Mayor Chuck Davis  
Town of Saratoga

RE: Improvements to Parks and Recreation.  
Veterans' Island and Kathy Glode Park  
Pickleball Courts, Basketball Court, Tennis Court

Dear Mayor Davis:

My goal is to start conversation on improving a few existing Parks and Recreation of Saratoga. The new proposed walking trail is in the planning stage and is an addition to Saratoga.

If and when the land on Myrtle Street sells that may have potential to work itself to the budget for improvement/funding.

1. Could we get the trees trimmed back from Chain Link fence both inside and outside the fence at Veterans' Island.
2. Resurface or replace the cement at the skate park at Veterans' Island within the chain link fencing. To be used for skate ramps, Pickleball courts, tennis court. The heaved cracks make it hard to play pickleball and use the skate ramps. This fenced in chain link has the possibility of 3 activities. Skate ramps, 2-4 Pickleball courts and tennis court. The Town did make it better by spraying the weeds in the cracks.
3. Kathy Glode Park—resurface the cement at the basketball court. Heaved cracks. The basketball court has the potential to serve 2 activities. Basketball and a pickleball court.

Respectfully Submitted

Cindy Carnes  
Pickleball Player
