Re: **Deferral Agreement for Morgan Subdivision**

William W Morgan & Beverly S Morgan are seeking approval for the Morgan Subdivision located at approximately 95 E. 200 N. Santaquin City Code requires all street improvements (i.e., curb, gutter, sidewalk, landscaping, etc.) to be installed. The proposed subdivision is in the core area of town and there are currently no street improvements located in the area.

A deferral agreement may be approved by the City Council, which allows the improvements to be installed by the property owner at a future date when the city has determined how the infrastructure improvements should be completed in the area.

The developer is requesting the deferral agreement. Before the Planning Commission can review the subdivision, direction from the City Council regarding infrastructure improvements is needed.

Staff Recommendation: It is recommended that the City Council approve the deferral agreement for the Morgan Subdivision.

Recommended Motion: “Motion to approve Resolution 11-01-2024, a resolution approving an infrastructure deferral agreement with William W Morgan & Beverly S Morgan for Morgan Subdivision located at 95 E. 200 N. Santaquin, UT 84655.

3. 4. Within ten years of the recordation of this agreement, the City shall adopt a plan for the construction of infrastructure improvements adjacent to the Property and shall notify Property Owners, in accordance with paragraph 18, to commence construction of the Deferred Improvements as provided in the City's adopted improvement plans.

6. City may require any or all of the improvements to be partially or wholly completed, in any order or pursuant to any timetable deemed appropriate by City.

7. Property Owners shall not be relieved of the obligation to install the improvements until such installation has been performed to the satisfaction of City.

8. Notwithstanding the provisions set forth above, if prior to the deferred time period set out in paragraphs 1 and 4 above, an applicant applies to City for approval to develop the property adjacent to the property described above, City may require the Deferred Improvements to be installed at the same time as the improvements on the adjacent property.

Property Owners expressly acknowledge that their obligation for completion of or reimbursement for any improvements which are the subject of this Agreement, but which are not or will not be installed as part of the improvement district, shall not be affected by the installation of said improvements by the improvement district.

13. Property Owners shall have the right to satisfy their responsibilities under the Agreement for guarantee of the Deferred Improvements by delivering to the City a bond that will assure the completion of and payment for all Deferred Improvements, which bond shall be in an amount equal to no less than 125% of the City Engineer's estimated cost of said Deferred Improvements, and which shall be held and released by the City in accordance with development guarantee ordinances adopted by the City.

14. Property Owners expressly acknowledge that nothing in this Agreement shall be deemed to relieve Property Owners from their obligations to comply with all applicable requirements of the City necessary for any use of the Property including payment of fees, the approval of all building permits and construction permits, and compliance with all applicable ordinances, resolutions, policies and procedures of the City. Furthermore, this Agreement does not imply or guarantee that the City will approve a building permit on or development of the Property, except where provided by law.
