

**AGREEMENT
BETWEEN THE CITY OF SHEBOYGAN, WISCONSIN AND
AUGUST WINTER & SONS, INC.**

**REGARDING INSTALLATION OF AN AERATION BLOWER
AT THE SHEBOYGAN WASTEWATER TREATMENT FACILITY**

This Agreement ("Agreement") is made and entered into effective this 11th day of January, 2022 (the "Effective Date"), by and between the City of Sheboygan (the "City"), a municipal corporation, and August Winter & Sons, Inc. ("Contractor").

WITNESSETH:

WHEREAS, the City is the owner of the Wastewater Treatment Facility at 3333 Lakeshore Drive, Sheboygan, Wisconsin (the "Treatment Facility"); and

WHEREAS, the City has separately contracted with Lone Star Blower, Inc. to purchase an aeration blower; and

WHEREAS, the City wishes to have the aeration blower unit installed at the Treatment Facility; and

WHEREAS, the City issued Request for Bids 1998-21 to obtain bids from qualified providers of the services needed to complete the installation and other related work (the "Services"); and

WHEREAS, the City has opened the bids, and determined that the bid from Contractor ("Bid") is the lowest responsive and responsible bid for the Services; and

WHEREAS, Contractor desires to provide the City with the necessary Services under the terms set forth in this Agreement.

NOW, THEREFORE, the parties hereto agree as follows:

Article 1. Scope of Services

Contractor shall complete the Services necessary to install the aeration blower and associated piping and safety railings pursuant to the Project Manual, which is attached to this Agreement as Exhibit I. This includes the provision of all necessary labor, equipment, licenses, permits¹, and travel expenses.

Any quantities shown in the Project Manual are based on estimated needs. The City reserves the right to increase or decrease quantities to meet actual needs.

¹ Contractor shall be responsible for obtaining any and all applicable City permits and paying any and all applicable permit fees prior to beginning work.

For the avoidance of doubt, the City is responsible for purchasing the aeration blower to be installed, and will be responsible for: (1) moving the blower into the Treatment Facility and into its approximate position (Contractor will be responsible for moving it to final position and leveling); (2) final connection to electrical power; and (3) purchase of an inlet silencer.²

Contractor shall provide an itemized material list to the City's Representative. The City will provide a tax-exempt certificate to Contractor for any approved purchase made by Contractor from vendors related to the Services.

Article 2. Standard of Care

Contractor shall be responsible for completion of the Services in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances ("Standard of Care"). The City's Representative shall be the sole judge of the adequacy of Contractor's work in meeting the Standard of Care; however, the City's Representative shall not unreasonably withhold its approval as to the adequacy of Contractor's performance. Upon notice to Contractor and by mutual agreement between the parties, Contractor will, without additional compensation, correct or replace any and all Services not meeting the Standard of Care.

Contractor shall be solely responsible for all construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under this Agreement.

Article 3. City's Representative

The City designates Steve Jossart as its Representative for purposes of this Agreement. If the City's Representative deems it appropriate, the City's Representative may consult with other employees of the City, or may retain an appropriate outside expert to assist with the management of this Project.

If the City's Representative observes any work performed by the Contractor to not be in conformity with the Agreement, the City's Representative will report that to the Contractor. The City's Representative will have authority to stop any portion of the work not in conformity with the Agreement until the City has investigated and decided upon an appropriate procedure.

Article 4. Compensation

The City shall pay Contractor for the Services an amount not to exceed \$72,000.00 ("Contract Amount").

Contractor shall submit an invoice to the City on a monthly basis, which shall be based on the percentage of the Services described in Article 1 completed. Contractor shall provide sufficient information for the City to evaluate the percent of the Services completed. Invoices shall be sent via first class mail postage prepaid. Payment will be remitted to Contractor within forty-five (45) days of receipt of the invoice.

² These items may be done by the City or by another contractor. They are not the responsibility of Contractor under this Agreement.

The invoice shall be sent to:

Steve Jossart, Superintendent
City of Sheboygan Wastewater Facility
3333 Lakeshore Drive
Sheboygan, Wisconsin 53081

Additional services not set forth in Article 1, or changes in the Services must be authorized in writing by the City or its Representative prior to such work being performed, or expenses incurred. The City shall not make payment for any unauthorized work or expenses.

The City shall retain 10% of each invoice until Final Acceptance. Additionally, the City may withhold payment, in whole or in part, to the extent necessary to protect itself from a loss on account of any of the following ("Withheld Amounts"):

- Payments that may be earned or due for just claims for labor or materials furnished in and about the work.
- Defective work.
- The probable filing of claims by other parties against Contractor which may adversely affect the City.
- Failure of Contractor to make payments due to subcontractors, material suppliers, or employees.
- Damage to the City or a third party.
- Reasonable doubt that the Agreement can be completed for the balance then unpaid.
- Liquidated damages due to the City.

The City will disburse, and shall have the right to act as agent for Contractor in disbursing the Withheld Amounts to the party or parties who are entitled to payment. The City will provide the Contractor with a proper accounting of all such funds disbursed on behalf of the Contractor.

The submission of any request for payment shall be deemed a waiver and release by Contractor of all liens and claims with respect to the work and period to which such payment request pertains except as specifically reserved and noted on such request.

Contractor shall deliver to the City a complete release of all liens arising out of this Agreement before the retained percentage or Final Payment will be paid. If any lien remains unsatisfied after payments are made, Contractor shall refund to the City such amounts as the City may have been compelled to pay in discharging such liens, including all costs and fees.

Partial payment made under this Agreement is not evidence of the proper performance by Contractor either in whole or in part, and no payment made by the City shall be construed to be an acceptance of defective or improper work. Acceptance of the work by the City shall occur only upon Final Payment by the City which will occur after Final Acceptance. The Parties recognize that more than 45 days may elapse between the submission of the last invoice and Final Acceptance or Final Payment. The City agrees to make reasonable efforts to schedule its Final Inspection in a timely manner and to

process the Final Payment in a timely manner upon Final Acceptance. (For the avoidance of doubt, the warranties and guarantees in this Agreement shall continue to apply even after Final Payment by the City.)

Article 5. Appropriation of Funds

Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of this Agreement by the City are at any time not forthcoming or are insufficient, through failure of any entity, including the City itself, to appropriate funds or otherwise, then the City shall have the right to terminate this Agreement without penalty.

Article 6. Performance and Payment Bond

Contractor shall, within 15 days of the approval of this Agreement by the Common Council of the City of Sheboygan, provide the City with a Performance Bond and a Payment Bond, in accordance with the EJCDC forms included with the bid documents, in the amount of 100% of the contract amount.

Failure by Contractor to perform the work in a timely or satisfactory fashion may result in forfeiture of Contractor's Performance Bond. Failure by Contractor to make necessary payments to suppliers or subcontractors may result in forfeiture of Contractor's Payment Bond.

If the Surety on any bond furnished by Contractor becomes a party to supervision or liquidation, or its right to do business in the State of Wisconsin is terminated, Contractor shall, within 30 calendar days thereafter, substitute another bond or surety, both of which must be acceptable to the City.

Article 7. Schedule

Contractor shall commence work after receiving a Notice to Proceed from the City's Representative. At that point, Contractor shall commence work promptly, and shall continue the prosecution of the Services as quickly as is practicable until the Services are completed.

Contractor shall complete the services by May 15, 2022, or within such extra time as may have been allowed by a mutually agreed extension (the "Deadline"). The City's Representative shall have the authority to consent to an extension of the Deadline on behalf of the City.

Failure of the Contractor to adhere to the schedule as specified or to promptly replace rejected materials shall render the Contractor liable for all costs in excess of the contract price when alternate procurement is necessary. Excess costs shall include the administrative costs and other costs attributable to the delay.

No work aside from that performed during the regular work week will be allowed unless prior notice is given to the City's Representative and the City's Representative consents to the work being performed during that time. Any work performed without prior notice and approval to do so may be required to be removed for inspection at Contractor's expense.

Article 8. Liquidated Damages

In the event that Contractor does not complete the Services by the Deadline, there shall be deducted from any monies due or that may become due to Contractor, for each and every calendar day that the work remains uncompleted, a sum of \$400.00 per calendar day.

This sum shall be considered and treated not as a penalty but as fixed, agreed, and liquidated damage due the City from Contractor by reason of inconvenience to the public, added cost of supervision, and other items which have caused an expenditure of public funds resulting from his failure to complete the work.

Permitting Contractor to continue and finish the work or any part of same after the time fixed for its completion, or after the date to which the time for completion may have been extended, shall in no way be construed as a waiver on the part of the City of any of its rights under the Agreement.

Article 9. Workmanship and Quality of Materials

Contractor's Warranty for the Services is set forth in the Project Manual.

All material shall be new, newest model year, and free from defects. Items which are used, demonstrators, obsolete, seconds, or which have been discontinued are unacceptable without prior written approval of the City's Representative.

Whenever, in any document, an article, material, or equipment is defined by describing a proprietary product, or by using the name of a manufacturer or vendor, the term "or equal" or the term "the equivalent" if not inserted, shall be implied, and it is done for the express purpose of establishing a basis of durability and efficiency and not for the purpose of limiting competition. Whenever material or equipment is submitted for approval as being equal to that specified, the submittal shall include sufficient information and data to demonstrate that the material or equipment conforms to all contractual requirements. The decision as to whether or not such material or equipment is equal to that specified shall be made by the City's Representative. The approval by the City's Representative of alternate material or equipment as being equivalent to that specified shall not in any way relieve Contractor of responsibility for failure of the material or equipment due to faulty design, material, or workmanship, to perform the function required by the contract documents. The City's Representative shall be the sole and final judge of equivalency.

Article 10. Safety Requirements

All materials, equipment, and supplies provided to the City must comply fully with all safety requirements set forth under state and federal law, including all applicable OSHA Standards.

Contractor shall be responsible for the safety of its employees at all times and shall provide all equipment necessary to insure their safety. Contractor shall ensure the enforcement of all applicable safety rules, regulations, ordinances and laws, whether federal, state, or local.

Contractor shall provide the necessary safeguards including, but not limited to, warning signs and barricades, to avoid all necessary hazards and protect the public, the work, and the property at all times, including on days when no work is being done. The City shall not be responsible for any loss

or damage to the project materials prior to their installation or to Contractor's tools and equipment from any cause whatsoever.

Contractor's Superintendent of Safety shall make daily inspections upon the arrival and leaving of the site at the close of each workday.

Article 11. Access to Records

Both parties understand that the City is bound by the Wisconsin Public Records Law and, as such, this contract is subject to that law. Contractor acknowledges that it is obligated to assist the City in retaining and producing records related to the contract, and that the failure to do so shall constitute a material breach of the contract, in which case Contractor must defend and hold the City harmless from liability under that law.

Contractor shall maintain all records related to this contract for a period of not less than 7 years after receipt of Final Payment under the Agreement, except in the event of litigation or settlement of claims arising from the performance of this Agreement, in which case records shall be maintained until the later of 7 years after receipt of Final Payment under the Agreement or disposition of all such litigation, appeals, claims, or exceptions related thereto.

Article 12. Termination

The City may terminate or suspend performance of this Agreement at the City's prerogative at any time upon written notice to Contractor. The City's Representative shall have the authority to provide this written notice. Contractor shall terminate or suspend performance of the Services on a schedule acceptable to the City and the City shall pay Contractor for all the Services performed up to the date that written notice is received, plus reasonable termination or suspension expenses. Upon restart, an equitable adjustment shall be made to Contractor's compensation and the schedule of services.

If Contractor defaults or fails to fulfill in a timely and proper manner its obligations pursuant to this Agreement, the City may, 10 days after written notice has been delivered to Contractor, and without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due to Contractor. In the alternative the City may, at its option, terminate this Agreement and take possession of the site and of all materials, equipment, tools, and construction equipment and machinery thereon owned by Contractor, and may finish the project by whatever method it may deem expedient. In case the expenses incurred by the City (including payments previously made to Contractor) shall be less than the sum which would have been payable under the Agreement if it had been completed by Contractor, Contractor shall be entitled to receive the difference. However, in case such expense shall exceed the sum which would have been payable under the Agreement, Contractor will be liable and shall pay to the City the amount of said excess. By taking over prosecution of the work, the City does not forfeit the right to recover damages from Contractor or its surety, for failure to complete the work or for defects in the work.

If the City fails to make payment through no fault of the Contractor for a period of 30 days after such payment is due in accordance with the Agreement, the Contractor may – upon 7 days written notice to the City – terminate the Agreement and recover from the City for all work executed and for any

proven loss sustained upon any materials, equipment, tools, and construction equipment and machinery including reasonable profit and damages.

For the avoidance of doubt, the specific remedies identified in this Article 12 are not exclusive.

Article 13. Default

If Contractor breaches this Agreement or fails to perform the work in an acceptable manner, it shall be considered in default. Any one or more of the following will be considered a default:

- Failure to begin the work under this Agreement within the time specified.
- Failure to perform the work with sufficient supervision, workers, equipment and materials to ensure prompt completion of said work within the time limits allowed.
- Unsuitable performance of the work as determined by City.
- Neglecting or refusing to remove defective materials or failure to perform anew such work as shall have been rejected.
- Discontinuing the prosecution of the work or any part of it.
- Inability to finance the work adequately.
- If, for any other reason, Contractor breaches this Agreement or fails to carry on the work in an acceptable manner.

The City shall send Contractor a written notice of default. If Contractor, within a period of 10 days after such notice, fails to remedy the default, then the City shall have full power and authority, without violation of the Agreement, to take the prosecution of the work out of the hands of Contractor, as set forth in this Agreement.

Article 14. Identity of Contractor

Contractor acknowledges that one of the primary reasons for its selection by the City to perform the Services is the qualifications and experience of Contractor. Contractor thus agrees that the Services to be performed pursuant to this Agreement shall be performed by Contractor. Contractor shall not subcontract any part of the Services without the prior written permission of the City³. The City's Representative shall have the ability to provide this written permission. The City reserves the right to reject any of the Contractor's personnel or proposed outside professional sub-consultants, and the City reserves the right to request that acceptable replacement personnel be assigned to the project.

Article 15. Independent Contractor Status

During the entire term of this Agreement, Contractor shall be an independent contractor, and in no event shall any of its personnel, agents or subcontractors be construed to be, or represent themselves to be, employees of the City. Contractor shall be solely responsible for the payment and reporting of

³ In the event that the City allows part of the Services to be subcontracted, Contractor shall still be fully responsible to the City for the acts or omissions of any subcontractor and anyone employed directly or indirectly by the subcontractor. This is in addition to any liability imposed by law upon the Contractor.

all employee and employer taxes, including social security, unemployment, and any other federal, state, or local taxes required to be withheld from employees or payable on behalf of its employees.

Article 16. Indemnification

Contractor is responsible to the City for the acts and omissions of its employees, subcontractors, and any other persons performing any of the work under a contract with Contractor.

As such, to the extent permitted by law, Contractor shall defend and hold the City—including its Officials, Agents, and Employees—harmless from all liability, including, but not limited to, claims, actions, causes of action, liens, losses, damages, costs, legal fees, expenses, or judgments resulting from claimed injury, death, damage to property, or loss of use of property or any person or legal entity arising out of or in any way connected with the performance of work or work to be performed under this Agreement.

Contractor shall reimburse the City for any costs, expenses, judgments, and legal fees paid or incurred, by or on behalf of the City, its Officials, Agents, or Employees, or paid for on behalf of the City, its Officials, Agents, or Employees by insurance purchased or self-insurance provided by the City.

For the avoidance of doubt, Contractor shall further hold the City, its Officials, Agents, and Employees harmless from liability or claims for any injuries to or death of Contractor's employees (or the employees of any authorized subcontractor) arising out of or in any way connected with the work or work to be performed under this Agreement, including protection against any claim of the contractor or subcontractor for any payments under any worker's compensation law or any expenses of or any payments made by any worker's compensation insurance carrier on behalf of said contractor or sub-contractor, and the contractor shall hold the City harmless from any costs, expenses, judgments, and attorney's fees with respect to any above referenced workers' compensation claims incurred or paid by the City or paid on its behalf or on behalf of its Officials, Agents, or Employees by insurance purchased or self-insurance provided by the City.

Article 17. Insurance

Contractor shall not commence work under this Agreement until it has obtained all insurance required under this Article. Additionally, Contractor shall not allow any approved subcontractor to commence work on its subcontract until the subcontractor has obtained all insurance required under this Article.

During the performance of any and all Services under this Agreement, Contractor shall maintain the following insurance in full force and effect, and shall provide proof of insurance to the City's Representative listing the City of Sheboygan as an additional insured:

- a. Unemployment and Social Security – Contractor shall acquire and maintain, for the duration of the Agreement, Unemployment and Social Security Insurance that meets all statutory requirements.
- b. Workers' Compensation Insurance – Contractor shall acquire and maintain, for the duration of the Agreement, Workers' Compensation Insurance that meets all statutory requirements.

The Commercial General Liability Insurance shall include operations, contractor's protective insurance, products coverage, completed operations, contractual coverage, underground coverage, and blasting, explosion, and collapse.
- d. Comprehensive Automobile Liability and Property Damage – Contractor shall acquire and maintain, for the duration of this Agreement, Comprehensive Automobile Liability and Property Damage Insurance that covers the operation of owned, hired, and non-owned motor vehicles with a policy limit – for liability, bodily injury, and property damage – of at least \$1,000,000 per occurrence and \$1,000,000 in the aggregate.

The proof of insurance referenced above shall require the insurance company to notify the City at least 30 days prior to the expiration, cancellation, non-renewal, or material change in the coverage. The Certificate Holder on the proof of insurance should be listed as:

City of Sheboygan, Wisconsin
828 Center Ave., Suite 110
Sheboygan, Wisconsin 53081

The proof of insurance must contain an original signature.

Approval of the insurance by the City's Representative shall not relieve or decrease the extent to which Contractor may be held responsible for payment of damages resulting from Contractor's provision of the Services or its operations under this Agreement. If Contractor fails or refuses to procure or maintain the insurance required by these provisions, or fails or refuses to furnish the City the required proof that the insurance has been procured and is in force and paid for, the City shall have the right at its election to terminate the Agreement.

Article 18. Conflict of Interest

Contractor declares that it has no present interest, nor shall it acquire any interest, direct or indirect, which would conflict with the performance of Services under this Agreement. Contractor agrees that no person having any such interest shall be employed in the performance of this Agreement.

Article 19. Waiver

No failure of either party to enforce a term of this Agreement against the other shall be construed as a waiver of that term, nor shall it in any way affect the party's right to enforce that term. No waiver by any party of any term of this Agreement—which may only occur in writing—shall be considered to be a waiver of any other term or breach thereof.

Article 20. Severability

The invalidity, illegality, or unenforceability of any provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be

deemed severed from this Agreement, and the balance of the Agreement shall be construed and enforced as if it did not contain the particular provision held to be void. The parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Article shall not prevent this entire Agreement from being void should a provision which is of the essence of this Agreement be determined void.

Article 21. Assignment

Neither the City nor Contractor shall assign any rights or duties under this Agreement without the prior written consent of the other party. Such written approval by the City shall not relieve the Contractor of the obligations incurred by the Contractor under the terms of this Agreement.

Article 22. Third Party Rights

Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than the City and Contractor.

Nothing in this Agreement shall create any contractual relationship between any subcontractor and the City. Contractor agrees to bind every approved subcontractor (and every subcontractor of a subcontractor) by the terms of this Agreement as far as applicable to that subcontractor's work, unless specifically noted to the contrary in a subcontract approved in writing as adequate by the City. The City's Representative shall have the authority to consent to a subcontract as being adequate.

Article 23. Governing Law and Venue

This Agreement shall be governed by the laws of the State of Wisconsin. Venue of any disputes arising under this Agreement shall be in the Sheboygan County Circuit Court, Wisconsin.

Article 24. Non-Discrimination and Equal Opportunity

In connection with the performance of work under this Agreement, Contractor agrees not to discriminate against any employee or applicant for employment because of age, race, religion, color, handicap, sex, physical condition, disability, developmental disability (as defined in Wis. Stat. 51.01(5)), sexual orientation (as defined in Wis. Stat. 111.32(13m)), gender identity, or national origin. This provision shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

Contractor further agrees to take affirmative action to ensure equal employment opportunities.

Article 25. Compliance with Laws

In performing the Services under this Agreement, Contractor shall comply with any and all applicable federal, state, and local statutes, ordinances, plans, and regulations.

The City reserves the right to cancel this Agreement if Contractor fails to follow the requirements of Wis. Stat. 77.66 and related statutes regarding certification for collection of sales and use tax. The City also reserves the right to cancel this Agreement with any state or federally debarred contractor.

Contractor shall have any and all licenses and permits required to perform the work specified, and shall furnish proof of such licensing authorization and permits upon request.

1.33 CHANGES-PAYMENT

- A. The Owner may, in accordance with the rules of its Common Council, authorize changes in the work to be performed or the materials to be furnished under the provisions of this Contract.

1. By an acceptable lump sum or unit price proposal by the Contractor.
 2. On a cost-plus limited basis not to exceed a specified limit (defined as the cost of labor, materials and insurance) plus a specified percentage of the cost of such labor, materials and insurance provided the specified percentage does not exceed fifteen percent (15%) of the aggregate of the cost of such labor, materials and insurance, and shall in no event exceed a specified limit.

1.37 OWNER'S RIGHT TO USE UNCOMPLETED WORK
