

12/1/23

Gary Gartman contacted Janet Duellman with a couple of concerns with turning the building that the RDA had request be turned to face Lakeview Drive.

1. With the turning of the building as requested, the garage access for the west end of the SW building isn't working out.
2. Also the new view from the porches would be as pictured below. They will have no view of the sunset and will be looking at a tall building. The previous drawing submitted the porches are far enough north to receive the sun until sunset.
