

ALASKA TIMBER, RAINFOREST TRAIL, TOTEMS & CRAB FEAST PAIRING

Discover the timber history through this comprehensive outdoor experience in Southeast Alaska. A Naturalist will guide you through an active sawmill where you will learn the process of harvesting trees, and how they are used today. Marvel at the lush flora and fauna as you follow along a scenic rainforest trail into the Saxman Native Village Totem Park. Throughout your visit, you will get to explore the living history of this community by observing the majestic totem poles that fill the entire park. Be sure to capture a photo of the Beaver Clan House and active Carving Center where artists work on their craft.
