### SUMMARY

The San Juan Planning Commission will be hosting five additional workshops to gather community comments for the 2025 Land Use, Development and Management documents. Workshops will be located in each community of the county. Anyone may join any workshop location regardless of the area of residence.

Comments and requests will continue to be gathered through email to [KBushnell@sanjuancountyut.gov](mailto:KBushnell@sanjuancountyut.gov) and packaged for Planning Commissioners upon future discussions of the ordinance. Our county legal team has called for an update to the San Juan County General Plan first and can then proceed to evaluate edits to the Land Use Ordinance. This will be an on-going process over the next few months.

Discussions of the Land Use Ordinance will be combined with regularly scheduled Planning Commission meetings on the second Thursday of each month starting at 6:00pm. The public is welcome to make open comment at the beginning of the meetings.
