ITEM TITLE, PRESENTER: Review of Final Zoning Maps, Kristen Bushnell, Planning & Zoning Administrator

RECOMMENDATION: Informational Item Only

SUMMARY

The Planning Commission has drafted the attached Zoning Maps through gathered information from community workshops and staff recommendation. These Zoning Maps will be included as Addendum A in the proposed 2024 San Juan County Zoning Ordinance.

This is the first step in the long-term intent to have interactive maps available for land owners to look up parcel and zoning information through a county online platform.
