, had the mayor and council's undivided attention for over an hour. The opposition's comments from the 4 Mar community meeting were not accurately presented by the Planning Commission. Recap of 4 March meeting in the 16 March working session shows bias by using "perceived" and not accurately reflecting the comment on affordable housing survey.

"Attendees were largely in opposition to the project due to perceived to property values, questioning the need of affordable housing and implications for traffic and transportation."

The opposition stated the survey did not accurately reflect the views of all Salida citizens. A valid survey should have 80% response rate. The survey has a 12% response rate. The survey only asked if affordable housing was an issue. It did not ask if affordable housing means home ownership. It did not ask if people would prefer to own or rent affordable housing. It did not ask the city to vacate a busy public street. The following is the list from 4 Mar meeting. The city has not provided response and did not attempt to impartially acknowledge the opposition:

Why is CHT not building rentals?

What were the criteria for determining available lots?

What lots did the City of Salida determine were available?

What does the timeframe or timeline look like?

Why is the property going to be rezoned?

That the project will lower our property values

That the survey that addresses affordable housing as a number one concern of Salida

Citizens does not reflect the views of Salida citizens accurately .

Clarity on the deed management and intergenerational transfer of deeds.

That the process is moving too fast.

The city continues to ignore the fact that the E. Crestone public hearing signs are non-compliant. They did not meet full 15 day posting period nor did they accurately describe the nature of the public hearing. The public notice signs further instill public mistrust as they do not draw the attention of passing cars, bikes or walkers. The signs are 27" off the ground and are not visible to passing cars. They don't even look like good garage sale signs. See example of useful public notice signs.

To: Bill Almquist <bill.almquist@cityofsalida.com>

Even though the code only requires letters go to properties 175 ft from subject property, the city has further instilled mistrust by not making it clear to the Mesa and west-side neighborhoods that the proposed Crestone corridor to/from downtown is being eliminated and they will be impacted.

City council approved the motion for city staff to begin the application process for E. Crestone vacation on 15 October 2019. The section of land proposed to be vacated in this motion is different than the E. Crestone vacation application proposed section of land submitted by City of Salida/Chaffee Housing Trust (CHT). The difference between the land section in what was approved with Council motion and what is part of the vacation application is a piece of land that abuts a private property owner. The action by the City of Salida to begin vacation of land that was not approved in the 15 October motion and to change the section of land in the vacation application to benefit CHT is unethical and shows blatant bias toward CHT. Had the City of Salida kept with the approved by motion land vacation section, the City would have to quick claim deed the land to the abutting property owner. Since the city is both the applicant and approver of this application, they are the plaintiff and judge at the same and just talking about the application in City offices/staff meetings without the defendants (concerned citizens) being present is also unethical.

Sec. 16-6-130. - *Vacation* of recorded plat, right-of-way or easement.

(2) Quitclaim Deed. Whenever the City approves an application *vacating* a public right-of-way, the City shall provide abutting landowners with a quitclaim deed for the *vacated* lands. Each abutting landowner shall be deeded that portion of the *vacated* right-of-way to which the owner's land is nearest in proximity.

According Colorado Constitution Article XXIX Ethics in Government Section 1c, local government officials or employees shall avoid conduct that is in violation of their public trust or that creates a justifiable impression among members of the public that such trust is being violated.

Colorado Constitution Article XXIX – Ethics in Government

Section 1. Purposes and findings.

(1) The people of the state of Colorado hereby find and declare that:

(a) The conduct of public officers, members of the general assembly, local government officials, and government employees must hold the respect and confidence of the people;

(b) They shall carry out their duties for the benefit of the people of the

state;

(c) They shall, therefore, avoid conduct that is in violation of their public trust or that creates a justifiable impression among members of the public that such trust is being violated;

*It is the **duty** of all **public servants** to ensure that the **public's** money is spent as efficiently as possible and that programs are provided effectively, **without discrimination or prejudice**, with **transparency** and **without waste of money or resources***

Although CHT and the City have made E. Crestone about affordable housing to feed on the goodwill of citizens, E. Crestone vacation opposition is not about to have or to not have affordable housing. It is about public safety, fiscal responsibility and ethics.

Wed, Jun 17, 2020 at 7:50 AM

E. Crestone opposition is not about to have or to not have affordable housing.

While data will support that Salida needs affordable housing, the fiscal and safety data does not support it on E. Crestone. Providing affordable housing is the right thing to do but E. Crestone is the wrong place. In addition to public safety and fiscal responsibility issues surrounding the vacation and rezoning of property, there is already affordable housing 1000 ft from the projected development site (HUD housing at Mesa/Crestone). This section of the city is already "scattered" with affordable housing. The development code needs to reflect that all neighborhoods equally share the responsibility of affordable housing scattering.

CHT and the City unfortunately has made E. Crestone about affordable housing to feed on the sympathy of goodwill. The City's benevolence and emotions have succumbed to believing E. Crestone development is viable location for affordable housing. The affordable housing platform cannot be an excuse to ignore public safety and fiscal responsibility.

Fiscal responsibility

Applicant screening process

Research should be done on organization's processes and practices before donating to that organization. Noble cause alone cannot be grounds for donations. Donations should not be given to an organization with processes susceptible to fraud and that are not equitable.

CHT's applicant screening process has been recently been abused and is susceptible to fraud.

The following screen shots have been redacted for the individual's name; however, the name of the applicant is public knowledge due to our county tax assessor database, county website and social media.

The applicant is the BV lumberyard employee mentioned in the 27 May 2020 Mountain Mail editorial by Ken Matthews. The applicant is a 21-year-old male. The BV lumberyard employee bought the CHT house on 27 March 2020, quit his lumberyard job on 3 Apr 2020 and started as a Chaffee County Detention officer on 6 Apr 2020. The Chaffee County Detention officer job pays \$42K/year which is over the minimum income allowed for CHT housing for a single person. It takes more than 10 days to get hired by the county as a detention officer. A screening process that allows this is not fair to those that really need help ... even non-low income individual get the opportunity to buy a house at age 21.

Cost

The land value alone ranges from \$360K to \$430K. Harald is selling his .16 acres on Hillside for \$144K. The tax value on .17 acres in town is around \$120K.

E. Crestone property is .17 acres

E. Crestone vacated street is .18 acres

M. Street property is .17 acres (from county tax accessor)

P.T's requirement for selecting viable lots around town were that they were shovel-ready. Rezoning, vacating a street and moving utilities does not constitute shovel-ready. The citizens asked for the requirements for selecting viable lots numerous times and we have not been given an answer.

Drew Nelson's comment that E. Crestone is an "odd" angle so it must go away is not a valid argument. There are at least a half dozen "Bermuda" triangles around town ... some of them with parks. Parks are shovel-ready.

Public Safety

- o E. Crestone is the most natural flowing corridor to/from downtown to/from the Mesa. It is the natural extension of Highway 160. It is the least restricted corridor as well: no stop signs or yield signs.
- o Traffic study performed on E. Crestone is invalid due to decrease activity in these pandemic times. Any numbers from the traffic study should be doubled or tripled to accurately reflect vehicular traffic volumes. The traffic study also does not count any pedestrian or bicycle traffic.
- o You are taking away a major traffic route from the Mesa and routing vehicles and cars through a congested road (Crestone) in front of the courthouse and county buildings as well as through an unsafe intersection (Crestone and Poncha).
- o Routing traffic via H 291 is longer is distance and traverses a busy section of 1st Street.
- o Last week, we saw 4 Sheriff vehicles and 2 Salida police vehicles scream up E. Crestone in a period of 2 hours.
- o A minute increase in response times increases mortality by between 8 (measured 1 day after the initial incident) and 17% (measured 90 days after the initial incident). By eliminating E. Crestone, you are increasing the emergency response time from the fire station to the Mesa neighborhoods. Does the city really want to be liable for the increase of mortality?
- o By eliminating E. Crestone, you putting vehicular, pedestrian and bicycle traffic to/from the Mesa in danger.

While I applaud your intent to help affordable housing issues, affordable housing cannot trump public safety or fiscal responsibility.

(1 day ago)**

to me

City council approved the motion for city staff to begin the application process for E. Crestone vacation on 15 October 2019. The section of land proposed to be vacated in this approved motion (see first image) is different than the E. Crestone vacation application proposed section of land submitted by CHT/City of Salida (see second image). The difference between the land section in what was approved by Council motion and what is part of the vacation application is a section of land that abuts a private property owner (see third image). The action by the City of Salida to begin vacation of land that was not approved in the 15 October Council motion and to change the section of land in the vacation application to benefit CHT is unethical and shows blatant bias toward CHT. Had the City of Salida kept with the approved by motion land vacation section, the City would have to quickly claim deed the land to the abutting property owner (Pryor resident). It is also a conflict of interest for any public servant to take a premeditated impartial position on any application.

City of Salida Municipal Code Sec. 16-6-130. - Vacation of recorded plat, right-of-way or easement.

(2) Quitclaim Deed. Whenever the City approves an application vacating a public right-of-way, the City shall provide abutting landowners with a quitclaim deed for the vacated lands. Each abutting landowner shall be deeded that portion of the vacated right-of-way to which the owner's land is nearest in proximity.

According Colorado Constitution Article XXIX Ethics in Government Section 1c, local government officials or employees shall avoid conduct that is in violation of their public trust or that creates a justifiable impression among members of the public that such trust is being violated.

Colorado Constitution Article XXIX – Ethics in Government
Section 1. Purposes and findings.

(1) The people of the state of Colorado hereby find and declare that:

(a) The conduct of public officers, members of the general assembly, local government officials, and government employees must hold the respect and confidence of the people;

(b) They shall carry out their duties for the benefit of the people of the state;

(c) They shall, therefore, avoid conduct that is in violation of their

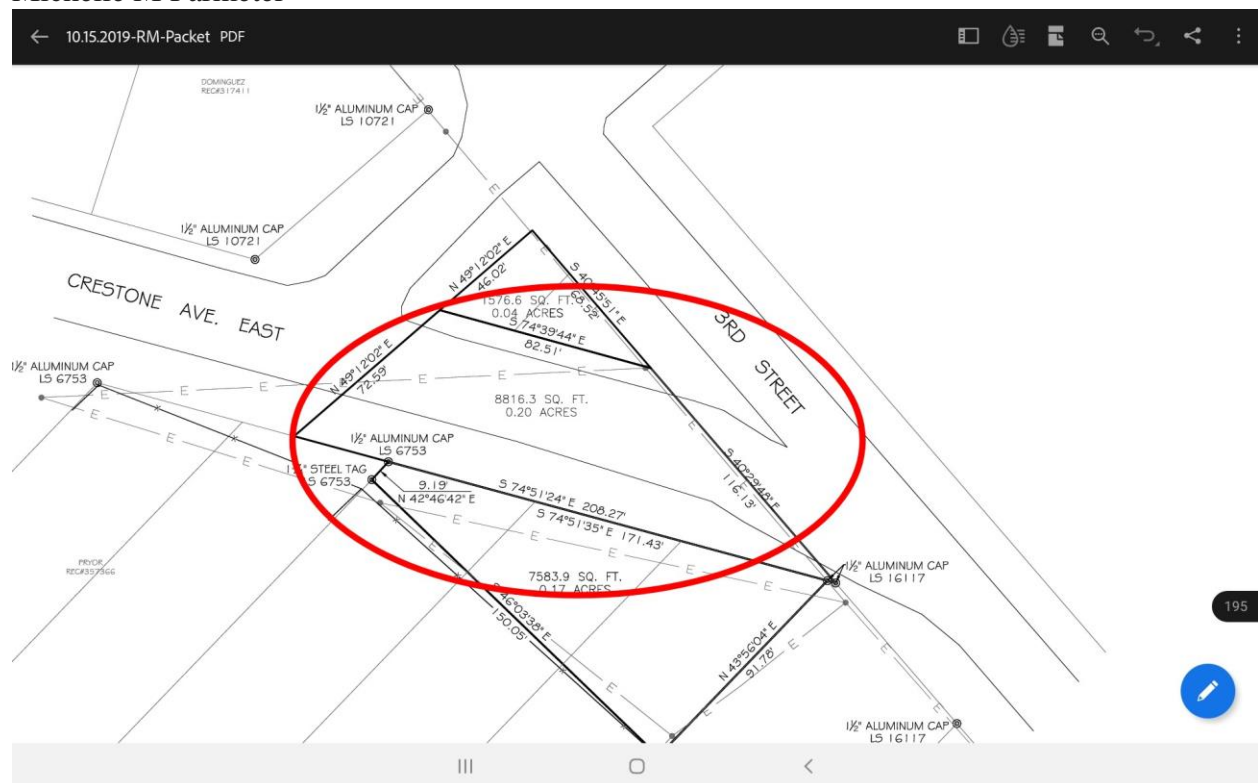

public trust or that creates a justifiable impression among members of the public that such trust is being violated;

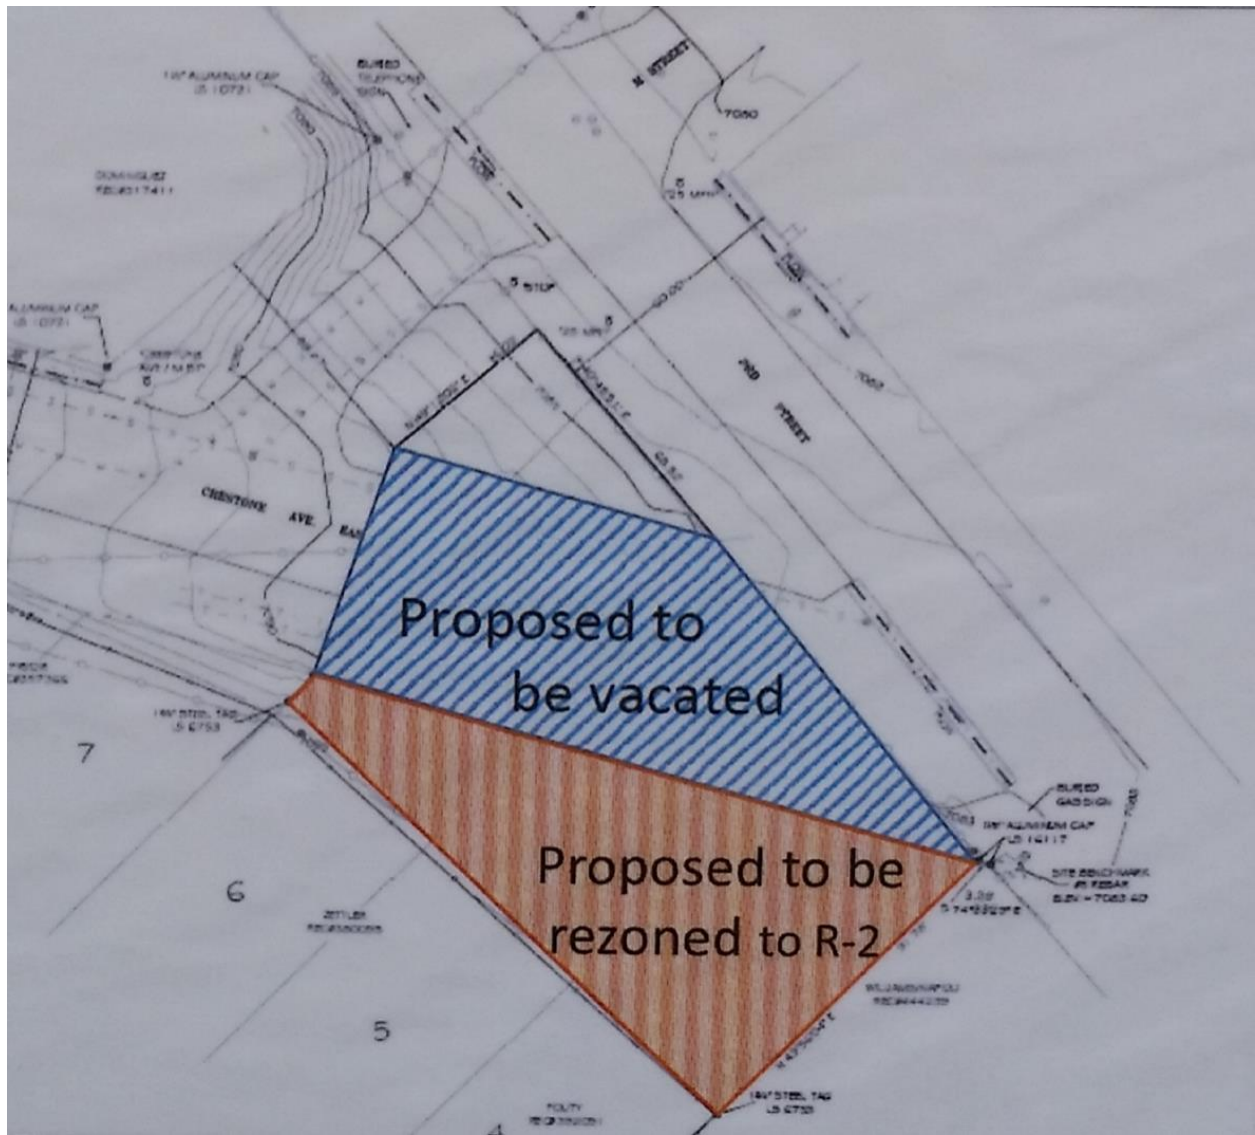

Reference Colorado Independent Ethics Commission

handbook: https://www.colorado.gov/pacific/sites/default/files/IEC_Ethics_Handbook_2016.pdf

It is the duty of all public servants to ensure that the public's money is spent as efficiently as possible and that programs are provided effectively, without discrimination or prejudice, with transparency and without waste of money or resources. Adding to the previous list from Friday's email, affordable housing cannot trump public safety, fiscal responsibility or a code of ethics. I want to believe I can trust the City of Salida to move in the ethical direction with respect to the E. Crestone vacation application.

CHT housing is not affordable.

Even with land donations, the price per square foot for CHT housing is unaffordable:

Salida – Two rivers house sold on 19 April 2019 for \$266.8K with 828 sq ft comes to \$322/sq ft

BV- The Farm house sold on 27 March 2020 for \$213.5 K with 930 sq ft comes to \$230/sq ft

The cost per square foot to build a basic home in Colorado is \$150/sq ft. Any developer or individual given free land should be able build a house for less than \$230-322/sq ft. Is a nonprofit corporation profiting from this difference in cost per square foot, \$140K and \$74K, respectively for the homes mentioned above? Is this really affordable? You decide.

Whether you are an individual, business or municipality, donations and grants to organizations should not be given on noble cause alone. In the case of the City of Salida:

- What oversight/due diligence is done by City of Salida before donating to any organization?
- Where is City of Salida's checklist used as criteria for screening eligibility of organizations requesting donations?
- What percentage of the donations goes toward salaries and operational expenses for the organization?
- What is the organization's five-year plan for growth (employees and assets)?
- Is the business model of the organization fiscally sound, sustainable and resilient?
- Does the organization protect personal individual information according to PII (Personally Identifiable Information) cyber security best practices?

Money used to provide donations and grants to organizations comes from taxpayers (income, property and sales tax). CHT's request for E. Crestone land donation by the City of Salida is misuse of the affordable housing platform and taxpayer benevolence. City council is being negligent by donating to any organization that doesn't adhere to consistent, objective, safe and fair business processes.

The applications submitted by Chaffee Housing Trust (CHT) for vacation of E Crestone and rezoning the collective land to R2 should be null and void:

<https://cityofsalida.com/wp-content/uploads/3.16.20-Packet.pdf>

The applications were signed only by CHT executive director on 6 February 2020 as applicant/agent. The applications were submitted to the City by CHT just before the 4 March 2020 community meeting. The City of Salida was hand-written in as co-applicant on the applications sometime after the submission by CHT. The owner signature block was left unsigned.

CHT is not the owner of the land therefore should not be able to request vacation or rezoning of land. The land is owned by the citizens of Salida. CHT is a non-profit corporation with over \$1.5M in assets in 2018 (obtained from 2018 tax form 990). City council is overstepping their boundaries by sole-sourcing affordable housing development to CHT.

The applications cherry pick sections from the 2013 city comprehensive plan as the reason for vacating and rezoning; however, the plan clearly states, "The City of Salida does not directly provide affordable housing for the community." How much more direct can you get than donating citizen-owned land, city services and city labor? A comprehensive plan is not law ... rather it is a guide of vision.

<https://cityofsalida.com/wp-content/uploads/Complete-Comprehensive-Plan.pdf>

H-II.1 – Promote new development projects that contain a variety of housing, including affordable units.

Action H-II.1.a – Any residential development at the Vandaveer Ranch should include a significant affordable housing component.

Action H-II.1.b – Consider adoption of an inclusionary zoning ordinance.

Action H-II.1.c – Seek changes to the Land Use Code to ensure that affordable housing is interspersed throughout the city, maintaining diversity in existing neighborhoods.

The comprehensive plan does not recommend vacating a busy street and donating city assets, services and labor for affordable housing.

The planning commission meeting scheduled for May 26th to review these applications should be canceled due to the invalid submission of applications by CHT or at the very least postponed due to the state order requiring group gatherings be less than 10 people.

Rezoning and vacating of land requires a major impact review by the City Council. If indeed the city continues to review these invalid applications, the City Council should recuse themselves due to conflict of interest based on their lack of impartiality (non-signatory co-applicant) and conspiracy of personal agendas. We live in a democratic society. The council cannot be the judge, jury and executioner for these applications. Where are the checks and balances in this process if City council can give away city land and services without due process?

The application for vacation of E. Crestone/rezoning of land to R2 and subsequent donation of land to CHT should be stopped due to the following reasons:

1. E. Crestone does serve governmental purposes. A City-owned utility sewer line runs underneath it. This contradicts Nelson's statement in the 1 May 2020 Mountain Mail article: "Nelson cited Colorado Revised Statutes 31-15-713 when he said real estate owned by a municipality not used for governmental purposes may be transferred via ordinance. Since there has been no governmental use of the property in question, it is eligible to be transferred by ordinance."
2. A traffic study conducted during Stay/Safer at home Executive Orders is being used to support the vacation of E. Crestone. It is not a valid traffic study due to COVID-19 and the closing of Chaffee County to tourism.
3. The vacation causes injury to the surrounding neighborhoods. It is non-compliant with Municipal Code Section 16-4-110: "... shall not cause undue traffic congestion, dangerous traffic conditions or incompatible service delivery, parking or loading"
 - a. Increases traffic/parking on an already busy street
 - b. Re-routes Mesa traffic to Crestone Ave which is already burdened with traffic/parking issues around the courthouse and county buildings.
 - c. Lacks realistic/safe residential parking for the proposed units. Even though city code only requires 1 parking space/unit, actual parking space/unit usage is closer to 2-3. Proposed residents will have to park additional vehicles somewhere on 3rd street and walk/cross on an unsafe street.
4. The donation of city land and services is not fiscally prudent or legal.
5. The use of our electric franchise fee fund collected from Exel Energy(1% of our energy bills) to help with undergrounding current utilities for the site needs to be prevented. This money is for use by all residents to assist with undergrounding utilities.

Instead of cramming six 35 ft tall buildings on .17 acres and jeopardizing the safety of our citizens in surrounding neighborhoods, the land on E. Crestone should be designated as a pollinator garden perhaps to commemorate our City's fallen civil servants. The land has 7 trees and native rabbitbrush which is beneficial to migrating butterflies. We need more green zones in Salida and less structures polluting our skyline.

In the Friday February 27th, 2020 Mountain Mail, there was an article outlining Chaffee Housing Trust's meeting on Thursday March 5th during which CHT plans on giving updates on recent activities. What the article fails to mention is a major request of CHT that is in the works:

The CHT is applying to have the City-owned lots (triangles) on either side of E. Crestone Ave where intersects 3rd St. donated to the CHT. This would include the vacation of that short section of E. Crestone between 3rd and M. The lot created would allow the construction of 5 units + and ADU on the south side of the lot, backed up to the east side for affordable housing.

On October 15, 2019, the council unanimously approved vacation of E. Crestone Ave without a no-injury, traffic or emergency response impact assessment. CHT was the only side represented in the 15 Oct meeting. In early November 2019, the city had the property surveyed at the city's expense. In late February 2020, the city started removing street signs on W 3rd Street. CHT is announced the development of that property for affordable housing on March 4th, 2020 at 600 PM in the Scout Hut. CHT further continued development discussion without opposing parties at the 16 March 2020 City council work session.

Property values surrounding the lots average over \$500K. The average price of the affordable housing will be \$265K. A 2017 Stanford affordable income housing study indicates that housing of similar value surrounding affordable housing does not see a negative impact; however, surrounding housing that is valued well-above the affordable housing value does see a negative impact to value.

The 2018 inclusionary housing ordinance requiring 12.5% affordable homes is for new annexations and developments of 5 or greater units. Salida has plenty of large undeveloped zones that will provide affordable housing due to the inclusionary housing ordinance. Decisions by the council around affordable housing need to be fair, informed and least impactful to its citizens.

Please explain why Salida Municipal code does not explicitly state which decisions the city considers quasi-judicial. This is best practice.

Does the City of Salida have a published code of ethics? If not, why? Does the city have certified ethics training for its personnel?

Please explain why Salida Mayor and City council did not ask if opposing party was represented at the 15 Oct 19 and 16 Mar 20 council meetings.

By not asking, these meetings even though they were public are analogous to a judge allowing court proceedings to occur without opposing council.

E. Crestone Ave. Housing

Nick Merchlewitz <nickpmerk@gmail.com>
To: bill.almquist@cityofsalida.com

Wed, Aug 12, 2020 at 7:27 AM

To whom it may concern,

My name is Nick Merchlewitz and I support the construction of affordable housing at E. Crestone Ave. The Chaffee Housing Trust helped me buy a home at the Two Rivers Rowhouses just over a year ago, and I feel very fortunate they were able to help me out. Buying a home with the help of the Chaffee Housing Trust was not an easy process and this home was not just handed to me. I work my ass off 40 hours/ week and I do not get any help from the government to pay for my home. The Chaffee Housing Trust is helping regular, hard working people like myself and it would be great to see them continue to help the community with affordable housing. Again, I support the construction of affordable housing at E. Crestone Ave. Thank you for your time,

Nick Merchlewitz

Subject: Crestone Ave- Chaffee Housing Trust

I would like to go on record as being against closing the intersection at 3rd and M Streets as I feel this project is going to result in several unintended consequences that will be detrimental to our city.

Like many in Salida I've long thought that affordable housing needs to remain one of our top priorities. However it is clear to me the Chaffee Housing Trust's plan for 3rd and M Street is addressing the right problem with the wrong solution. On a recent weekday I stood at the intersection of Crestone and East Crestone Avenue for half an hour and witnessed that 65% of the cars heading west onto Crestone and eventually CR160 were coming up East Crestone from 3rd street- the intersection that the City proposes closing to accommodate the Housing Trust's new homes. Meanwhile Longhorn Ranch, Crestone Mesa and Cottonwood Green are all building with dozens or eventually 50 or more homes to be built on Country Rd. 160 - all accessed by Crestone Avenue. If the housing trust project goes forward all that traffic will be forced to travel up Crestone and go in front of the courthouse. The result will be a four or five fold increase in traffic going in front of the courthouse than we currently have.

For traffic east bound into town the situation is even worse as it forces much more traffic into the already difficult intersection with Poncha blvd. Cars on Crestone have a yield sign and have to look behind them over their right shoulder while also gauging the speed of on coming cars turning up the hill at this unsafe intersection. Increasing the traffic many fold will lead to accidents. Chaffee County's wide courthouse lawn with the beautiful trees and parklike atmosphere is one of the charms of Salida. Turning this street into a major thoroughfare is not an improvement.

As City planners are well aware there are also currently under consideration plans to expand the courthouse building and put parking across the street in the lot owned by the Presbyterian church. Putting parking where a lot already exists is a wonderful Salida community solution which was offered to save cutting down the beautiful trees in front of the courthouse. However it does mean there will be a significant increase in pedestrians crossing the street towards the courthouse. The crosswalk from the parking lot will be right in the crosshairs of traffic at the already difficult intersection with Poncha Blvd mentioned above. New construction on CR 160, the closing of 3rd and M streets and new offices and more visitors at the Courthouse will combine for a "perfect storm" with deadly consequences. Greatly increased traffic is being funneled directly to where pedestrians will be trying to cross the street to access the courthouse from the new parking lot. The traffic study for this project was done during the Covid shutdown making its data unreliable. In addition the study was done without knowing exactly what the County will be doing as regards a new building and the above mentioned parking lot. For both of those reasons there is no possibility of intelligent decision making based upon such a flawed traffic study.

None of us want to stand in the way of increased affordable housing in Chaffee County but this project has not been well thought out. The likelihood of an auto-pedestrian accident in front of the courthouse is a virtual certainty with possible deadly consequences. No one wants that. The Housing Trust should pursue its goals at one of its other potential locations.

Dear Editor,

I ask your readers to support the efforts to create affordable housing in Salida, including the East Crestone street vacation to create a buildable lot. As a result of home ownership through the Chaffee Housing Trust, I've been able to stay in my current job at the hospital. As a renter, it was getting too expensive for me to stay in Salida and I would have left town. Instead, I'm not stressed about getting kicked out of my place because they are going to sell it, or raise the rent yet again to where I can't afford it. My home is a lot nicer than rentals I've lived in. I'm getting to know my neighbors here, which didn't happen in a rental. I'm developing community with other homeowners, I can garden here, and I have stability, socially and financially with fixed monthly housing payments that will not go up.

Employees that work here should be able to live here. It is good for businesses because workers stay longer. They do less commuting (less environment impact). Workers who live in the community spend most of their money in the community, contributing to the tax base, supporting local businesses. As a percentage of their income, they spend more than wealthy residents and visitors. Moderate amounts of tax dollars should be spent on supporting workforce. Tax dollars are spent beautifying the city for tourists, on roads, schools, and other essential things. Aren't workers essential to our economy?

Please, let's help out our local employees and our community, we'll all be happier in the end.

Robert Weisbrod

Salida City Council:

RE: Vacating and development of Crestone Avenue at 3rd street

The Permanent vacating and blocking of City streets for an additional one or two living units is not a short term or long term solution for housing. The vacating is permanent, the low income housing is not. Such a precedent will create an effort by every developer, every downtown entity needing parking, any new quality business wanting to bring quality jobs here, every housing project, etc., to look to this option in the future to solve developmental problems throughout the City and/or to maintain a strong downtown community.

To the Crestone location specifically, the only problem to be solved will be a speeding issue coming into town from County Road 160 that was somewhat corrected with the speed signs.

Problems created will be (1) traffic diverted to the front of the courthouse and through the infamous third street hill intersection, (2) increased use on Mesa Lane which is strongly used for the Hospital, ambulances, and north bound drivers trying to make left turns onto Hwy 291, (3) the L street hill, which is very steep, would have to be used more on icy days when 4 wheel drives will be needed, (4) R-1 and R-2 neighborhoods would be permanently changed with precedent setting approvals(is density too dense here), (5) R-1 zoning would become moot with all long term R-1 home owners knowing they can add an ADU, subdivide property in the name of housing, and move elsewhere, (6) with the vacating, snow plowing at a turnaround or at one 90 degree turn adds several pass throughs, along with ongoing drainage diversions being continual problems on the sandy hill, and (7) five or six units does NOT fit into the Zoning and neighborhood--two or three units would fit into R-1 or R-2 and community/neighborhood aesthetics would be saved and adhered to rather than cluttered from the development building structuring.

5/6/2020

Dear Editor,

When I first arrived in Chaffee County, I was struck by the incredible sense of community and truly amazed at how citizens voiced emphatic support for Affordable Housing. Most communities see this as a “Not In My Backyard” issue, and I was genuinely moved by the community support. Looking at the reaction to the Chaffee Housing Trust’s (CHT) proposed development at M & 3rd, it is disappointing to see things have changed.

The cost of housing in Chaffee County consistently outpaces the income of its primary workforce. The median price of a single-family home is now \$424,500, and a condo/townhouse is \$400,000. Home prices are up more than 25% in just the past 4 years (condo/townhouse properties are up 38% in just the past 12 months).

Market forces drive up home prices, which is good for our community in many ways. It is however, a grave and gathering danger when a typical working family cannot afford the dream of home ownership.

We should be concerned about the impact of rapidly diminishing opportunities for home ownership. Housing dramatically affects quality of life for those who live and work here. Furthermore, it hinders economic development and the ability to attract and retain new business and a workforce.

Home ownership is historically the single best opportunity for building and sustaining financial stability. There are, however, substantial benefits beyond just equity in home ownership. Renters are subject to housing volatility, which necessarily lowers their commitment to community. Property ownership, particularly in the innovative model of CHT, keeps money in our community and improves commitment to an active civic life...activities critical to the health and welfare of neighborhoods and cities alike.

Government has great incentive to stimulate development of affordable housing, with a unique and important role in accomplishing this objective but it cannot make housing affordable by decree. Instead, it should support private/community investment in affordable housing through land-use, fee reductions and code modifications that reduce development costs.

The parcel at M Street and Third Street is a publicly owned asset without benefit to the community. Repurposing this site for affordable housing is an investment in workforce stability, increased tax revenue to the both the County (property taxes) and the City (sales tax), and integrating the workforce into our community.

I learned about CHT through the Marijuana Excise Tax Board (METAB) and found the model very compelling. It is more than just a way to finance home ownership...it allows those who would otherwise be priced out of the market to own a home and build equity value and keeps a portion of the invested capital perpetually in the community.

I have witnessed the benefits of the CHT, as one of our employees is a CHT homeowner. That home has made a world of difference in her life and her future.

Chaffee Housing Trust - Approval of the vacation of E. Crestone

Sterling Stoudenmire <sterling@puregreens.com>

Tue, Jul 28, 2020 at 11:18 AM

To: "bill.almquist@cityofsalida.com" <bill.almquist@cityofsalida.com>

Cc: Read McCulloch <read@chaffeehousing.org>

Bill and City of Salida City Council,

I am writing to express my ardent support for the Approval of The City of Salida vacating the parcel at E. Crestone in favor of the Chaffee Housing Trust (CHT). Attached is a copy my letter of support (as submitted to the Mountain Mail on May 6), which outlines the reasons for support.

I am a charter member of the Marijuana Excise Tax Advisory Board ("METAB"), and Pure Greens is the single largest tax contributor to the METAB. As such, I have been keenly aware of the CHT for several years through the METAB application and grant process. I think it is safe to say the CHT is always at the top of our grant awards list, for the simple reason that it is easily the most compelling and obvious value proposition for positive impact on our community in the both the short and long term. That perspective is considerably amplified by first-hand knowledge of the amazing impact the CHT has had on those individuals who have been recipients, including one of our own employees.

Further, as a Chaffee County EDC board member, I can affirm that affordable ("workforce") housing is one of the single biggest impediments to recruiting new business to the county. The city's support of affordable housing options should make a substantial positive contribution to the economy, and supporting it via the CHT is a great way to ensure that impact will effectively be in perpetuity. I have long been an advocate of public support for affordable housing, and this particular action is a low-risk way to prove that impact for both the City of Salida, and its citizens.

I am happy to appear before the city council and provide whatever insight/assistance it may request in regards to this specific matter, and/or the CHT in general. Should the council have any questions or concerns regarding my letter and/or support, please do not hesitate to contact me directly.

Respectfully,

Sterling F. Stoudenmire IV

Subject: Third Street housing project. Please forward to Bill Almquist

To: <dan.shore@salidaelected.com>, <jane.templeton@salidaelected.com>, <justin.critelli@salidaelected.com>, <mike.pollock@salidaelected.com>, <harald.kasper@salidaelected.com>, <alisa.pappenfort@salidaelected.com>

I have listened to both sides of the proposal to build affordable housing at the intersection of East Crestone Avenue and Third Street, and I understand the issues involved. Disregarding costs to the city, the effect of the project on property values, and the traffic problems that it will create, I oppose the concept on the grounds that this parcel of land is not an appropriate site for multiple housing of any kind, affordable or otherwise, because it requires the City of Salida to vacate a busy street that connects residents on the Mesa with downtown Salida, and that also entails constructing multiple residences on a steep hill that would leave owners with little or no backyard and would impact the residents' property on (upper) Crestone Avenue. I cannot think of a positive outcome for the housing project, if it were approved. There must be other sites within the city that present fewer problems.
