		Amplified Sound
		Chapter 10, Article IX of the Salida Municipal Code (the "Code") establishes regulations and standards for noise within the City of Salida (the "City") to reduce and eliminate unnecessary and excessive noise which would otherwise be detrimental to residents and the community in the enjoyment of life, property, and the conduct of business. Of note, Section 10-9-30(c) of the Code provides that it is "unlawful for any person to emit or cause to be emitted any noise which leaves the premises on which it originates, inclusive of a public premises, crosses a property line and enters onto any other premises in excess" of the specified levels. Pursuant to Sections 10-9-40(14) and 10-9-80 of the Code, however, the City may specifically exempt a particular noise from this prohibition through the issuance of a noise permit. Such a permit may include limitations and conditions to minimize the adverse impacts of the proposed noise may have on the community or surrounding neighborhood. Such limitations and conditions include, but are not limited to, the following: the hours of operation, maximum decibels, the type of sound amplification equipment, and the type of sound that may be amplified. No permit shall be issued for noise after 10:00 PM, with allowances to go until midnight on the Fridays and Saturdays of Memorial Day weekend, 4th of July weekend, and Labor Day weekend, and on the Thursday, Friday, and Saturday during the FIBArk Festival. The issuance of a noise permit is at the sole discretion of the City Administrator or Cyc Council, and the issuance of such permit does not confer any rights upon the permittee other than those expressly authorized by the permit. Violation of any of the conditions or limitations set forth in the noise permit may result in immediate revocation of the permit. Revocation of the noise permit does not preclude the City from seeking any remedies otherwise available under federal, state, or local law.
