ITEM

Resolution 2022-60 A Resolution of the City Council for the City of Salida, Colorado Adopting and Approving the 2023 Fee Schedules.

BACKGROUND

Our City, including the City Clerk's office and its various departments, relies upon fees to provide many services to its customer and citizens. The Salida Municipal Code authorizes the operations of the City and provides for the establishment and amendment of fees for various City services. Occasionally new services are offered and additional regulations are implemented which also require the addition or amendment of fees charged by the City.

The City Clerk's office wants to ensure that all fee schedules, relating to all department within the City, can be updated and streamlined within the amended 2023 Schedule of Fees. All department heads and relevant staff have contributed towards their respective schedules, which can be found in Exhibit A, following the Resolution in the packet. We believe this is an important step for ease of use and transparency for all of the City's citizens and customers.

Council should note that there are changes to fees for two departments to reflect the increasing costs of providing services to the community.

Finance Increases:

Monthly water rates and charges for service section increased 2.6% over 2022 and the "monthly wastewater rates and charges for service" increased 8.9% over 2022. These rates are on a 5 year pattern of increasing by this same percentage each year and follow the 2020 rate study performed by Ehlers, Inc. We also updated the price for water meters which is driven by supplier prices.

Parks and Recreation:

1. The pool membership and access passes are proposed to go up 10% in 2023.

Individual daily entry fees to the pool went up 30% in 2022 to account for many years of stagnant pricing.

DEPARTMENT	PRESENTED BY	DATE
City Clerk	Erin Kelley - City Clerk	December 20, 2022

Memberships and Access Passes were only raised 10% in 2022 because it was determined that these are targeted to the local community.

This year would be the 2nd in a 3-year plan to raise the rates to the appropriate 30% increase from 2021.

2. Infants aged 0-2 will not be charged for entry into the pool.

This follows local practices for free access for kids of various ages:

Joyful Journey: 0-4

Mount Princeton: 0-3

Valley View: 0-16

Hooper/Sand Dunes: 0-2

Ouray: 0-4

Glenwood: 0-2

Steamboat-Old town: 0-2

3. Park rental rates will change from a "less than 4-hour" rate and a "more than 4-hour" rate to an hourly rate with a minimum of 2 hours.

4. Memorial installation rates have been added.

5. "Personal profit from public asset" has been added to address commercial or private entities that use facilities like the skatepark for profit.

6. A Financial Support Policy is proposed to allow for price adjustments that align with a policy and does not require council approval for changes in the cost of items like pool merchandise.

STAFF RECOMMENDATION

Staff recommends approving the Resolution, adopting and approving the 2023 Fee Schedule.

SUGGESTED MOTION

Councilperson should "move to approve Resolution 2022-60 a Resolution of the City Council for the City of Salida, Colorado Adopting and Approving the 2023 Fee Schedules", followed by a second.

Financial Support & Sustainability Strategy

Background

There are limited procedures for establishing fees and charges for programs and services offered by the Parks & Recreation Department. The current fees and charges structure have

been created through ad hoc methods that do not provide a clear approach to cost recovery, priority of service delivery or ensuring access to public spaces or programs. The Department consistently needs to balance the goal of setting a sustainable financial model for operating, maintaining and reinvesting their assets as well as, maintaining and ensuring continued access to current parks, recreation facilities and public programs.

Objective(s)

With multiple benefits accruing to both personal and public interests, it is appropriate for public park and recreation services to be supported by a blend of participant fees and taxpayer funding. The annual City budget determines the amount of taxpayer support that is available for park and recreation services and charging fees for participation is a way to ensure the availability of recreation services and supplementing limited taxpayer dollars.

As of 2020-2021 the City of Salida Parks and Recreation Department is shifting towards a fiscal management philosophy that is focused on a “beneficiary of service”. In this conceptualization, each type of service has a set of specific characteristics that provide a rationale for who should pay (e.g., taxpayers, the individual, or both) and to what degree. Ultimately, this aligns the allocation of tax dollars, cost recovery expectations with beneficiary of service.

Policy Statement

The City of Salida Parks and Recreation Department’s Financial Support and Sustainability Strategy intends to create organizational resilience by way of a logical, intentional and thoughtful guidelines for investment and spending decisions. The strategy encourages revenue generation strategies and practices that are fair, equitable, and responsible. This direction is required in order to sustain the Department and its expectation as a provider of park and recreational services, and the justifiable recovery of costs as detailed in this policy is necessary to ensure the Department’s financial stability in the near and long term.

Cost Recovery

Cost recovery refers to revenues generated from fees and charges, sponsorships, donations, grants, and other alternative revenue streams in relation to the amount of money necessary to operate a service. For example, a cost recovery level of 75% simply means that for each dollar spent on a service, .75 was generated from a revenue source with the remaining .25 was covered by subsidy dollars (i.e., taxes).

City of Salida Parks and Recreation’s Service Categories

The development of categories which include *like* services are important when it comes to justifiable and equitable allocation of subsidy, cost recovery levels, and assignment of budget to account for a category’s fiscal performance (e.g., a service category such as Skill-based Activities – Rec/Intro Level would include activities such as Intro to Gymnastics, Intro to Mahjong and Kayak Roll Sessions).

The benefit of this type of approach are two-fold. First, it is inefficient for the Department to

determine cost recovery expectations by each individual service including facility, activity, or event. Secondly, categorizing by “type of service” or “likeness of service” discourages attempts to determine fees and charges (and therefore cost recovery decisions) based upon special interests, age-based services, or individual values.

The following Service Categories represent the Department’s service menu and include Service Category definitions as well as example services:
