

Kind Regards,

We are the owners of Lot 4, Frank and Kathleen Herrmann. We are submitting a formal notice to you as required by the San Juan County, 2024 Subdivision Ordinance, Section 11, Paragraph B.

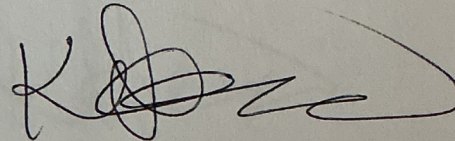

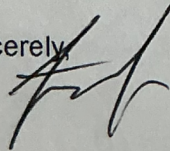

The vacation of our lot from Deer Haven Park Subdivision aligns with San Juan County, Utah Planning and Zoning Ordinances for multiple use and agriculture and the previous vacation of Deer Haven Park Lot 20 in 2020 and Lot 14 in 2025 . It is our desire to return our land to the unsubdivided acreage established for preserving the natural habitat, grazing, protecting wildlife migration corridors, and preserving Old La Sal's rural landscape.

Deer Haven Park has no shared infrastructures. We have no future interest in developing our property and respect conditions San Juan County may attach to the approval of this request.

A property easement and well sharing agreement establishing well access, maintenance, operation, and water usage has been written and submitted to the attorney representing lots 3 and 7a honoring the water rights approved by the Utah Division of Water Rights with a point of diversion from well #5 located on our property, Lot 4.

Lot 8 has been unresponsive and currently has lapsed water rights. Should Lot 8 request a property easement and water sharing agreement and has approved water rights by the Utah Division of Water Rights to divert water from well # 5 the current users of well #5 will amend the recorded property easement and water sharing agreement with San Juan County. This topic has been addressed in the proposed property easement and water sharing agreement submitted to the attorney representing Lot 3 and 7a.

Sincerely,

Frank and Kathleen Herrmann
Lot 4
