### SUMMARY

The Monticello Library is requesting a letter of support for the Sorenson Legacy Foundation grant application. One just like the one done for the Rural Co-Working and Innovation Center Grant (see attached copy) would be fantastic.

We are hoping this grant will help us complete the essential purchases to complete the Co-working space in the basement.

Thank you for your help with this project. We think it will be a great resource for the members of this and the surrounding community.

Please address it to:

Sorenson Legacy Foundation  
6900 S. 900 E. Suite 230  
Midvale, UT 84047

### HISTORY/PAST ACTION

We already have received the Rural Co-Working and Innovation Center Grant which will cover most of construction. We are hoping this Sorenson grant will cover some electronics and furnishing to complete the space.

### FISCAL IMPACT

This grant will help us complete the Monticello Library Co-working space and boost the county library system revenues. The Co-working space will also be an asset to the community that should have an overall positive effect on local economy.
