Gentlemen:

As you are aware, my term with the San Juan County Planning Commission comes to a close today. I know I have been on the commission for quite some time and some of that time has been very frustrating and some has been very rewarding. I realize when we tried to make changes to the current adopted Spanish Valley plan, we went about it all wrong. That was more my fault than anyone else's. Understanding and knowing how to work with the Northern SJ Alliance has been a challenge. I believe we have gained the support from most of the Spanish Valley residents on this new draft and they feel like they had been part of the process. We have put an extreme amount of effort and time in the new ordinances and we are so close to hopefully having them approved by the San Juan County Commissioners. I want to thank all of our staff for getting us to this point.

Therefore, in wanting to see these projects to the finish line I ask that I be considered for another term on the San Juan Planning Commission. We have great momentum right now and that needs not to be disrupted when we are in the 11th hour of these projects. Thank you for your consideration.

Sincerely,

Trent Schafer
