Shani, we would like to submit this application for your consideration to enhance our business. First, we would like to replace the faces on both sides of our original Chicken Express logo sign on the north end of our property. The current faces and lighting are almost twenty years old. The new faces will match the taller logo sign on the south side of our property. We would also like to update our current landscaping and add new landscaping where our property meets the FM 455 construction. This would include updating our current flowerbed closest to our building and create a new landscaped area near FM 455. In addition to this there will need to be new grass sod planted between the landscaping and the FM 455 easement. With these updates we would need to rework some of our existing sprinkler system to ensure coverage for the additional landscaped areas. I will include current pictures of our sign and pictures of what the new sign faces will look like in a separate email. I will also send pictures of our current flower bed and the area of our property where the new landscaping will be. Thank you for your consideration of our enhancements. Please let me know if you need anything else.

Shani, this is another quote I had done for our store in Durant Oklahoma to reface our logo sign there. Global signs is usually the cheapest they just take longer to get the job done. However, they have been around for 20 years and were the original contractor for our signs in Sanger. We also ended up using them for this project in Durant and our new building in Gainesville. I have not received another a quote for landscaping but I have requested one.
