

## COMMISSION STAFF REPORT

---

**MEETING DATE:** February 4, 2025

**ITEM TITLE, PRESENTER:** Purchase of Budgeted New Equipment, Jed Tate, Landfill Manager

**RECOMMENDATION:** Consideration and Approval of 2026 Freightliner 114SD Plus

---

### SUMMARY

Consideration and approval from the San Juan County Commissioners for a new 2026 Freightliner 114SD Plus. There were 4 proposals received. We would like to propose accepting the bid from Premier Truck Group/Freightliner of Utah in the amount of \$129,462. The Landfill budgeted \$150,000 to purchase a new semi-truck in 2025 to replace older equipment. This leaves \$20,538 to remove roll-off equipment from older equipment and reinstall onto new truck.

### HISTORY/PAST ACTION

Our latest semi-truck is a 2010 Kenworth T800 Tractor, which is in working condition. We have another older semi-truck, a 2001 Volvo DP Tractor, which is not highway worthy and is the truck we are replacing.

### FISCAL IMPACT

None.
