Surrounding Land Use and Zoning: The site is currently zoned RES (Residential Zone District) in Chaffee County. The properties to the north and east remain in Chaffee County and are also zoned RES. The properties to the west are within the city limits and are zoned High Density Residential (R-3) and the properties to the south are part of the Vandaveer Ranch Planned Development.

REVIEW STANDARDS FOR MAP AMENDMENTS (Section 16-4-210):

1. Consistent with Comprehensive Plan. The proposed amendment shall be consistent with the Comprehensive Plan.
 - The Comprehensive Plan includes the goals that new projects should complement the neighborhood's mass and scale; be focused within the Municipal Services Area (MSA) and be developed at maximum densities to make the best use of available infrastructure.
 - The zoning of R-3 would be consistent with the zoning found in the adjacent properties and would continue the regular pattern of zone district application.

-------------------------------	--	---------------------------------

2. Consistency with Purpose of Zone District. The proposed amendment shall be consistent with the purpose of the zone district to which the property is to be designated.
 - Per the land use code, the purpose of the High-Density Residential (R-3) zone district is to provide for relatively high-density duplex and multi-family residential areas, including primarily triplex, townhouse and apartment uses. Complementary land uses may also include such supporting land uses as parks, schools, churches, home occupations or day care, amongst other uses.
 - The 6907 C.R. 105 property has a single-family manufactured home which will be removed prior to development of the site.
 - The owner has submitted applications for a Planned Development Overlay and Major Subdivision for the development of the property. At their October 23rd meeting, the Planning Commission continued the public hearing on the Planned Development and Major Subdivision to November 27, 2023. Those two matters will therefore be forthcoming in the form of a subsequent public hearing in front of City Council in the near future.
 - With the inclusionary housing density incentive this property is allowed 41 units of density within the R-3 zone district.
 - Staff supports the request to zone the subject property as High-Density Residential (R-3).

3. Compatibility with Surrounding Zone Districts and Uses. The development permitted by the proposed amendment shall be compatible with surrounding zone districts, land uses and neighborhood character.
 - The zoning classification of High Density (R-3) is consistent and compatible with the zoning of the adjoining 6906 Vandaveer Ranch Road property.

4. Changed Conditions or Errors. The applicant shall demonstrate that conditions affecting the subject parcel or the surrounding neighborhood have changed, or that due to incorrect assumptions or conclusions about the property, one (1) or more errors in the boundaries shown on the Official Zoning Map have occurred.

Zoning Application Narrative

We are applying for our annexed property to be zoned with an R-3 designation. The other properties along Vandaveer Ranch Road have already been given R-3 zoning and this would allow for the zoning to be consistent throughout the street and neighborhood. We are also applying for a high-density development, as a Planned Development.
