Section I. Amendments

Title 10 Chapter 16 Section 060 is amended as follows: *(underlined text is added, stricken text is deleted)*

10.16.060 MULTIPLE-UNIT DWELLINGS

A. In addition to the architectural standards in paragraph C, the following site requirements shall apply to developments with multiple-unit dwellings having five (5) or more units and that are not part of a planned unit development:

1. Distance: Developments under paragraph A shall be separated by a five hundred foot (500') linear distance along the same street and a two hundred fifty foot (250') radial distance. All distances shall be measured from the nearest point of any lot containing an existing multiple-unit dwelling having five (5) or more units. These buffer requirements do not apply to or from properties located in the Main Street business district zones.
2. Parking Standards: Parking shall comply with the commercial design standards found in SCC 10.48.

3. Required Open Space:

- a. Landscape yard requirements shall be the same as those outlined in SCC 10.52.
- b. There shall be a minimum sixty (60) square foot private area attached to each unit, which may be a patio or balcony area, for the use and enjoyment of the associated tenant.
- c. For multi-story or condominium developments of five (5) or more units, an additional four hundred (400) square feet of usable recreation open space per unit shall be provided exclusive of the required front yards.
- d. One tot lot area shall be provided for each development consisting of at least eight (8) residential units except when developments are located within a publicly traversable distance of one thousand (1,000) linear feet of a public park that has a tot lot. In such cases, a tot lot may be replaced with another amenity (e.g., barbeque pavilion, gazebo, sports court, etc.) as approved by the Planning Commission. ~~Each tot lot or approved amenity shall be at least six hundred (600) square feet. The size of playground equipment should accommodate and be designed for five (5) to twelve (12) year old children.~~

An additional tot lot ~~or approved amenity~~ shall be provided for each additional twenty (20) units. When developments are large and require several tot lots, the Planning Commission may approve another amenity (e.g., barbeque pavilion, gazebo, sports court, etc.) as a replacement for the tot lot(s) to diversify the amenities for the development. The appropriate balance of tot lots and other amenities will be determined by the Planning Commission on a case-by-case basis.

Each tot lot or approved amenity shall be at least six hundred (600) square feet and may be consolidated to create larger tot lots and/or amenities. The size of playground equipment in a tot lot should accommodate and be designed for five (5) to twelve (12) year old children. The required tot lots and approved amenities can count towards the open space requirement.

If any part of this ordinance or the application thereof to any person or circumstances shall, for any reason, be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, such judgment shall not affect, impair or invalidate the remainder of this ordinance or the application thereof to other persons and circumstances, but shall be confined to its operation to the section, subdivision, sentence or part of the section and the persons and circumstances directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the City Council that this section would have been adopted if such invalid section, provisions, subdivision, sentence or part of a section or application had not been included.
