RE: Reduction in Dwelling Size in the Main Street Business Districts Zone (Implementation to Comply with State Moderate Income Housing Requirement)

It is proposed that the City Council consider amending Santaquin City Code 10.20.190.K.1 to reduce the minimum size of multi-family dwelling units in the Main Street Business Districts Zone. This proposal was created to address one of the City's five strategies to meet the State's moderate-income housing requirements. The applicable strategy and implementation plan is as follows:

Strategy 5 (J) - Implement zoning incentives for moderate-income units in new developments.

Implementation Plan – Santaquin City will consider modifying zoning regulations to reduce the minimum square footage requirements for various residential unit sizes in the Main Street Business Districts (MSBD) zone. The proposal is to reduce the size of the studio, one-bedroom, and two-bedroom apartments by 100 square feet in the Main Street Business Districts (MSBD) Zone.

Benchmarks and Timeline - A legislative process will be initiated by July 1, 2024, and possible action will be implemented by August 1, 2024.

When reviewing the proposal, there are two points to remember. First, reducing the unit size does not translate to higher density. Multi-family projects in the MSBD Zone still require 30% open space and must meet the parking requirements. Santaquin City Code requires each unit to have two parking spaces per unit for residents, and additional parking for guests. Each parking stall is 20' x 10', and the parking aisle would need to be extended to accommodate the additional parking. Most projects within the MSBD Zone that have been completed in the last few years have maxed out the area they could use for dwelling spaces because of the 30% open space and parking requirements. It would be difficult to add additional units, even with the proposed reduction. Second, reducing the minimum size of a dwelling unit does not mean that units will be built at the minimum size. In the past few years, all projects approved in the MSBD Zone have had dwelling unit sizes larger than the minimum size allowed.

The Planning Commission reviewed the proposed code amendment on March 26, 2024, and made the following motion.

Motion: Commissioner Nixon made a motion to recommend approval of the proposed code amendment which amends Santaquin City Code 10.20.190K.1. Commissioner Romero seconded the motion.

Commissioner Hoffman, Yes; Commissioner Nixon, Yes; Commissioner Romero, Yes; Commissioner Wood, Yes.

Recommended Motion: “Motion to approve Ordinance No. 04-01-2024, an ordinance amending Santaquin City Code to reduce the minimum square footage requirement for various residential unit sizes within the Main Street Business Districts Zone, providing for codification, correction of scrivener’s errors, severability, and an effective date for the ordinance.”
