

CCPN Meeting - Monday, March 10th; 5:30 pm at PVCC

A person is shown from the chest up, holding a vape device in their right hand. A large, thick cloud of white smoke is being exhaled from the device, partially obscuring the person's face and upper body. The background is a solid dark grey.

Did You Know?

- 20% of Carbon County Middle School students say they have tried vaping at least once
- 43% of Carbon County High School students say they have tried vaping at least once & say it is very easy to acquire vape products
