WHEREAS, the City requires additional time to prepare and propose for adoption any and all other regulations within its authority including, but not limited to, time, place, and manner of operation regulations for Healing Center and Natural Medicine businesses, facilities, and operations; and

WHEREAS, the temporary moratorium imposed by this Ordinance is intended to prevent the operation of Natural Medicine and/or Healing Center businesses, facilities, and operations in the City on a temporary basis in order to allow the City to analyze and apply the state of the law and regulations, to draft appropriate ordinances pertaining to the same, and to allow public comment prior to adoption of any such ordinance; to ensure that prospective operators and owners of Healing Centers and/or Natural Medicine businesses, facilities, and operations are able to make business and investment decisions with sufficient knowledge of local ordinances surrounding the same; and in order to protect the health, safety, and welfare of the residents of the City; and

WHEREAS, in light of the foregoing, the City Council finds and determines that imposing a temporary six (6) month moratorium on the submission, acceptance, processing, and approval of applications for the establishment of a business that cultivates, processes, or dispenses natural medicine in the City of Salida as well as the establishment of any business, occupation, or operation for Healing Centers or Natural Medicine in the City is both urgent and necessary to preserve the status quo in order to allow the City the time and ability to engage in a thorough review and analysis of Natural Medicine law and its attendant regulations, to ensure appropriate time for public engagement regarding regulation of the same in the City, and to preserve the status quo during such time to promote the public health, safety, and welfare by allowing a deliberate and well-reasoned decision-making process; and

WHEREAS, the City finds that the ongoing review and analysis of the law, its attendant regulations, and development of time, manner, and place regulations related to Natural Medicine risks being significantly delayed or altered in scope should the City accept land development and use applications for Natural Medicine and/or Healing Center businesses, facilities, and operations that materially change the physical, natural, and economic fabric of the City prior to the time final decisions are made regarding the adoption of local regulations regarding the same; and

WHEREAS, a temporary moratorium in the amount of six (6) months is a reasonable length of time and no longer than necessary for the City to properly review, research, develop, ensure appropriate time for public engagement, adopt, and implement any applicable recommendations, amendments, and regulations regarding Natural Medicine and/or Healing Center businesses, facilities, and operations in the City's Code; and

WHEREAS, the City also finds and determines that this temporary moratorium is necessary for the immediate preservation of the public health, safety, and welfare and that this Ordinance should therefore become effective upon adoption, as authorized by C.R.S. § 31-16-105.
