PART IV – PROGRAM NARRATIVE
(Suggested Format)

PROJECT: Construct Taxilane / Rehabilitate Airport Access Road
AIRPORT: Cal Black Memorial Airport (U96)
1. Objective: <p>This project includes new taxilane construction and the rehabilitation of the existing airport access road pavement. The taxilane will be 25' x 170' (472 SY) and will provide aircraft access to a designated hangar development area. It will extend from the west edge of the existing aircraft parking apron, located south of the terminal area. In addition to the taxilane construction, the project will rehabilitate the existing airport access road pavement (25' x 1,560' (+/-)). This road connects the airport terminal area to State Highway 276 and was originally constructed in 1991. While it has undergone periodic maintenance, the pavement requires major rehabilitation to restore its structural integrity and extend its service life.</p>
2. Benefits Anticipated: <p>The taxilane construction will provide a defined path for aircraft to transition between the aircraft parking apron and the hangar development area. Revenue from additional aviation development (eg. hangar land leases) will assist San Juan County to maintain financial self-sustainability. Rehabilitating the airport access road will ensure a reliable connection between the terminal area and Highway 276, benefiting airport users. Together, these improvements will enhance operational efficiency, support future development and ensure long-term reliability of airport infrastructure.</p>
3. Approach: (See approved Scope of Work in Final Application) <p>The Construct Taxilane and Rehabilitate Airport Access Road project is being completed through a traditional design, bid and construct process. Woolpert is serving as San Juan County's consultant to lead and assist with this effort. The design and bid package preparation was completed and advertised March 2025 and submitted bids were opened April 2025. In April 2025, FAA concurred with U96 and Woolpert's recommendation to award the contract to Kilgore Companies, the lowest, responsive and qualified bidder. U96 and Kilgore executed the contract September 2025 for a total amount of \$453,247. A summer 2026 construction-start date is expected with a late fall 2026 completion date. After project completion, final administrative documentation will be completed and submitted to the FAA for review, acceptance and project closeout.</p> <p>AIP26 (FY2026)(IIJA AIG) will be a "companion" grant with AIP24 (FY2025)(IIJA AIG) as allowed per FAA Program Guidance Letter (PGL) 25-01: Updated Companion Grant Alternative (May 23, 2025). These two federal grants spanning two fiscal years will result in a completed construction project (eg., a useable unit of work).</p>
4. Geographic Location: <p>Halls Crossing and San Juan County; specifically, the Cal Black Memorial Airport. The geographical reference point for the airport is N 37d 26m 07.10s, W 110d 33m 51.40s.</p>
5. If Applicable, Provide Additional Information: <p>Not Applicable.</p>
