

MEMORANDUM

February 16, 2024

To: Santaquin City Mayor and City Council
From: Jon Lundell, P.E., City Engineer
RE: CenturyLink/Lumen Relocations Related to the Main Street Improvements Project

Mayor and Council Members,

As previously discussed, existing utility relocations of the Lumen/Century Link communication lines to homes and businesses are a required part of the Main Street Improvements project. CenturyLink/Lumen requires that the City participate financially with the cost of these relocations.

The City's portion of the CenturyLink/Lumen costs to relocate their utilities is \$74,369.02. This includes the required communication main relocation or replacement, service reconnections, equipment, etc.

City Staff recommends that the City Council approve the CenturyLink/Lumen contract in a not to exceed amount of **\$74,369.02**.

I am happy to answer any questions you may have on this item.

Recommended Motion:

Motion to approve the contract for the Main Street Improvements project communications relocation contract with CenturyLink/Lumen for a not to exceed the amount of \$74,369.02.
