Dear Mayor Davis and Town Council Members,

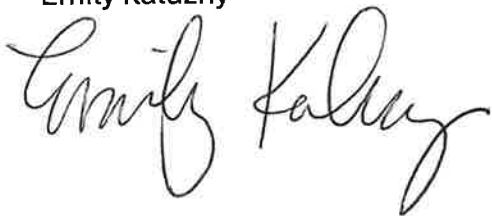

I am writing to express my strong interest in serving on the Town of Saratoga Recreation Commission. As a longtime Saratoga resident and Emergency Response Coordinator for Carbon County Public Health, I am passionate about community wellness and recreational opportunities for all ages.

I regularly use the Community Center and swimming pool with my family and have seen the positive impact these facilities have on our town. My background in public health has strengthened my commitment to promoting healthy, active lifestyles, and I would welcome the chance to contribute my energy and ideas to help expand programs and keep our recreation facilities strong.

I am available to attend all meetings and am committed to supporting the great work of the Recreation Department. Thank you for considering my application. I look forward to the opportunity to serve.

Sincerely,

Emily Kaluzny
