As a retired educator with 32 years experience, I am uniquely qualified to serve on the Library Board. I enjoy reading and value what our library brings to our community.

Please share any previous experience serving on a Board, Commission, or Committee, and describe the accomplishments achieved during your term.

Serving on my first term of the Sanger Library Board, we passed a resolution involving what to do if a citizen challenged reading material. This is a very helpful aspect of the library operation. I have volunteered and continue to volunteer in many of the library's wonderful activities which enrich our community.

Additionally, tell us about your past and current involvement with community programs, civic organizations, volunteer work, or other non-profit entities.
