

EXHIBIT E

Definitions

Data Center. A facility whose primary service is data processing and is used to house computer systems and associated components, such as telecommunications and storage systems, including but not limited to web hosting organizations and internet service organizations. A server farm, telecom hotel, carrier hotel, telco hotel, Telehouse co-location center, or any other term applicable to facilities which are used for these specific purposes shall be deemed a data center.

Golf Course. A tract of land laid out of the game of golf, including fairways, greens, and driving ranges, whether public or private.
