

LIBRARY BOARD COMMUNICATION

DATE: May 24, 2023
FROM: Laura Klenke, Library Director
AGENDA ITEM: Presentation and Discussion or Discussion regarding long overdue materials

SUMMARY:

- The library adopted a mostly no fine policy items in 2018 (We still charge fines on electronic items e.g. hotspots, launchpads, etc.). We've seen the benefits from adopting a mostly no fines policy. However, in the last 18 months we've seen a shift in patron behavior. We're finding a pattern with some patrons keeping items for 90 days or longer without any acknowledgement of the consequences or the impacts of their behavior as barrier for others to use materials.
