Lyman,

This is an update on funds your county has available for reimbursement for the state's fiscal year (FY) 2025-2026 which ends on June 30. This money is intended for on-going election equipment and maintenance costs.

To apply for these funds, please submit invoices payable to an election vendor that is dated anywhere from July 1, 2025 to June 30, 2026. You will be able to apply for these funds up until June 12, but I urge you to do it as soon as possible.

Submit your requests to the google form.

The most common use for this money is for the payment of annual licensing fees to your election vendor (ES&S).

Your county currently has \$5,725 available to request.

If you have any questions, please contact me directly.
