2.1. **Compliance with this MDA.** Development of the Project shall be in accordance with the City's Vested Laws, the City's Future Laws (to the extent that these are applicable as otherwise specified in this MDA), and this MDA. Any site plans or concept plans for the development of the Project or any portion of the Property must be approved by the Master Developer (i) prior to submission of the Development Application to the City, and (ii) again following any substantive changes made to the Development Application in response to comments or requirements imposed by the City.

2.2. **Limitation and No Guarantee.** Master Developer acknowledges that the development of the Project requires that each Development Application comply with the City's Vested Laws including, without limitation, the City's geological hazards requirements. Notwithstanding any contrary provision of this Agreement, the City's entry into this MDA does not guarantee that the Master Developer will be able to construct the Project until and unless all the applicable requirements of the City's Vested Laws are complied with.

2.3. Master Developer acknowledges and agrees that its proposal to develop the Property in the manner described in Exhibit D and in accordance with the architectural designs and components set forth in Exhibit E is an essential portion of the consideration for the City entering into this MDA. Master Developer agrees that development of the Project will substantially conform to the content of those exhibits.

2.4. Notwithstanding anything to the contrary in this Agreement, no portion of the Property shall be developed or used as "Storage Unit Facilities" as defined in Section 10.08 of the Santaquin City Code.

2.5. Notwithstanding anything to the contrary in this Agreement, no portion of the Property shall be developed or used with portable shipping and or other types of storage

containers for external storage or for any form of building construction.

2.6. **Power of Eminent Domain.** The City agrees that in the event that an Applicant needs to obtain easements or rights of way for the purpose of constructing infrastructure improvements for a Project and is otherwise unable to negotiate a reasonably acceptable contract for such easements or rights of way, the City, upon the request of the Applicant, may consider, but is not required to, exercise its power of eminent domain to obtain such easements or rights of way, any and all costs of which shall be borne by the Applicant so requesting.

3. **Vested Rights.**

3.1. **Vested Rights Granted by Approval of this MDA.** To the maximum extent permissible under the laws of Utah and the United States and at equity, the Parties intend that this MDA grants Master Developer all rights to develop the Project in fulfillment of this MDA, the City's Vested Laws, and the Zoning, except as specifically provided herein. The Parties specifically intend that this MDA grant to Master Developer "Vested Rights" as that term is construed in Utah's common law and pursuant to Utah Code Ann. § 10-9a-509 (2023).

3.2. **Exceptions.** The restrictions on the applicability of the City's Future Laws to the Project as specified in Section 3.1 are subject to only the following exceptions:

3.2.1. **Master Developer Agreement.** City's Future Laws that Master Developer agrees in writing apply to the Project;

3.2.2. **State and Federal Compliance.** City's Future Laws which are generally applicable to all properties in the City and which are required to comply with State and Federal laws and regulations affecting the Project;

3.2.3. **Codes.** Any City's Future Laws that are updates or amendments to existing

building, plumbing, mechanical, electrical, dangerous buildings, drainage, fire, or similar construction or safety related codes, such as the International Building Code, the APWA Specifications, AAHSTO Standards, the Manual of Uniform Traffic Control Devices or similar standards that are generated by a nationally or statewide recognized construction/safety organization, or by the State or Federal governments and are required to meet legitimate concerns related to public health, safety or welfare;

3.2.4. Taxes. Taxes, or modifications thereto, so long as such taxes are lawfully imposed and charged uniformly by the City to all properties, applications, persons and entities similarly situated;

3.2.5. Fees. Changes to the amounts of fees for the processing of Development Applications that are generally applicable to all development within the City (or a portion of the City as specified in the lawfully adopted fee schedule) and which are adopted pursuant to State law;

3.2.6. Impact Fees. Impact Fees or modifications thereto which are lawfully adopted, and imposed by the City and which meet all requirements of the U. S. Constitution, Utah Constitution, law and applicable statutes, including but not limited to Utah Code Ann. Section 11-36a-101 (2022) *et seq.*;

3.2.7. Planning and Zoning Modification. Changes by the City to its planning principles and design standards such as architectural or design requirements, setbacks, or similar items so long as such changes, are generally applicable across the entire City and do not materially and unreasonably increase the costs of any Development; or

3.2.8. Compelling, Countervailing Interest. Laws, rules or regulations that the City's land use authority finds, on the record, are necessary to avoid jeopardizing a compelling, countervailing public interest pursuant to Utah Code Ann. § 10-9a-

509(1)(a)(i) (2023).

3.3. **Reservation of Legislative Authority.** Notwithstanding anything to the contrary in this Agreement, nothing in this Agreement shall limit the City Council's authority in the future to (a) enact a land use regulation; or (b) take any action allowed under Utah Code Ann. § 10-8-84 as amended.

4. **Term of Agreement.** This MDA shall become effective on the date of recordation. This MDA shall expire on December 31, 2033, unless Master Developer is not in Default as of December 31, 2033, in which case this MDA shall be automatically extended for a period of five (5) years, unless otherwise terminated pursuant to this Agreement.

5. **Zoning.**

5.1. **Applicability of Current Zoning.** The Project shall be developed in accordance with the Commercial Light Manufacturing Zoning and the City's Vested Laws.

5.2. **Process.** When and as a Development Application is filed for the Property or a Parcel, that Development Application shall specify any restrictions or limitations on the Zoning such as limiting the types of Commercial Light Manufacturing Uses that may be allowed. So long as the Development Application does not add to the types of allowable Commercial Uses permitted under this MDA and in the City's Commercial Light Industrial CLM zone (see Exhibit F), the Development Application may be approved administratively. If the Development Application seeks a use that is not allowable in the City's Commercial Light Industrial CLM zone, then application must proceed through the standard City zoning approval processes.

6. **Processing of Development Applications.**

6.1. **Processing of Development Applications.** Processing of Development Applications will be governed by City Code.

6.2. **Acceptance of Certifications Required for Development Applications.** Any Development Application requiring the signature, endorsement, or certification and/or stamping by a person holding a license or professional certification required by the State of Utah in a particular discipline shall be so signed, endorsed, certified or stamped signifying that the contents of the Development Application comply with the applicable regulatory standards of the City.

6.3. **Independent Technical Analyses for Development Applications.** If the City needs technical expertise beyond the City's internal resources to determine impacts of a Development Application such as for structures, bridges, water tanks, and other similar matters which are not required by the City's Vested Laws to be certified by such experts as part of a Development Application, the City may engage such experts as City Consultants with the actual and reasonable costs being the responsibility of Applicant.

6.4. **City Denial of a Development Application.** If the City denies a Development Application the City shall provide a written determination advising the Applicant of the reasons for denial including specifying the reasons the City believes that the Development Application is not consistent with this MDA, the Zoning and/or the City's Vested Laws (or, if applicable, the City's Future Laws). The City may amend such written determination as necessary.

6.5. **City Denials of Development Applications Based on Denials from Non-City Agencies.** If the City's denial of a Development Application is based on the denial of the Development Application by a Non-City Agency, Applicant shall appeal any such denial through the appropriate procedures for such a decision and not through the processes specified below. Applicant's failure to successfully appeal any such denial shall preclude any action by Applicant against City for City's denial.

6.6. **Mediation of Development Application Denials.**

6.6.1. Issues Subject to Mediation. Issues resulting from the City's Denial of a Development Application that the parties are not able to resolve shall be mediated.

6.6.2. Mediation Process. If the City and Applicant are unable to resolve a disagreement subject to mediation, the parties shall attempt within thirty (30) calendar days to appoint a mutually acceptable mediator with knowledge of the legal issue in dispute. If the City and Applicant are unable to agree on a single acceptable mediator, they shall each, within fifteen (15) calendar days, appoint their own representative. These two representatives shall, between them, choose the single mediator. Applicant and the City shall split the fees of the chosen mediator, each Party paying 50% of the fees. The chosen mediator shall within thirty (30) calendar days, review the positions of the parties regarding the mediation issue and promptly attempt to mediate the issue between the parties. If the parties are unable to reach agreement, the mediator shall notify the parties in writing of the resolution that the mediator deems appropriate. The mediator's opinion shall not be binding on the parties.

6.7. **Parcel Sales.** The City acknowledges that the precise location and details of the public improvements, lot layout and design, and any other similar item regarding the development of a particular Parcel may not be known at the time of the creation of or sale of a Parcel. Master Developer may obtain approval of a Subdivision as is provided in Utah Code Ann., Section 10-9a-103(65)(c)(v) (2022) that does not create any individually developable lots in the Parcel without being subject to any requirement in the City's Vested Laws to complete or provide security for any Public Infrastructure at the time of such subdivision. The responsibility for completing and providing security for completion of any Public Infrastructure in the Parcel shall be that of the Master Developer or a

Subdeveloper upon a subsequent re-Subdivision of the Parcel that creates individually developable lots. However, construction of improvements shall not be allowed until the Master Developer or Subdeveloper complies with the City's Vested Laws and the City's security requirements in effect at the time of a completed Development Application.

7. **Upsizing/Modifications/Reimbursements to Master Developer.**

7.1. **"Upsizing"**. All Public Infrastructure shall be of sufficient capacity to service the entire Project at Buildout. The City shall not require Master Developer to "upsized" any future Public Infrastructure (i.e., to construct the infrastructure to a size larger than required to service the Project) unless financial arrangements reasonably acceptable to Master Developer and the City are made to compensate Master Developer for the incremental or additive costs of such upsizing, through Impact Fees derived from the Project using reimbursement agreements, or through connectors agreements. For example, if an upsizing to a water pipe size increases costs by 10% but adds 50% more capacity, the City shall only be responsible to compensate Master Developer for the 10% cost increase. An acceptable financial arrangement for upsizing of improvements means reimbursement agreements, payback agreements, and impact fee credits and reimbursements. Providing Public Infrastructure with sufficient capacity to serve the entire Project at Buildout is not considered upsizing for purposes of this MDA, and all associated costs thereof are the sole responsibility of the Master Developer, and not the responsibility of the City.

7.2. **"Modification"**. Master Developer may submit modifications to the City that conserve resources that are approved by the state and/or county, and/or City for alternative infrastructure solutions for sewer, water, storm drain, and/or power that may reduce demand on City/project maintenance, capital improvement/replacement needs, and/or in

general to the project, City, and taxpayers. Such modifications shall not impede the City's ability to safely and effectively deliver services to existing or surrounding parcels. Nothing in this section shall obligate City to consider or accept any such proposed modifications.

8. **Default.**

8.1. **Notice.** If Master Developer or a Subdeveloper or the City fails to perform their respective obligations hereunder or to comply with the terms hereof, the Party believing that a Default has occurred shall provide Notice to the other Party. If the City believes that the Default has been committed by a Subdeveloper then the City shall also provide a courtesy copy of the Notice to Master Developer.

8.2. **Contents of the Notice of Default.** The Notice of Default shall:

8.2.1. **Specific Claim.** Specify the claimed event of Default;

8.2.2. **Applicable Provisions.** Identify with particularity the provisions of any applicable law, rule, regulation or provision of this MDA that is claimed to be in Default;

8.2.3. **Materiality.** Identify why the Default is claimed to be material; and

8.2.4. **Optional Cure.** If the City chooses, in its discretion, it may propose a method and time for curing the Default which shall be of no less than thirty (30) calendar days duration.

8.3. **Remedies.** If the parties are not able to resolve the Default by "Mediation", the parties may have the following remedies.

8.3.1. **Law and Equity.** Unless otherwise provided herein, all rights and remedies available at law and in equity, including, but not limited to, injunctive relief and/or specific performance.

8.3.2. Security. The right to draw on any security posted or provided in connection with the Project and relating to remedying of the particular Default.

8.3.3. Future Approvals. The right to withhold all further reviews, approvals, licenses, building permits and/or other permits for development of the Project in the case of a default by Master Developer, or in the case of a default by a Subdeveloper, development of those Parcels owned by the Subdeveloper until the Default has been cured.

8.4. **Emergency Defaults.** Anything in this MDA notwithstanding, if the City Council finds on the record that a default materially impairs a compelling, countervailing interest of the City and that any delays in imposing such a default would also impair a compelling, countervailing interest of the City then the City may impose the remedies of Section 8.3 without the requirements of Section 8.2. The City shall give Notice to Master Developer and/or any applicable Subdeveloper of any public meeting at which an emergency default is to be considered.

8.5. **Extended Cure Period.** If any Default cannot be reasonably cured within thirty (30) calendar days, then such cure period shall be extended so long as the defaulting party is pursuing a cure with reasonable diligence.

8.6. **Default of Assignee.** A default of any obligations assumed by an assignee shall not be deemed a default of Master Developer.

8.7. **Limitation on Recovery for Default – No Damages.** Anything in this MDA notwithstanding, no Party shall be entitled to any claim for any monetary damages as a result of any breach of this MDA and each Party waives any claims thereto. The sole remedy available to Master Developer or any Subdeveloper shall be that of specific performance.

8.8. **City Inspections.** Nothing in this Section 8 shall be construed to limit the ability or authority of City's inspectors to assure compliance with construction standards and practices through the procedures applied generally to construction projects in the City.

9. **Modifications and Amendments.**

9.1. **Allowable Administrative Modifications.** The following modifications to this MDA may be considered and approved by the Administrator and Master Developer:

9.1.1. **Infrastructure.** Modification of the location and/or sizing and/or type of the infrastructure for the Project that does not materially change the functionality of the infrastructure, so long as costs are born by the applicant.

9.1.2. **General.** Any other modifications deemed to be minor modifications by the Administrator.

10. **Notices.** All notices required or permitted under this MDA shall, in addition to any other means of transmission, be given in writing by certified mail and regular mail to the following address:

11. **Headings.** The captions used in this MDA are for convenience only and are not intended to be substantive provisions or evidences of intent.

12. **No Third-Party Rights/No Joint Venture.** This MDA does not create a joint venture relationship, partnership or agency relationship between the City or Master Developer. Further, the parties do not intend this MDA to create any third-party beneficiary rights. The Parties acknowledge that this MDA refers to a private development and that the City has no interest in, responsibility for, or duty to any third parties concerning any improvements to the Property or unless the City has accepted the dedication of such improvements at which time all rights and responsibilities—except for warranty bond requirements under City’s Vested Laws and as allowed by state law—for the dedicated public improvement shall be the City's.

13. **Assignability.** The rights and responsibilities of Master Developer under this MDA may be assigned in whole or in part, respectively, by Master Developer with the consent of the City as provided herein.

13.1. **Sale of Lots.** Master Developer’s selling or conveying lots in any approved Subdivision or Parcels to builders, users, or Subdevelopers, shall not be deemed to be an “assignment” subject to the above-referenced approval by the City unless specifically designated as such an assignment by Master Developer.

13.2. **Related Entity.** Master Developer’s transfer of all or any part of the Property to any entity “related” to Master Developer (as defined by regulations of the Internal Revenue Service in Section 165), Master Developer’s entry into a joint venture for the development of the Project or Master Developer’s pledging of part or all of the Project as security for financing shall be deemed to be an “assignment” subject to the above-

referenced approval by the City.

13.3. **Notice.** Master Developer shall give Notice to the City of any proposed assignment and provide such information regarding the proposed assignee that the City may reasonably request in making the evaluation permitted under this Section. Such Notice shall include providing the City with all necessary contact information for the proposed assignee.

13.4. **Time for Objection.** Unless the City objects in writing within thirty (30) calendar days of notice, the City shall be deemed to have approved of and consented to the assignment.

13.5. **Partial Assignment.** If any assignment is for less than all of Master Developer's rights and responsibilities, then the assignee shall be responsible for the performance of each of the obligations contained in this MDA to which the assignee succeeds. Upon any such approved partial assignment Master Developer shall not be released from any future obligations as to those obligations which are assigned but shall remain responsible for the performance of any obligations herein.

13.6. **Denial.** The City may only withhold its consent if the City is not reasonably satisfied of the assignee's financial ability to perform the obligations of Master Developer proposed to be assigned or there is an existing breach of a development obligation owed to the City by the assignee or related entity that has not either been cured or in the process of being cured in a manner acceptable to the City. Any refusal of the City to accept an assignment shall be subject to the "Mediation" process specified in Section 6.6.

13.7. **Assignees Bound by MDA.** Any assignee shall consent in writing to be bound by the assigned terms and conditions of this MDA as a condition precedent to the effectiveness of the assignment. That consent shall specifically acknowledge the

provisions of Section 2.

14. **Insurance and Indemnification**. Master Developer shall defend and hold the City and its officers, employees, and consultants harmless for any and all claims, liability and damages arising from a possible rezoning of the Property, construction on the Property, or operation performed under this Agreement by (a) Master Developer or any of its contractors, subcontractors, agents or employees, or (b) any one or more persons directly or indirectly employed by, or acting as agent for Master Developer or any of its contractors or subcontractors. Nothing in this Agreement shall be construed to mean the Master Developers shall defend, indemnify, or hold the City or its elected and appointed representatives, officers agents and employees harmless from any claims of personal injury, death or property damage or other liabilities arising from (i) the willful misconduct or negligent acts or omissions of the City, or its boards, officers, agents, or employees; and/or (ii) the negligent maintenance or repair by the City of improvements that have been dedicated to and accepted by the City.

14.1. **Referendum**. If sponsors of a referendum timely challenge this Agreement and/or any land use regulation enacted specifically in relation to this Agreement in accordance with Utah law, and Master Developer does not rescind the same pursuant to Utah law, Master Developer shall indemnify the City for all costs and attorneys' fees incurred by the City arising from the referendum and associated proceedings.

14.2. **Hazardous, Toxic and/or Contaminating Materials**. Master Developer further agrees to defend and hold the City and its elected and/or appointed boards, officers, agents, employees, and consultants, harmless from any and all claims, liability, costs fines, penalties, charges and/or claims of any kind whatsoever relating to the existence and removal of hazardous, toxic and/or contaminating materials on the Property, except where such claims, liability, costs, fines, penalties, charges and/or claims are due to the

negligence or willful misconduct of the City.

14.3. **Bodily Injury and Property Damage Insurance.** Master Developer agrees to and shall indemnify and hold the City and its elected and appointed boards, officers, agents, employees, and consultants harmless from and against all liability, loss, damage, costs or expense (including reasonable attorneys' fees and court costs) arising from or as a result of the death of any person or any accident, injury, loss, or damage whatsoever caused to any person or to the property of any person, directly or indirectly caused by any acts done on or with respect to the Property by Master Developer or its agents, servants, employees, or contractors, except for willful misconduct or negligent acts or omissions of the City or its elected and appointed boards, officers, agents, employees, and consultants.

15. **Binding Effect.** The provisions of this MDA shall run with the land.

16. **No Waiver.** Failure of any Party hereto to exercise any right hereunder shall not be deemed a waiver of any such right and shall not affect the right of such party to exercise at some future date any such right or any other right it may have.

17. **Severability.** If any provision of this MDA is held by a court of competent jurisdiction to be invalid for any reason, the Parties consider and intend that this MDA shall be deemed amended to the extent necessary to make it consistent with such decision and the balance of this MDA shall remain in full force and affect.

18. **Survival.** If this MDA is terminated for any reason the provisions of Sections 14, 24, 25 and 26 shall survive the termination.

19. **Force Majeure.** Any prevention, delay or stoppage of the performance of any obligation under this Agreement which is due to strikes, labor disputes, inability to obtain labor, materials, equipment or reasonable substitutes therefor; acts of nature, governmental restrictions, regulations or controls, judicial orders, enemy or hostile government actions, wars, civil commotions, fires or other casualties or other causes beyond the reasonable control of the Party obligated to perform hereunder shall excuse performance of the obligation by that Party for a period equal to the duration of that prevention, delay or stoppage.
