Why are you interested in joining the Planning Commission? What inspires you to serve in this capacity?

This is a great opportunity to serve my community and utilize the skills I have gained over the years in various construction support roles

What knowledge, education, or skills would you bring to the Commission?

I have spent most of my working career in the commercial vehicle industry, including supporting the launch of the electric Freightliner truck. I enjoy supporting new initiatives and working through problems to meet project requirements. I have an associates degree in automotive with applied business management. My recent roles and current role see me planning and managing high level construction projects. I take pride in understanding the requirements and accurately bidding the projects to minimize change orders after the project has begun.

Do you live within city limits, or if not, do you meet one of the two exceptions listed above this webform under 'Membership Requirements?'

Yes
