

City of Sedgwick
City Council Meeting
April 15, 2026

TO: Mayor and City Council

SUBJECT: KDOT Innovative Technology Grant Agreement

INITIATED BY: Administration

AGENDA: New Business

Background: The cities of Halstead and Sedgwick were joint recipients of the KDOT Innovative Technology Grant in 2025 for the implementation of an Ai road, sign, and paving markers tool to develop a 5-year master plan. Though it took longer than expected, KDOT has sent both cities the grant agreement for execution.

Financial Considerations: The price provided by PEC has not changed and remains at \$34,000 for the total solution. The grant covers \$25,500 of the program cost and requires a grant match of \$8,500 from the City. These funds have already been allocated towards the project and were a unrealized budgeted expenditure in 2025.

Recommendation: It is recommended that the city council approve the grant agreement and authorize the city administrator's signature.
