#### Please explain your interest in serving on the Library Advisory Board

Promoting literacy is a passion of mine. I feel the key to success for any/everyone is literacy. It is critical that everyone has free access of information. Books should never be banned or burned, regardless of the content.

#### What knowledge, education, or skills would you bring to the Board?

I have good communication skills, and was a technical writer in the computer industry for 15 years. I have a love of learning and of sharing knowledge with whomever is interested. I strive to contribute in whatever manner possible to the community in which I live. I am a hard worker.
