Please explain your interest in serving on the Economic Development Advisory Board

I am interested in serving on the Economic Development Advisory Board because I recently started a home based business here in Sandy and I would love to help foster the economic growth here in Sandy. I'm interested in exploring ways that the city can help home based start-up business grow so they can be able to operate storefronts and hire employees. I would also like to contribute to making Sandy a desirable destination for new businesses that can enhance our downtown core, make Sandy an even bigger destination, provide living wage jobs, and grow our tax base.

What knowledge, education, or skills would you bring to the Board?

I am currently in the process of starting and growing a small business here in Sandy and have recent first-hand knowledge of how difficult that can be. As a Travel Advisor, I spend a lot of time talking to clients about what they are looking for in a destination that they are wanting to visit and I believe I can bring that forward to help Sandy.
