Rosa, we just talked and you didn't know if we should present to the work meeting, or the regular 11AM meeting.

We are SPEAR, an organization with many members of the county that love to explore the roads and trails and help keep them open and in repair.

We are currently working on a project with the BLM on a specific set of trails we call "White Canyon Trail System". We are planning to apply for grant for kiosks, signage and user friendly ideas for the county and tourists alike!

In order to apply, we need a letter of support from the County! We got one last summer, but we were denied the grant because of time crunch and lack of the same letter of supporting from the forest Service.

We have refocused our efforts and are want to try for this grant again!!
