## SUBDIVISION PACKET

A Plat subdividing land within the city limits of Sanger or within Sanger Extraterritorial Jurisdiction (ETJ) requires the approval of the City of Sanger. The platting process involves the preparation of one or more plats by the landowner, a review by staff, and consideration by the Planning & Zoning Commission and City Council.

**PLAT TYPES:** There are seven different types of plats, each with their own function.

- **Preliminary Plat** – A preliminary plat is required for most subdivisions, particularly those providing for dedication of public right-of-way and construction of public improvements. It is used to determine the layout of the proposed development.
- **Final Plat** – A final plat will follow a preliminary plat to specify in detail the arrangement of lots, the dedication of public right-of-way, and the provision of public improvements and services.
- **Replat** – A replat revises an existing plat and is controlling over the preceding plat. A public hearing is required for replat.
- **Minor Plat** – A minor plat is one creating three lots or fewer, and not requiring the dedication of right-of-way or construction of improvements. Minor plats can be approved with the preparation of a preliminary plat.
- **Amended Plat** – An amended plat revises a previously platted lot to correct an error or add or modify a feature. Amending plats cannot increase the number of lots.
- **Conveyance Plat** – A conveyance plat may be used to convey the property or interests therein. It may also be used in lieu of a final plat to record a subdivision or property. A conveyance plat is an interim step in the subdivision of land and shall contain a notation that indicates that no development is intended.
- **Vacating Plat** – A vacating plat removes/vacates the plat covering a tract of land before any lot in the plat is sold. The plat is vacated when a signed, acknowledged instrument declaring the plat vacated is approved and recorded in the manner prescribed for the original plat.

**SUBMISSION REQUIREMENTS:** The submittal requirements for each kind of plat are included in this packet.

**SUBMISSION SCHEDULE:** Plats must be submitted during regular business hours before the submittal cut-off date for each Planning and Zoning (P&Z) Commission meeting. Plat will be scheduled for P&Z Commission and for City Council according to The Schedule for Planning Applications on the City's website. Staff will provide review comments within 2 weeks of application filing. All corrections must be made prior to the P&Z Commission meeting. If more time is needed for revisions/corrections, the applicant and owner must submit a request in the form of a signed letter a week before the P&Z meeting date. Staff may extend the application review time for up to 25 days upon receipt of the signed letter.

**APPLICATION FEES:** The non-refundable application fee covers part of the cost for the city to review and act on the plat application.

## SUBDIVISION PROCEDURE

The process for subdividing land involved the following steps:

Also, the applicable application review and approval procedure for the plat will be identified.
2. **Completeness Check:** The applicant will provide all required documents and fees along with the signed application and applicable checklist for a completeness check 9 days prior to the submittal cut-off date. The applicant may need to make changes and revisions to the plat or supporting materials. The applicant must provide additional copies of the plat if requested by staff prior to the P&Z Commission and City Council meetings.
5. **Planning & Zoning Commission:** The Planning & Zoning Commission will consider the plat at a regular meeting. The meeting date will be determined at the time of application filing. If the plat is denied, applicant may resubmit a response addressing all of staff's comments prior to City Council meeting date.
