Hi Ellise,

I've submitted the CUP for Sommer's Woodhaven. The current design sketch shows 5 manufactured homes being added. Based on the layout, the potential in that area is 5-8 16'x80' manufactured homes. If the infrastructure will allow for additional homes (more than the current sketch), I'd like to be able to add these homes.

Please take this into consideration during the approval meeting, and I will provide any additional information that is needed once determined the capacity.

Thank you,

John
