the schedules enclosed are summaries of the Mid-Tex Division's books and records related to the invested capital used by the Company in providing utility service ("Affidavits" Section).

The tariffs included in the enclosed package in the section designated "IRA Application" following IRA-3 will be effective on April 21, 2026. These tariffs establish an IRA that will affect the monthly customer charge or meter charge applicable to the ATM Cities. As authorized under Section 104.301 of the Texas Utilities Code, the IRA will recover the difference between the values of invested capital for the Mid-Tex Division's system as of December 31, 2025, and the value of the invested capital for the Mid-Tex Division's system as of September 30, 2024. This investment is used to provide gas services and the IRA will remain in effect until the issuance of a final decision in a rate case that is filed after the implementation of these tariffs. All amounts collected under these tariffs are subject to refund.

The IRA set forth in the tariffs accompanying this filing was calculated by applying the methodologies approved by the Railroad Commission of Texas for the ATM Cities in Docket No. OS-24-00019196 and the factors established in the Final Order Finding of Fact No. 44 and Attachment 2. Docket No. OS-24-00019196 established the latest effective rates for customers within the ATM Cities. Upon approval, the IRA will be added to the customer/meter charges that are effective for customers within the ATM Cities.

Under Section 104.301, as amended, ATM Cities are provided the opportunity to review the filing and either: (i) take final action before April 21, 2026; or (ii) suspend the effective date of these tariffs for forty-five (45) days after April 21, 2026. The source documentation supporting the new investment is available for review through Atmos Energy's electronic databases. If you wish to schedule an opportunity to review the electronic databases or any hard copy project files related to the new investment, please contact me at 214-206-2568. In addition, the Company has elected to make certain adjustments in this filing. These adjustments are detailed in the Company's IRA schedules. Elective adjustments have been made to remove certain employee expenses identified via a detailed review of every employee expense report for items recorded to capital projects for the Shared Services Division and the Mid-Tex Division. These expenses have been removed to reduce controversy. The Company reserves its right to seek recovery of these expenses

Notice of this proceeding will be provided to affected customers in the incorporated areas of the ATM Cities by bill insert or individual mailing within 45 days after the date of this filing in accordance with Section 104.301. The tariffs included in the IRA Application Section of this GRIP filing do not require any action on the part of your city to become effective on April 21, 2026.
