Mr. McDonald: I don't know how formal this needs to be, but I'm writing to request that our City Manager, Erin Nelson, be appointed to the open position on the TTAB representing Bluff. Can you advise if you need something more formal than this email?

Also, I've been drinking from the fire hose coming up to speed on mayoral duties. But, when it's convenient for you, I'd love to sit down with you and talk about how Bluff and San Juan County can best work together going forward.

Best,
