- A. Definition, Objectives, And Characteristics: The Main Street Business Districts Zone consists of the Central Business District (CBD), the Main Street Commercial District (MSC), and the Main Street Residential District (MSR). The objective of the Main Street Business Districts Zone (district) is to

create a mixed use shopping and financial center for the City and surrounding territory which is [often](#) characterized as "the center of town". These developments may include professional services, offices, mixed use developments and multi-family residential.

Characteristics of the district should include:

1. A mixed use shopping and financial center for Santaquin and surrounding territory; and
2. Business interests should be balanced with the interests of adjacent neighborhoods; and
3. The integrity and viability of the adjacent residential neighborhoods will be maintained while expanding development opportunities by permitting multifamily residential uses within the district when combined with commercial uses (mixed use); and
4. The Main Street corridor's significance to the region and area history will be preserved and highlighted through site and building design; and
5. The district will demonstrate and promote appropriate urban scale, walkability, pedestrian orientation, business viability and success, streetscape, community character, and the limiting of negative effects on adjacent residential properties. (Ord. 08-02-2008, 8-20-2008, eff. 8-21-2008)
