

City of Sedgwick  
City Council Meeting  
March 4, 2026

**TO:** Mayor and City Council

**SUBJECT:** Firework Sales & Detonation Times

**INITIATED BY:** Administration

**AGENDA:** New Business

---

**Recommendation:** Council determination

**Background:** This year the Fourth of July is on a Saturday with the community fireworks event taking place that night. Historically, the city has allowed for detonation times from 10am – 10pm on Monday through Saturday and from noon – 10pm on Sundays. The exception being that on July 3<sup>rd</sup> and July 4<sup>th</sup> detonation times were extended to midnight.

The proposed sales and detonation dates for 2026 mirror the approved timeline for 2025.

- July 1<sup>st</sup> & 2<sup>nd</sup>: 10am – 10pm
- July 3<sup>rd</sup> and 4<sup>th</sup>: 10am – Midnight

**Financial Considerations:** The city has consistently had three fireworks vendors in years past and anticipates that to remain true this year. Aside from fees collected from those vendors, there are minimal financial aspects to consider.

**Recommendations/Actions:** It is recommended that the governing body set the sales and detonation times for 2026.
